

As a Result of the Research, Early Intervention Must...

- Be based on how all children learn throughout the course of **everyday life** – at home and in the community.
- Focus on **naturally occurring learning opportunities**, rather than contrived specialized instruction.
- Support **primary caregivers** to provide children learning experiences and opportunities that strengthen and promote their competence and development.
- Support learning that occurs in contexts that have **high levels of interest and engagement** for the child and family.
- Incorporate opportunities to reflect with the family on what is working and where additional problem solving may be needed as a means of **enhancing the family's capacity and competence**.

The policy section provides insights into policy developments from Europe, the UK and the United States as well as policy developments relating to both children and adults. The practice section is comprehensive with chapters on multilingualism, the range of specific learning difficulties, ICT, mathematics, the implications for the classroom, from the science of learning and the features of dyslexia friendly schools.

Autism Spectrum Disorder in the Canadian Context Kimberly Maich, Sharon C. Penney, Kelly Alves, Carmen Hall, 2020-10-08 With a unique focus on Canada wide practices and research, this text offers a comprehensive introduction to autism spectrum disorder (ASD). Covering the clinical, educational and community perspectives of ASD, the authors highlight how educators, direct support professionals and communities at large can support people with ASD across their lifespan from early years to school years to adulthood. Additionally, the authors emphasize the emerging nature of the field and the importance of evidence based interventions. The resource is divided into four thematic sections. Section one gives an overview of ASD including prominent researchers in the field and changes in its diagnostic criteria. Section two looks at evidence based interventions and the newer sensory theories and frameworks. The third section examines ASD across the lifespan as well as the experiences of parents and families. The final section looks at additional critical issues including media, sexuality, peer relationships and immigration. Beyond being a vital asset for ASD programs and resource centres across the country, *Autism Spectrum Disorder in the Canadian Context* has broad applications suitable for courses on ASD in behavioural science, education and health studies programs. **FEATURES** Each chapter features figures, definitions, examples and questions designed to deepen understanding and elicit reflection.
