practice For instance an experienced cyclist does not have to concentrate on turning the pedals balancing and holding on to the handlebars Instead those processes are automatic and the cyclist can concentrate on watching the road the traffic and other surroundings Sight words also build confidence in a child The frequency of occurrence of these words are so high that a child who has mastered these words can already recognize at least half of a sentence and start to feel good and confident about reading Sight words also help promote reading comprehension When your child opens their book for the first time instead of trying to decipher what ALL of the words mean they can shift their attention to focus on those words they are not familiar with They will already know at least half of the words so focusing on the other half helps strengthen their understanding of the text Reproducible activity pages and word list for kids involving top 100 common words for your preschool pre k kindergarten first grade children to help the kid learn writing reading and to recognize words without the help of parents using worksheet flash cards and other activities in this book *How to Make Skill Sheets for Independent Reading* Toni Gilligan, Seddon Beaty, Teachers' Center of Newton, 198? *52 Fabulous Discussion-Prompt Cards for Reading Groups* Laura Robb, 2001-04 Instantly stimulate meaningful discussions reinforce story elements and get kids really talking and thinking about what they ve read *Leveled Nonfiction Passages for Building Comprehension* Carol Ghiglieri, 2011 12 sets of high interest passages written at three levels with test formatted questions to target and teach key comprehension skills *Full Speed Ahead in Reading* Troll Books, Troll Books Staff, 1999-04-01
