Context And Text Method In Liturgical Theology:

Context and Text Kevin W. Irwin, 2018-07-12 One of the most influential works in the debate over the concept and definitions of liturgical theology *Context and Text* by Monsignor Kevin W Irwin is now available in a completely rewritten new edition In light of the historical theological and pastoral mandates of the Constitution on the Sacred Liturgy *Context and Text* is both a proposal for and an example of an investigation of the Church's liturgical praxis from a liturgical theological perspective This second edition which includes an expanded introduction covers new liturgical and ecclesial contexts resulting from newly promulgated liturgies further research in method for liturgical studies consideration for changes in the cultural contexts in which people celebrate the liturgy Besides brand new chapters on time and sacramentality and additions to the chapter on the arts this edition also considers the ongoing texts and contexts of the liturgy as always a new event in the life and ongoing discussion of liturgical theology within Christianity

The Holy Preaching Paul Janowiak, 2000 The reform of the liturgy has dramatically changed the way Roman Catholics and all Christians understand their worship The arena of the encounter has shifted from a passive experience of observation of the great Mysteries to one that invites active participation on many levels Yet the imagination of many who preach preside and gather to worship continues to be shaped by a passive model as well as by the notion of sacramental activity as a product to be received or given In *The Holy Preaching* Janowiak deepens the discussion of Christ's presence in the Word by offering reflection on the disparity between the theology and the practice of preaching and some explanation as to why that disparity exists

Liturgy and Hermeneutics Joyce Ann Zimmerman, 1999 By its very nature hermeneutics the art or science of interpreting is interdisciplinary It is equally important for scholars of literature philosophy biblical texts and theology In spite of the fact that interpretation has long been an important concern for Scripture exegetes and that in recent years liturgists have paid increasing attention to methods there is no major work that specifically addresses the issues of hermeneutics for liturgy *Liturgy and Hermeneutics* fills that void In *Liturgy and Hermeneutics* Joyce Ann Zimmerman explains that all communication requires some interpretation even everyday conversations in which we are hardly aware of it But a great deal of communication is far more complex Anytime we try to describe such things as an idea a concept or an experience we are well beyond ordinary language use and into the realm of language as a symbol system Since symbols have both a literal meaning and another level of meaning available only through interpretation much of our communication is hermeneutical Liturgy is no exception it too is hermeneutical In the past everything about liturgy seemed clear and understandable and the rituals were denotative However Zimmerman argues that lack of interpretation may have deprived worshipers of the richness proper to liturgy A non interpretive approach to liturgy tends to reduce it to rubrics or received grace We must likewise be wary of an interpretation of liturgy that is too subjective Only authentic interpretation examines liturgy's richness while remaining faithful to its tradition doctrinal content and ritual expressions In *Liturgy and Hermeneutics* Zimmerman specifically addresses hermeneutics and its use in liturgy

and liturgical studies Her purpose is twofold 1 to introduce readers to a complex body of literature so they can become literate in a technical field and 2 to guide readers through the complex issues and strategies involved in interpreting liturgy as text as ritual as life Zimmerman does not promote a single hermeneutic approach but instead points out the advantages and disadvantages of various approaches Chapters are What's at Stake Overview of Hermeneutical Theory and Issues Critical Methods Post critical Methods Hermeneutics and Liturgical Studies Today and an epilogue that raises questions yet to be comprehensively addressed by liturgists *Liturgico-Political Theology: an Introduction (Liturgy and Life as Foundation)* Rev. Fr. Dr. Raphael Olawale Igbaoyinbo MSP, 2021-04-06 This book introduces Liturgico Political Theology whose bedrock is the reality of the Paschal Mystery of Christ and the fruit it has borne for humanity salvation It presents this embrace of theology liturgy and politics as part of the effects of the Christ Jesus won for humanity in His victorious death on Good Friday It reiterates the inseparable connection between liturgy and life in a way that liturgical celebrations do not leave those who take part passive and inactive persons Hence proceeding through an hermeneutic study of liturgical orations of various Masses as presented in the Roman Missal the underlining messages and tasks given to political leaders in particular and public servants in general are articulated They come to realize that the ultimate goal of politicking is to emulate the selflessness of Jesus in serving humanity **The Meaning of Christian Liturgy** Oloph Bexell, 2012-08-17 The Church of Sweden is the largest Lutheran church body in the world with 6.5 million members that represent about 70% of the Swedish population The Meaning of Christian Liturgy illuminates and explains the changes that have occurred in the liturgy of the Church of Sweden from 1980 to 2000 In the process this volume asks a number of questions of immense importance not only within Sweden but also for Christian churches in the English speaking world including How does participation in a liturgy make clear what church is about What does liturgical participation say about who or what God is and about the community's encounter with God How have churches lived with the changes and renewals introduced in the twentieth century How does the church building shape worshipers ideas of God and of church Contributors Torbjørn Axner Oloph Bexell Sven Erik Brodd Gordon W Lathrop Karin Oljelund Boel Hssjer Sundman Gunnar Weman *T&T Clark Companion to Liturgy* Alcuin Reid, 2015-12-17 In the decades following the Second Vatican Council Catholic liturgy became an area of considerable interest and debate if not controversy in the West Mid late 20th century liturgical scholarship upon which the liturgical reforms of the Second Vatican Council were predicated and implemented no longer stands unquestioned The liturgical and ecclesial springtime the reforms of Paul VI were expected to facilitate has failed to emerge leaving many questions as to their wisdom and value Quo vadis Catholic liturgy This Companion brings together a variety of scholars who consider this question at the beginning of the 21st century in the light of advances in liturgical scholarship decades of post Vatican II experience and the critical re examination in the West of the question of the liturgy promoted by Benedict XVI The contributors each eminent in their field have distinct takes on how to answer this question but each makes a significant contribution to

