Fundamentalism in the Modern World Vol 1 Ulrika Martensson, Jennifer Bailey, Priscilla Ringrose, Asbjorn Dyrendal, 2001-11-22 How does religious fundamentalism operate in modern global society This two volume series analyses the dynamics of fundamentalism and its relationship to the modern state the public sphere and globalisation In this first volume fundamentalism is approached from the perspective of state and community building ideology and practices within the context of global society and the ways in which fundamentalism is intertwined with issues of politics state power democracy globalization political activism and political ideology Expert scholars in the field address specific contemporary and past fundamentalist movements that have emerged from within mainstream Islam Christianity Baha ism Hinduism Judaism and Buddhism This is an important study of an increasingly significant and controversial aspect of modern society

and will be essential reading in the fields of Religion Politics and International Relations The Temple of Jerusalem John M. Lundquist, 2007-12-30 As war and terrorism continue to rage over the Holy Land the Temple of Jerusalem arguably the most famous sacred structure in world history looms in the background as a symbol of past glory a place of religious worship and a site to be contended over and coveted This book offers a general history of the meaning importance and significance of the Temple of Jerusalem in both the religious and the political arena It begins with the construction of the Temple its destruction in 587 B C E its reconstruction in 516 B C E the vast enlargement during the time of the Idumean King Herod around 20 B C E its final destruction in 70 C E and its dynamic and abundant afterlife as the leading influence in the construction of Jewish synagogues Christian cathedrals and Islamic mosques But the Temple has also been at the center of much political and religious controversy and Lundquist explores the issues and conflicts that have erupted over this sacred place considers the meaning and importance of the Temple to Christianity Judaism and Islam from ancient times to the present and concludes with a careful consideration of the continuing religious and political tensions On September 28 2000 Ariel Sharon visited the Temple Mount also called Al Haram As Sharif in Jerusalem igniting what has come to be known as the second intifada But why would such a visit to a religious site set off such a string of violent responses that continue to this day The answer lies in the history of the Temple of Jerusalem which once indeed twice stood in the spot known today as the Temple Mount to Jews and the Dome of the Rock to Muslims A holy place to three of the world's main religions Christianity Judaism and Islam the Temple of Jerusalem is arguably the most famous sacred structure in world history and figures prominently in Apocalyptic writings Yet it is almost entirely absent in all its phases from the archaeological record as the sacred nature of the site prohibits any excavation *Political Theory and South Asian Counter-Narratives* Maidul Islam, 2021-09-28 This book evaluates the promise of human progress and secularism in grand political narratives of the nineteenth and twentieth centuries comparing counter narratives of South Asia within the context of a fast changing twenty first century The book embraces a broad range of sources and theoretical approaches that include political philosophy film and ideological discourse analysis In the twenty first century global inequality and significant growth of religious and majoritarian nationalisms have been appended with a protracted economic slowdown and recession in many countries Examining what went wrong in terms of secularism and distributive justice in India this book critiques the Euro American visions of democracy global capitalism and their so called universality As an alternative it proposes a progressive politics of radical democracy for the Indian people Reconsidering alternatives to capitalism western secularism and the radical possibilities of Islamism *Political Theory and South Asian Counter Narratives* will appeal to students and scholars of political theory international relations global history and South Asian politics Joshua 1-12 Thomas B. Dozeman, 2015-01-01 An acknowledged expert on the Hebrew Bible Thomas Dozeman offers a fresh translation of the Hebrew and Greek texts of the book of Joshua and explores the nature function and causes of the religious violence depicted therein By blending the distinct

teachings of Deuteronomy and the Priestly literature Dozeman provides a unique interpretation of holy war as a form of sacred genocide arguing that since peace in the promised land required the elimination of the populations of all existent royal cities a general purging of the land accompanied the progress of the ark of the covenant This essential work of religious scholarship demonstrates how the theme of total genocide is reinterpreted as partial conquest when redactors place Joshua an independent book between Deuteronomy and Judges The author traces the evolution of this reinterpretation of the central themes of religious violence while providing a comparison of the two textual versions of Joshua and an insightful analysis of the book s reception history The Accidental Empire Gershom Gorenberg,2007-03-06 The untold story based on

groundbreaking original research of the actions and inactions that created the Israeli settlements in the occupied territories After Israeli troops defeated the armies of Egypt Syria and Jordan in June 1967 the Jewish state seemed to have reached the pinnacle of success But far from being a happy ending the Six Day War proved to be the opening act of a complex political drama in which the central issue became Should Jews build settlements in the territories taken in that war The Accidental Empire is Gershom Gorenberg s masterful and gripping account of the strange birth of the settler movement which was the child of both Labor Party socialism and religious extremism It is a dramatic story featuring the giants of Israeli history Moshe Dayan Golda Meir Levi Eshkol Yigal Allon as well as more contemporary figures like Ariel Sharon Yitzhak Rabin and Shimon Peres Gorenberg also shows how the Johnson Nixon and Ford administrations turned a blind eye to what was happening in the territories and reveals their strategic reasons for doing so Drawing on newly opened archives and extensive interviews Gorenberg reconstructs what the top officials knew and when they knew it while weaving in the dramatic first person accounts of the settlers themselves Fast moving and penetrating The Accidental Empire casts the entire enterprise in a new and controversial light calling into question much of what we think we know about this issue that continues to haunt the Middle East *The Oxford Handbook of Islam and Politics* John L. Esposito,Emad El-Din Shahin,2016 The Oxford Handbook

