A Choice Of Tennysons Verse:

A Choice of Tennyson's Verse Alfred Tennyson, Lord David Cecil, 1971-01 **Tennyson Among the Poets** Robert Douglas-Fairhurst, Seamus Perry, 2009-10-08 A revaluation of Tennyson's achievements and influence Explores the multiple connections between Tennyson and other writers his predecessors contemporaries and successors **Tennyson Among the Novelists** John Morton, 2010-06-24 Until now the study of literary allusion has focused on allusions made by poets to other poets In *Tennyson Among the Novelists* John Morton presents the first book length account of the presence of a poet's work in works of prose fiction As well as shedding new light on the poems of Tennyson and their reception history Morton covers a wide variety of novelists including Thomas Hardy James Joyce Evelyn Waugh and Andrew O Hagan offering a fresh look at their approach to writing Morton shows how Tennyson's poetry despite its frequent depreciation by critics has survived as a vivifying presence in the novel from the Victorian period to the present day **Chicorel Index to Poetry in Anthologies and Collections in Print** Marietta Chicorel, 1975 *Chicorel Index to Poetry in Anthologies and Collections in Print: A-Ex* Marietta Chicorel, 1974 *Alfred Tennyson* Seamus Perry, 2005 This title is a study of Tennyson's lyrical imagination describing its complex fascinations with recurrence progress narrative and loss and its doubts about its own artfulness **Tennyson** David John Palmer, 1973 **Tennyson's Philological Medievalism** Sarah Weaver, 2024-12-17 Considers Tennyson's poems from the elegiac In Memoriam to the Arthurian Idylls of the King in the context of Victorian interest in philology How do words come to mean what they mean and how can we hope to use them precisely when they are constantly changing The urge to find a word's meaning through its etymology is an old and enduring one gaining new momentum in the nineteenth century as advocates of the so called new philology argued that major revelations were to be found within the biographies of everyday expressions Developing hand in hand with a growing national interest in all things Anglo Saxon language study simultaneously seemed to offer a pathway to the roots of English culture and to illuminate human history on a grand scale Alfred Tennyson 1809-1892 came of age in the midst of this exploding popularity of both Anglo Saxonism and philology and he did so among men who were to be responsible for advancing both fields This study places this preeminent Victorian poet in the context of the period's preoccupation with the history of language It shows that the intellectual milieu that surrounded him encouraged him to revive archaic words and to reveal the literal metaphors lurking within his words Moreover his familiarity with past forms of English enabled him to arrange the connotations of his vocabulary for precise effect Surveying his techniques at every scale from individual vowels to narratives this book argues that Tennyson held a more optimistic view of language than scholars have generally supposed and shows the sophistication of his philological techniques *A Choice of Poets* R. Tennyson; aspects of his life, character and poetry Hon. Harold George Nicolson,1925 The Reception of Alfred

Tennyson in Europe Leonee Ormond, 2016-11-17 Alfred Lord Tennyson 1809-1892 has often been considered a particularly British writer in part as his official post as Poet Laureate inevitably committed him to a certain amount of patriotic writing. This volume focuses on his impact on the continent, presenting a major scholarly analysis of Tennyson's wider reception in different areas of Europe. It considers reader and critical responses and explores the effect of his poetry upon his contemporaries and later writers as well as his influence upon illustrators, painters and musicians. The leading international contributors raise questions of translation and publication and of the choices made for this purpose along with the way in which his ideas and style influenced European writing and culture. Tennyson's reputation in Anglophone countries is now assured following a decline in the years after his death. This volume enables us to chart the changes in Tennyson's European reputation during the later 19th, 20th and 21st centuries. **Tennyson in France** Marjorie Moreland BOWDEN, 1930

Tennyson and His Publishers June S. Hagen, 1979-06-17 *The works of Tennyson* Lord Tennyson Hallaue, 1920

Tennyson and Tradition Robert Pattison, 1979 Here is an analysis of Tennyson's major poetry that clarifies the poet's relationship to the artistic traditions he so extensively exploited and so radically modified. It is a portrait of Tennyson as manipulator, not mere borrower of forms. Tennyson and Tradition traces the threads that at the same time unite Tennyson's work and tie it to the traditions the poet believed he had inherited. Pattison shows why Tennyson considered the venerable idyll form a fitting vehicle for his modern portraits above all the Idylls of the King. Analysis of In Memoriam brings further understanding of Tennyson's poetic credo.
