Contemporary Options In Eschatology A Study Of The Millennium:

Contemporary Options in Eschatology Millard J. Erickson, 1994 **A Basic Guide to Eschatology** Millard J. Erickson, 1998-12-01 A leading evangelical theologian provides a comprehensive examination of the various evangelical views of the millennium and other eschatological subjects **Eschatology and Ecology** Paul Hang-Sik Cho, 2011-05-01 This book raises the question of why Korean people and Korean Protestant Christians in particular pay so little attention in theory or practice to ecological issues The author argues that there is an important connection or elective affinity between this lack of attention and the otherworldly eschatology that is so dominant within Korean Protestant Christianity Dispensational premillennialism originally imported by American missionaries resonated with traditional religious beliefs in Korea and soon came to dominate much of Korean Protestantism This book argues that this of all forms of millennialism is the most damaging to ecological concerns It also suggests how Korean churches may effectively respond to the ecological challenge **The Merging of Theology and Spirituality** Larry S. McDonald, 2006-07-29 While acknowledging the inherent tension between evangelicals who emphasize theological propositions and those who emphasize personal experience Alister McGrath believes that spirituality represents the interface between ideas and life between Christian theology and human existence The book explores the centrality of McGrath's theology in the development of his views on spirituality McGrath does not approach spirituality from a theological void but instead uses his theological perspective as the foundation Through detailed examination of McGrath's previous work and the writing of other evangelicals *The Merging of Theology and Spirituality* offers an overview of a unique thinker's contributions and a guide for future theological and spiritual exploration *When Time Shall Be No More* Paul Boyer, 1994-01-01 As influential as prophecy is in the worldview of so many the belief in the phenomenon remains a popular mystery largely unstudied and little understood *When Time Shall Be No More* offers for the first time an in depth look at the subtle pervasive ways in which prophecy belief shapes contemporary American thought and culture **The Millennial Maze** Stanley J. Grenz, 1992-09-25 Stanley J Grenz describes four major views on the millennium held by evangelicals and assesses their strengths and weaknesses **Endgame** Jerry A. Gladson, 2021-09-02 Daniel the lone apocalyptic book in the Old Testament has challenged readers throughout the centuries with its obscure enigmatic style *Endgame* offers a careful introduction to Daniel and apocalyptic literature a new formal translation of the Hebrew Aramaic and Greek texts and a verse by verse commentary on the book of Daniel including the Additions made to Daniel in the Deuterocanonical Apocryphal literature In accessible easy to read style this up to date work illuminates the apocalyptic book of Daniel in the light of its ancient literary historical and archaeological setting and shows its vital relevance to ancient and modern readers **A Victorian Dissenter** David E. Seip, 2018-04-24 This book introduces the reader to Robert Govett 1813 1901 dissenting clergyman and author who wrote as a scholar of biblical prophecy primarily on the subject of the exclusion of believers in the Millennial Kingdom an idea of which he conceived The purpose of the book is threefold 1 to describe Govett

his life and his printed work 2 to analyze Govett's eschatological beliefs especially those he originated and 3 to investigate why a respected theologian in England who had published over 180 books and tracts disappeared from dissenting print culture early in the twentieth century Govett's doctrine of exclusion was heavily intertwined with most of his writings It was a topic that he developed throughout his career Yet as the center of dispensationalism shifted to America Govett's views of the Rapture began to be seen as extreme The book explains why Govett was eclipsed as the center of the evangelical movement shifted and its theology ossified Since his death Govett has been occasionally remembered in scholarship but with increasing inaccuracies and skepticism This book seeks to remove the mystery

The True Seed of Abraham: An Historic Premillennialist's Examination of Dispensationalism's Radical Distinction Between Israel and the Church. Timothy A. Williams, 2010-08-31 A biblical critique of Dispensationalism that calls for an irenic and charitable fellowship among conservative separatists