of Islam and Politics with contributions from prominent scholars and specialists provides a comprehensive analysis of what we know and where we are in the study of political Islam **Evangelicalism and Fundamentalism in the United Kingdom During the Twentieth Century** David W. Bebbington,David Bebbington,David Ceri Jones,2013-10 A detailed look at the history of Christian fundamentalism in the United Kingdom during the twentieth century examining the inter relation between fundamentalism and evangelical theology Using detailed empirical evidence the authors challenge generalisations and enable a more nuanced understanding of the roots of fundamentalism today **Missing Persons** Mary Douglas,Steven Ney,1998-11-04 The Western cultural consensus based on the ideas of free markets and individualism has led many social scientists to consider poverty as a personal experience a deprivation of material things and a failure of just distribution Mary Douglas and Steven Ney find this dominant tradition of social thought about poverty and well being to be full of contradictions They argue that the root cause is the impoverished idea of the human person inherited through two centuries

of intellectual history and that two principles the idea of the solipsist self and the idea of objectivity cause most of the contradictions Douglas and Ney state that Economic Man from its semitechnical niche in eighteenth century economic theory has taken over the realms of psychology consumption public assistance political science and philosophy They say that by distorting the statistical data presented for policy analysis the ideas of the solipsist self and objectivity indeed often protect a political bias The authors propose to correct this by revising the current model of the person Taking cultural bias into account and giving full play to political dissent they restore the persons who have been missing from the social science debates Drawing from anthropology economics political science and sociology the authors set forth a fundamental critique of the social sciences Their book will find a wide audience among social scientists and will also interest anyone engaged in current discussions of poverty This book is a copublication with the Russell Sage Foundation *The Future of Religious Studies in India* Clemens Cavallin, Åke Sander, Sudha Sitharaman, 2020-11-23 This book looks at how religious studies is framed and taught in India It addresses the contradiction between the country's vibrant religious life and the dearth of comparative and social scientific religious studies programs across Indian universities The volume Studies the efforts by Rabindranath Tagore in Santiniketan and Mohan Malaviya in Varanasi to introduce and institutionalize religious studies in India Discusses the notions of religion and spirituality and situates the failure of the secularization thesis in the context of modern India Provides concrete suggestions on how to develop religious studies in relation to global citizenship and Indian cultural heritage with the hope of initiating a larger discussion A unique contribution to the study of religion in society and education the book will be indispensable to students and researchers of theology history philosophy sociology secularization globalization religious studies education studies and South Asian studies *Saving Jesus from Those Who Are Right* Carter Heyward, In this theological resource for spiritual transformation and social change Carter Heyward rethinks the figure Jesus and his import for church academy and society Rather than focus on the endlessly variable pictures of Jesus in contemporary biblical scholarship and in radical opposition to the Jesus of the Christian Right Heyward presents Jesus as our brother infused with a sacred power and passion for embodying right mutual relation and ourselves with him in this commitment She goes on to explore concretely how we might live this way *Religious Transformation in Maya Guatemala* John P. Hawkins, 2021-05-01 Mayas and indeed all Guatemalans are currently experiencing the collapse of their way of life This collapse is disrupting ideologies symbols life practices and social structures that have undergirded their society for almost five hundred years and it is causing rapid and massive religious transformation among the K'iche' Maya living in highland western Guatemala Many Maya are converting to Christian Pentecostal faiths in which adherents and leaders become bodily agitated during worship Drawing on over fifty years of research and data collected by field school students Hawkins argues that two factors cultural collapse and systematic social and economic exclusion explain the recent religious transformation of Maya Guatemala and the style and emotional intensity through which that transformation is expressed

Guatemala serves as a window on religious change around the world and Hawkins examines the rapid pentecostalization of Christianity not only within Guatemala but also throughout the global South The pentecostal wail as he describes it is ultimately an acknowledgment of the angst and insecurity of contemporary Maya

