Above & Beyond, 3rd Ed. Rudy Socha, 2010-12-20 In spite of the relatively small number of people passing through its ranks the Marine Corps produce a disproportionate share of this country's leaders. It is because Marines are different from the rest of the population. They have a different mindset and handle problems in a different manner. Above & Beyond: Former Marines Conquer the Civilian World profiles 87 former Marines who took that attitude and successfully applied it to the civilian sector. As you read the stories collectively you will see a camaraderie of many ethnicities, ages and personalities, some you already know that make up the U.S. Marine Corps. Read these pages and discover why Jim Lehrer of PBS NewsHour says: "There has never been a better testimony to the value of service in the Marine Corps than Above & Beyond." *The Wellness Workbook, 3rd ed* John W. Travis, Regina Sara Ryan, 2004-04-01 For more than thirty years John W. Travis, M.D. and Regina Sara Ryan have taught hundreds of thousands of people a practical, whole self approach to wellness and healthy living. Each chapter of the comprehensive WELLNESS WORKBOOK explores one of the twelve interconnected forms of energy that contribute to your overall health and vitality: Self Responsibility and Love, Breathing, Sensing, Eating, Moving, Feeling, Thinking, Playing and Working, Communicating, Sex, Finding Meaning, Transcending. From how you breathe to how you view the world, these twelve areas affect all aspects of your life: your disposition toward injury and illness, your relationships, your general level of happiness and beyond. In an optimal state of wellness, all of your energies are in balance and you are less prone to disease, stress and other life-depleting factors. Using a self-assessment tool known as the Wellness Index, you'll develop a clear picture of what areas in your life need attention. Now in its third edition, the thoroughly updated and streamlined WELLNESS WORKBOOK provides hundreds of exercises and ideas to help you take control of your health and happiness. A classic text in the wellness field, thoroughly revised and updated and streamlined for a more simple and practical presentation. Chapters cover self responsibility and love, breathing, sensing, eating, moving, feeling, thinking, playing and working, communicating, sex, finding meaning and transcending.