Biblical Eschatology, Second Edition Jonathan Menn, 2018-03-07 Biblical Eschatology provides what is not found in any other single volume on eschatology it analyzes all the major eschatological passages including the Olivet Discourse and the book of Revelation issues including the second coming of Christ the millennium the rapture and Antichrist and positions including all the major views of the millennium in a clear but not superficial way The book concludes with a chapter showing how eschatology is relevant for our lives Biblical Eschatology makes understanding eschatology easier by including chapters on how to interpret prophecy and apocalyptic literature by showing the history of eschatological thought and by placing eschatology in the context of the Bible's overall story line and structure Clarity and understanding are enhanced by the use of comparative tables and appendices Subject and Scripture indexes are included The book interacts with the best of Evangelical and Reformed scholarship and the extensive bibliography which includes the web addresses of many online resources provides an excellent source for the reader's further study This is a perfect resource for intelligent Christians including pastors students and teachers who desire to understand eschatology and to see how it fits together with the rest of the Bible

Three Views on the Millennium and Beyond Zondervan, 2010-08-10 Is there biblical evidence for a thousand year earthly kingdom the Millennium ruled by Christ before the fulfillment of the new heaven and new earth Revelation chapter 20 seems to suggest so but few books of the Bible are so difficult to interpret And a discussion of the Millennium branches out into many other theological questions about the end times eschatology Are these the last days What must happen before Jesus returns What part does the church play This Counterpoints volume compares three views of the Millennium Premillennial Christ will come again before this kingdom is established Postmillennial our present age represents that kingdom and that the church is and must move toward the fulfillment of this kingdom Amillennial a future Millennium is not a literal kingdom and when Christ returns he will usher in an immediate new heaven and new earth Robert B Strimple Kenneth L Gentry Jr and Craig A Blaising offer their perspectives giving their exegetical reasoning Each of them then responds to the views held by their peers in a respectful and informative

setting making it easy for you to compare their beliefs and gain a better understanding of how this aspect of Christianity's great hope the return of Jesus is understood by the church The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion

Reviewing the Revelation Henry T. Hudson, 2009-06 Rather than a verse by verse exposition of the Revelation Dr Henry T Hudson follows what he calls A Pass in Review He is interested more in the sweep of the book than in the jots and tittles His conviction is that when a reader is able to comprehend the interrelationships between the various sections he will be able to apprehend its main message As stated in this book he does not want any single tree to block the view of the whole forest It is a well known fact that the Revelation has been judged to be the most difficult book in the Bible John Calvin who wrote a wealth of commentaries on the books of the Bible wrote no commentary on the Revelation Thomas Jefferson removed the book from his Bible Carl Jung was of the opinion that no one believes the prophecies found therein And even the Blessed Jerome was of the opinion that the Revelation has as many interpretations as it has words and the layers of its meaning exceed the numbers of its words but as Dr Hudson points out the opening verses make it very clear that there are both spiritual and practical blessings waiting for those who receive search and keep its message He insists those who possess the right spiritual attitude of both mind and heart will find that the book is like a light that shineth in a dark place and that it is an integral part yea it can be called the climax of biblical prophecy The front cover comes from a portion of the fresco of Luca Signorelli circa 1499 AD that appears on the walls and ceiling of the Cathedral in Orvieto Italy

Manual on the Millennium Dr. Roger W. Maslin, 2015-11-18 Manual on the Millennium is an examination of the viewpoints concerning the nature of the millennium and how they relate to the associated end time events The author argues for his own personal viewpoint as well as with the problems inherent in interpreting those events that are so popular with the dispensational pre millennialist views He provides a fresh examination of such subjects as the postponed kingdom the restoration of Israel rebuilding the temple the Battle of Armageddon the Antichrist and the seventy weeks of Daniel The author maintains that the arbitrary interpretation of the millennium of Revelation as a literal period of a thousand years as a whole does not fit the judgment teachings of the New Testament or the complete message of the return of Christ in context