Women in Fundamentalism Maxine L. Margolis, 2019-10-10 *Women in Fundamentalism* examines the striking similarities in three extreme fundamentalist religious communities in their views about and treatment of women Whether Christian Jewish or Muslim the fundamentalist offshoots of these religions subject women to myriad restrictions in their daily lives All three seek to maintain male control over women's bodies women's activities and the people with whom women associate The three also share common ideologies about women's true nature and proper place The specific cases covered in this text are 1 Mormon polygamists specifically the Fundamentalist Church of Jesus Christ of Latter Day Saints FLDS who live in Utah Arizona Texas and isolated enclaves in Canada and Mexico 2 the Satmar Hasidim of Williamsburg Brooklyn Kiryas Joel a town in Orange County New York and several settlements in Israel and 3 an extreme brand of Islam practiced by the Pashtun ethnic group of Afghanistan and neighboring areas of Pakistan This book effectively bridges the disciplines of women's studies religion and anthropology making it a valuable resource for professors and students seeking new qualitative and quantitative material on women's positions in various religious traditions

The Bloomsbury Handbook of Apocalypticism and Millennialism Tristan Sturm, Andrew Crome, 2025-10-16 In an age shadowed by pandemics climate catastrophe authoritarian resurgence and existential technological threats *The Bloomsbury Handbook of Apocalypticism and Millennialism* offers a timely and indispensable exploration of how societies make sense of their Ends and their hoped for new beginnings This ground breaking volume gathers leading scholars to trace the evolution meanings and enduring potency of apocalyptic and millennial ideas across religious secular and cultural landscapes From ancient revelatory texts to contemporary political movements and popular culture the book dissects how these concepts function not just as prophecies of doom but as frameworks for resistance renewal and transformation Through meticulous historical analysis and bold theoretical interventions the contributors interrogate core debates from the distinctions between apocalypticism and millennialism to their radical entanglements with justice space temporality and morality This volume dismantles simplistic portrayals of End Times thinking revealing instead its nuanced world shaping logic Whether manifest in religious movements or global politics apocalypse is no longer a marginal concern it is the defining hermeneutic of our times Scholarly provocative and urgent this Handbook is essential reading for researchers students and anyone seeking to understand how humanity envisions and enacts its endings and potentially new beginnings

The Muslim World Book Review ,1995 *Rise Up, O Men of God* L. Dean Allen, 2002 L Dean Allen analyzes both groups constructions of masculinity and social ethics in relation to the family the church and a prominent social issue Evangelical Christian leaders designed both organizations in response to their alarm at men's absence from evangelical churches and they sought to increase men's participation in churches and to improve society

as a whole by their efforts Each group faced important social changes during its era such as new economic realities women s activities and perceived moral crises Despite their similarities as groups for evangelical Christian men only MRFM and PK developed contrasting constructions of masculinity and divergent social ethical calls for action BOOK JACKET *The Age of Evangelicalism* Steven Patrick Miller,2014 At the start of the twenty first century America was awash in a sea of evangelical talk The Purpose Driven Life Joel Osteen The Left Behind novels George W Bush Evangelicalism had become so powerful and pervasive that political scientist Alan Wolfe wrote of a sense in which we are all evangelicals now Steven P Miller offers a dramatically different perspective the Bush years he argues did not mark the pinnacle of evangelical influence but rather the beginning of its decline The Age of Evangelicalism chronicles the place and meaning of evangelical Christianity in America since 1970 a period Miller defines as America s born again years This was a time of evangelical scares born again spectacles and battles over faith in the public square From the Jesus chic of the 1970s to the satanism panic of the 1980s the culture wars of the 1990s and the faith based vogue of the early 2000s evangelicalism expanded beyond churches and entered the mainstream in ways both subtly and obviously influential Born again Christianity permeated nearly every area of American life It was broad enough to encompass Hal Lindsey s doomsday prophecies and Marabel Morgan s sex advice Jerry Falwell and Jimmy Carter It made an unlikely convert of Bob Dylan and an unlikely president of a divorced Hollywood actor As Miller shows evangelicalism influenced not only its devotees but its many detractors religious conservatives secular liberals and just about everyone in between The Age of Evangelicalism contained multitudes it was the age of Christian hippies and the silent majority of Footloose and The Passion of the Christ of Tammy Faye Bakker the disgraced televangelist and Tammy Faye Messner the gay icon Barack Obama was as much a part of it as Billy Graham The Age of Evangelicalism tells the captivating story of how born again Christianity shaped the cultural and political climate in which millions Americans came to terms with their times Well-being, Personal Wholeness and the Social Fabric Doru Costache,Darren Cronshaw,2017-05-11 Well being is a familiar term in academic literature and public discourse It captures the imagination by addressing issues related to the social good and the quest for personal happiness It embraces a wide variety of concerns age gender sexuality ethnicity self esteem health class education institution and ecosystems among many issues Well being studies focus on the welfare of the world and its inhabitants bringing holistic and transformative perspectives to bear The Christian faith has been a powerful contributor to this tradition over the centuries Human beings made in the image of God are called to live transformed lives through the Spirit of Christ in communities of grace and reconciliation for the benefit of others caring for our planet in the expectation of God s new creation What difference does the study of well being from a Christian perspective make
