Leading Dynamic Information Literacy Programs Anne C. Behler, 2023-04-07 *Leading Dynamic Information Literacy Programs* delves into the library instruction coordinator's work. Each chapter is written by practicing coordinators who share their experiences leading information literacy programs that are nimble, responsive, and supportive of student learning. The volume discusses the work of instruction coordinators within five thematic areas: Claiming our Space, Library Instruction in the Landscape of Higher Education, Moving and Growing Together, Curriculum Development, Meaningful Assessment, and Leading Change. Readers will gain insight from their colleagues' advice for situating information literacy within the higher education institution, developing meaningful curricula, and using assessment in productive ways. Many of the stories represent a departure from traditional models of library instruction. In addition, this book is sure to spark inspiration for innovative approaches to program leadership and development, including strategies for growing communities of practice. From leadership skills and techniques to methods for cultivating shared values, pedagogical approaches, team building, assessment strategies, and everything in between, the aspiring or practicing instruction coordinator has much to gain from reading this work. The book considers two general types of films: Bible movies that retell biblical stories such as the Exodus and the life of Jesus, and Bible-related movies that make use of biblical books, stories, verses, and figures and Bibles themselves to tell non-biblical, often fictional narratives. Topics covered include the contribution of Bible and Bible-related movies to the history of the Bible's reception, the ways in which filmmakers make use of scripture to address and reflect their own time, and place the Bible as a vehicle through which films can address social and political issues, reflect human experiences and emotions, explore existential issues such as evil and death, and express themes such as destruction and redemption, the role of the Bible as a source of ethics and morality, and how this role is both perpetuated and undermined in a range of contemporary Hollywood films, and film as a medium for experiences of transcendence and the role of the Bible in creating such experiences. This thoroughly updated second edition includes insightful analysis of films such as *Noah*, *Gods and Men*, *Mary Magdalene*, and *The Shawshank Redemption*, paying attention to visual and aural elements as well as plot, character, and dialogue. The book also includes pedagogical resources, including

discussions of film theory as well as key words and discussion questions Teachers students and anyone interested in the intersection of Bible and cinema will find this an invaluable guide to a growing field

A Lifetime in the Church and the University Anthony C. Thiselton,2014-12-15 These recollections of a life time in the Church and in different universities give rise to a diverse series of anecdotes which provide first some entertaining humor second a glimpse into both academic and church life and third my attempted contributions to Christian theology Teaching in five British universities belonging to such church national bodies as fifteen years on the Church of England General Synod twenty eight years serving on the Doctrine Commission and many years on other Church committees as well as secular national bodies has left a reservoir of diverse memories that some have thought worth sharing At the beginning there is more about the providence of God and my own mistakes than anything else These chapters begin with a relatively high ratio of entertainment but become increasingly theological in the later chapters Towards the end my story concerns teaching in America Korea and elsewhere Although the Church of England and British universities often provide a focus my overseas doctoral graduates assure me that the story would be of international interest Those who have read one of my twenty books and three more to come may also have a special interest in it From the Preface

Bible Interpretation and the African Culture David J. Ndegwah,2020-01-15 This book can be summarized in one sentence that culture plays a determinant role in the way people perceive interpret and therefore respond to reality around them ideas events people and literature including sacred literature Thus when people encounter new reality they perceive and conceptualize it in accordance with their worldview which is shaped by their culture that is modeled to suit various

geographical locations In order to understand why people around the world behave and act as they do they choose certain words in what they say and do certain things rather than others it is important to understand and appreciate this fact Failure to do so would make it very difficult to engage in any dealings with them secular or religious like doing business or evangelization This is what happened to the P kot people whose worldview is predominantly communitarian and yet they were introduced to hermeneutics that are predominantly individualistic which is at loggerheads with their communal aspirations The manifestation of this reality is the interpretation of the Good Shepherd parable in the Gospel of John which the P kot have understood and contextualized in line with their worldview against the intentions goals and disposition of their evangelizers

What Was Jesus Hoping to Achieve? Roger Amos,2022-01-03 What led a thirty year old carpenter builder from an obscure village in Galilee to abandon his trade and become the itinerant preacher teacher and healer described in the Gospels Many Christians including even some ministers if asked precisely what outcome Jesus was hoping to achieve from his earthly ministry are more likely to utter gasps of astonishment or admissions of ignorance I ve never thought about it than to give a considered opinion even though the matter could hardly be more central to the Christian faith In the past scholars have attempted to discover Jesus agenda by analyzing his teaching and actions as recorded in the Gospels Their efforts however identified a diversity of conflicting aims Roger Amos in contrast explores the factors impacting Jesus that led him to undertake his ministry He uncovers a Galilee racked by deprivation unemployment debt hunger and crime and a Jesus determined to confront the establishment and improve conditions for ordinary Jews But how could a village carpenter backed by a band of fishermen accomplish that Following clues in the Gospels that other expositors have overlooked the author reveals the intriguing story underlying the familiar gospel narrative