with the rest of the Scriptures The proper interpretation of the nature of the millennium is foundational to understanding the prophetic message of the New Testament This work is designed to be a valuable resource and handbook for the study of end time events for the serious Bible student Religion and Social Formation in Korea Sang Taek Lee,2012-10-24 The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series *Three Views on the Rapture* Craig A. Blaising,Douglas J. Moo,2018-06-26 The rapture or the belief that Jesus living followers will at some point join him forever while others do not is an important but contested doctrine among evangelicals Scholars generally hold one of three perspectives on the timing and circumstances of the rapture all of which are presented in this important volume of the Counterpoints series Three Views on the Rapture Alan D Hultberg PhD Trinity International University and professor of New Testament at Talbot School of Theology explains the Pre Wrath view Craig Blaising PhD Dallas Theological Seminary and president of Southwestern Baptist Theological Seminary defends the Pre Tribulation view Douglas Moo PhD University of St Andrews and professor of New Testament at Wheaton College sets forth the Post Tribulation view Each author provides a substantive explanation of his position which is critiqued by the other two authors A thorough introduction gives a historical overview of the doctrine of the rapture and its effects on the church The interactive and fair minded format of the Counterpoints series allows readers to consider the strengths and weaknesses of each view and draw informed personal conclusions **HEAVEN** Michael G. Maness,2004-12-01 In heaven we shall know everlasting rest and the full measure of our inheritance Though no eye has seen what God has prepared for us from Revelation 21 22 we can understand a little of what heaven will feel like We shall know a new freedom economy purity peace and so much more Those will be the simple experiences The greater experiences will be in everlasting love most especially in an everlasting marriage and an enduring intimate community Likewise we shall know a growing and everlasting security within our grand heritage within God s promises and in the work of Christ Yet the greatest experience of all is also the hardest to understand because it is the farthest removed from our earthly experience The greatest experience of all will be that for the rest of our everlasting loving lives we will share in the very life and glory of our dynamic and loving God our loving Father and Abba The greatest experience in heaven will be the very life and light that we share with God Himself so very personal and loving to the uttermost **We Have Heard That God Is with You** Rein Bos,2008-08-20 A perfect tool for busy preachers who want to faithfully proclaim God s Word The preparation of sermons on Old Testament texts confronts preachers time and time again

with such questions as How can I connect an Old Testament text with the situation of my congregation today in a responsible way and What is the role of Jesus in that connection In this practical scholarly guidebook Rein Bos tackles such questions and offers thoughtful answers We Have Heard That God Is with You gives pastors a creative and innovative grammar to preach the Old Testament in a Christian context Bos offers multiple examples from American sermons to illustrate how his model can be used in sermon preparation and how it can serve the practice of preaching Each chapter is a rich meal for the busy preacher looking for creative relevant options for sermons that are faithful to Scripture

Election 2007 R.J. May, Ray Anere, Nicole Haley, Katherine Wheen, 2013-09-23 Papua New Guinea's general election in 2007 attracted particular interest for several reasons Not only did it follow what was widely acknowledged as the country's worst election ever in 2002 in which elections in six of the country's 109 electorates were declared to be failed elections it was the first general election to be held under a new limited preferential voting system It also followed the first full parliamentary term under the Organic Law on the Integrity of Political Parties and Candidates which had been introduced in 2001 in an attempt to strengthen political parties and create a greater degree of stability in the national parliament and was the first to embrace a whole of government approach to electoral administration through an Interdepartmental Electoral Committee This volume provides an analysis of the 2007 election drawing on the work of a domestic monitoring team organized through the National Research Institute and several visiting scholars It addresses key issues such as voter education electoral administration election security the role of political parties women as candidates and voters the shift to limited preferential voting and HIV transmission and provides detailed accounts of the election in a number of open and provincial electorates It is generally agreed that the election of 2007 was an improvement on that of 2002 But problems of electoral administration and voting behaviour remain These are identified in this volume and recommendations made for electoral reform

Countdown to Victory V. Vernon ECKLEBERRY, 2006-08-23 The reader will first be introduced to the historical and theological roots for interpreting the millennial passages in Revelation 20 Secondly millennial views will be examined as they relate to the Kingdom of God the church and Israel Thirdly the schools of interpretation will be assigned a particular dimension spiritual chronological or ecclesiastical that will facilitate the merging of the three major viewpoints into a multidimensional model This will be followed fourthly with a verse by verse commentary of Revelation 20 utilizing the writings of scholars from the three millennial viewpoints Finally a descriptive account of the salvation history portrayed in Revelation 20 will emerge in the form of a narrative that utilizes the dynamic multidimensional model of the Millennium
