44 Terrific Woodworking Plans & Projects Raymond D. Brown, 1984 *Index to Handicraft Books, 1974-1984* Carnegie Library of Pittsburgh. Science and Technology Department, 1986 Handicrafts and do it yourself projects have always been a library's most popular and heavily requested subject. And for more than a decade a definitive index to handicraft books has not been published. To fill this gap the Science and Technology Department at Carnegie Library of Pittsburgh has compiled the Index to Handicraft Books listing more than 900 books and over 12,400 subject entries covering books published from 1974 to 1984. The Index to Handicraft Books is an essential reference tool for librarians who want to help someone find instructions for a varied range of do it yourself projects providing quick access to craft projects in books more recent than previous handicraft index books have listed. Each entry in the index consists of a subject heading, the name of the project as listed in the book, the author and title of the book, and the page numbers on which the project can be found. The author and title correspond to those in the List of Works Cited section which gives full bibliographic information in order to help librarians find the book on their shelves or obtain the book through inter-library loan. Because this index developed from a card file index of craft books acquired by Carnegie Library since 1974, the list concentrates mainly on medium priced books that most libraries buy. New Technical Books New York Public Library, 1986 **Weeding of Collections in Sci-Tech Libraries** Ellis Mount, 2019-12-06 In this book first published in 1986 experts from the various specialties describe the weeding process in corporate, academic and university libraries. Factors affecting the weeding of materials, lack of space, a desire to place materials in a more suitable library, changing goals of the library are explored. Discussions concerning the choices for the disposal of items are insightful and innovative. *58 Home Shelving & Storage Projects* Percy W.