contemporary debate making this Companion an essential reference for the study of Western Catholic liturgy in history and in the light of contemporary scholarship and debate

Models of the Eucharist, Second Edition Irwin, Kevin W., 2020 In this book updated with the texts of the third edition of the Roman Missal Kevin Irwin reflects on the jewel in the crown of Catholicism the celebration of the Eucharist His book theological pastoral and contemporary is essentially concerned with issues about the Eucharist that face us today decades after the truly historic and unprecedented revisions that took after the Second Vatican Council Some of these concerns are the result of unforeseen developments about the Eucharist resulting from other factors for example the decline in numbers of clergy which has led in some places to Sunday celebrations without the Mass Other concerns arise from a lack of proper catechesis about the Mass and a keen desire to understand why and how the Eucharist is at the center of Catholic life In addition to being expressly theological this book is also expressly pastoral in that it is a reflection on the life lived by the church as it enacts the Eucharist and seeks to live out what the Eucharist celebrates The book is aimed at the audience of educated Catholics who seek a deeper appreciation of what the Eucharist is and who want to appropriate that understanding in the way they live their lives This book will be of particular interest to pastoral ministers both those present and those in training and the communities of faith whom they serve

Outline of Christian Doctrine Wilfried Harle, 2015-04-14 In this book Wilfried Hrle so distills Protestant Christian teaching as to bring fresh insight both to new students and to experienced readers of systematic theology Outline of Christian Doctrine however is not merely a translation of Hrle s classic German text Nicholas Sagovsky has also entirely adapted the original work to the needs and resources of English speaking readers Biblically rooted contextually sensitive alert to philosophical issues and relevant with respect to debates about the world as we know it today Hrle s Outline of Christian Doctrine An Evangelical Dogmatics is an ideal contemporary theology book for both class use and individual study

Grassroots Unity in the Charismatic Renewal Connie Ho Yan Au, 2011-02-23 This book explores the nature of grassroots unity in the British charismatic renewal in the 1970s and its significance to ecumenism The study is based on the five international conferences of the Fountain Trust and focuses on two grassroots activities worship in general and the celebration of the Eucharist in particular Worship in this setting nurtured unity through charisms but the Eucharist exposed the inadequacy of this grassroots unity because of doctrinal and ecclesiological differences This book aims to suggest a way forward by searching for the complementarity of institution and charisms and Christology and Pneumatology in a charismatic context It argues that the two emphases of the charismatic renewal charisms and the Holy Spirit complement the institutional commitments of the church and ecumenism The concepts of Christus praesens and Spiriti praesens are considered intrinsic to the charisms and thus Christology and Pneumatology should both be considered significant for ecumenism The study finally discusses the complementarity of ecumenical institutions and the charismatic renewal the convergence of ecumenical streams and continuity in modern ecumenical history

Monotheism in Christian Liturgy Joris Geldhof, 2023-02-09 In line with a

profound theological understanding of liturgy as the Church at prayer ecclesia orans the focus of this Element is the variegated ways in which Christians address turn to and worship God in their central rituals and celebrations Surveying a representative sample of official liturgical sources from different Christian Churches the question is asked how pure the monotheism expressed in them is For one could argue that there is some ambiguity involved especially with respect to i the peculiar position of Christ the Son of God and God the Father in liturgical prayers and ii regarding the veneration of the saints The essential key to unlock this complex and multi layered reality is a meticulous study of the essential doxological nature of Christian liturgy both from a phenomenological point of view and on the basis of fine textual analyses
