501 Secrets To Successful Selling:

Sales Pro Success Secrets Brian Lambert, Crisp-T Lambert, Eric Kerkhoff, 2006-10-01 This book will arm you with a solid understanding of what professional selling entails. It will explain the various selling environments the way sales teams are organized and provide an explanation of what it takes to succeed. Would a Doctor begin operating on a patient without an understanding of the circulatory system, digestive system or other important definitions of human anatomy? Absolutely not. Just as every profession provides an explanation of what it takes to succeed while providing a common language of understanding, so too should every new salesperson understand what selling is before you begin to learn how to sell. The authors provide a conversational, real world explanation of what selling is while sharing important insights on what helped them succeed as top performing sales representatives at Hewlett Packard and Dun Bradstreet and various other selling environments.
