

# Ncea Level accounting 3 Full Year study notes

## Financial Statements

- Financial statements are reports that show a business's financial position, performance, and cash flows.
- The three main financial statements are the income statement, balance sheet, and cash flow statement.
- The income statement shows a business's revenue, expenses, and profit (or loss) for a given period of time.
- The balance sheet shows a business's assets, liabilities, and equity at a specific point in time.
- The cash flow statement shows a business's cash inflows and outflows for a given period of time.
- The financial statements can be used by stakeholders, such as investors, creditors, and management, to make informed decisions about the business.

## 2. Accounting Concepts and Principles

- Accounting concepts and principles provide a framework for recording and reporting financial information.
- The three main accounting concepts are the entity concept, going concern concept, and accounting period concept.
- The entity concept states that a business's financial transactions are separate from those of its owners.
- The going concern concept assumes that a business will continue to operate for the foreseeable future.
- The accounting period concept divides a business's financial information into specific periods of time for reporting purposes.
- Accounting principles, such as the matching principle and the accruals principle, guide how financial transactions should be recorded and reported.

## 3. Internal Controls and Fraud Prevention

- Internal controls are procedures used by a business to safeguard its assets, ensure accurate financial reporting, and prevent fraud.
- Examples of internal controls include separation of duties, physical controls, and accounting software controls.

*Accounting Study Guide Year 11 NCEA* Shirley Field,2002-05-01 Year 11 Accounting Study Guide covers fully all the internally and externally assessed NCEA Level 1 Achievement Standards This new fifth edition is fully restyled checked and updated Features include fully explained concepts with worked examples all the year s work of Level 1 NCEA Achievement Standards covered in an easy to follow note style numerous activities and selected solutions accounting terms explained in a Glossary indexed to the text for easy reference NCEA Accounting, a Beginning Lilian Viitakangas,Alastair Scott Campbell,2011-01 Research has shown that deep learning is enhanced by shortening the time between the introduction of new material and student interaction with this material It is therefore important that students have an early opportunity to apply what they have learnt and gain mastery of it The student workbook contains all the questions from the text together with answer space following the format of the external examinations It has been designed to enable students to experience early success with simple exercises by having these partially worked This success gives students the confidence to progress through to more challenging examples on their own Use of the workbook enables students to focus on concepts and procedures immediately without the necessity of learning a particular format by heart before they can begin Over time format becomes second nature as students develop a conceptual understanding of the purpose of each exercise The use of workbooks also provides more time for students to interact with the subject matter itself and hence offers greater opportunity for them to master basic concepts through practice It is suggested that students should not destroy pages when errors are made rather than rewriting an entire question a correction in a different coloured ink will often suffice The student may then proceed to a new task which provides the opportunity to relearn the point which has been missed The corrected exercises provide a focus for revision and a useful resource for independent study *AME Year 11 Accounting Workbook*
