Australian Opals In Colour:

Australian Opals In Colour Nance Perry, Ron Perry, 1980 **The World of Opals** Allan W. Eckert, 1997-10-02 Readers will find fascinating details about the discovery whereabouts and value of famous opals from such classic specimens as the Burning of Troy Opal to the Bonanza Opal and other more recent discoveries Finally the book surveys today's major opal producing areas and provides current information on opal occurrence worldwide Punctuating the text are useful tables extensive glossaries of opal types and opal related terms and beautiful photographs that capture the essence and mystery of this most exquisite stone **The Australian Encyclopædia: M to Z** Arthur Wilberforce Jose, Herbert James Carter, 1926

The Black Opal Katharine Susannah Prichard, 2021-04-25 In *The Black Opal* Katharine Susannah Prichard weaves a rich tapestry of early 20th century Australian life exploring themes of desire rivalry and the burden of expectation against the backdrop of the opal mining industry Prichard's prose is both lyrical and evocative capturing the rugged Australian landscape while delving into the emotional landscapes of her characters The novel reflects the modernist literary context of its time embracing fractured narratives and showcasing complex character development as it navigates the intricate relationships and moral dilemmas faced by those in the mining community Prichard a prominent figure in Australian literature drew upon her own experiences and the vibrant cultural milieu of her time to inform her writing An early member of the Australian communist party and an advocate for social justice her ideologies shine through in *The Black Opal* which highlights the struggles of the working class amidst the unforgiving realities of the outback Her life in Western Australia deeply influenced her perspective lending authenticity to her portrayal of the characters internal and external conflicts I highly recommend *The Black Opal* to readers interested in feminist literature and social commentary as it not only offers a gripping narrative but also provokes thought on the socio economic issues of the time Prichard's insight into human nature and her evocative prose make this novel a significant addition to the canon of Australian literature providing a lens into the complexities of identity ambition and morality Opal Gemstones - A Collection of Historical Articles on the Origins, Structure and Properties of Opal Various, 2015-05-06 This book contains classic material dating back to the 1900s and before The content has been carefully selected for its interest and relevance to a modern audience Carefully selecting the best articles from our collection we have compiled a series of historical and informative publications on the subjects of gemology and crystallography Each publication has been professionally curated and includes all details on the original source material This particular instalment *Opal Gemstones* contains information on their properties origins structure and much more Intended to illustrate the main features of opal it is a comprehensive guide for anyone wishing to obtain a general knowledge of the subject and to understand the field in its historical context We are republishing these classic works in affordable high quality modern editions using the original text and artwork **The Studio**, 1912 **Every Nook and Cranny** Faye

Day, 2017-12-15 *Every Nook and Cranny* is a series of autobiographical travel guides touching on every continent most

countries and hundreds of islands Travel with the author through steamy jungles and bird filled tropical rainforest to scorching deserts and the wilderness of Arctic regions from Stone Age tribes to the sophistication of the worlds most modern cities Explore the ancient civilisations and participate in amazing wildlife encounters The authors personal experiences are related together with some historical fact many interesting stories adventurous episodes and several amusing anecdotes In depth descriptive passages are illustrated with hundreds of photographs which will enable readers to visualise and fully appreciate the text The best of every destination is revealed along with suggestions on how to approach them *Solly's Way: An Australian story* Ron Thomas, The Solly Trilogy is a tale of three generations from a boy s enlistment as cabin boy on a Yankee packet ship the Delaware Belle plying between Plymouth and New York in the early nineteenth century through the drought conflict and financial strife of the 1890 s in Australia to the impact on ordinary folk of the great war and its aftermath The story is based around the lives of ordinary people of three generations surviving a world that was changing faster than at any time before It was an era in which the world was shrinking and the affairs of men of diverse nations began to break down centuries old barriers of class and inherited wealth We denizens of the 21st century can easily forget that the accomplishments of every generation are built upon those of generations that came before them Similarly the values we hold dear were first learned at the knees of our parents The Solly Trilogy is about a time not just before aircraft the computer and the internet but before labour saving devices we take for granted today had been invented How did people live in times such as these These were resourceful people adaptable people in times that required a surfeit of both of these admirable qualities Solly s Trilogy is designed to be read in any order but it is suggested that you begin with Solly s Way the story of Solly s arrival at Wallangulla as an old man and his impact on a struggling Australian outback family Solly s Legacy tells of the legacy of caring respect and ingenuity the old man left for the next generation Finally Solly s Journey completes the loop by telling the story of a cabin boy whose travels under sail as he grows to manhood lead him to cross great oceans of the world After travelling the American west a shipwreck brings him to a land down under where he finds a wide brown land worth exploring The Solly Trilogy is set in a period when events in a more remote Europe changed life in Australia Today events before the Great War seem like some far off good old days when life in the Australian outback was simple and wholesome I m grateful to my grandfather and his mates who loved a yarn about the old days and could no doubt spin a few tall ones to a gullible lad They helped me gain many valuable insights into how it really was back then and became the inspiration behind the Solly Trilogy **Bead & Jewellery Issue 107 April 2021** Magazines Global, Bead Jewellery Issue 107 April 2021

sense of national and regional identity through their dress and in so doing puts a new slant on the history of Australian women's fashion in the twentieth century This book argues that Australian women's fashions may be superficially derivative but that there are patterns of dress The Opal Seekers Patricia Shaw, 2011-10-27 A young Irishman's journey in the land of untold riches The Opal Seekers is a rich and vibrant novel of triumph and loss and the ambition of those who carved out an existence for themselves in the beautiful but unforgiving land of Australia The perfect read for fans of Colleen McCullough and Tricia McGill In 1898 poverty threatens to destroy Trella Court's beloved family She is left with no choice her brother in law Brodie must leave home so that there is one less mouth to feed Bitter with resentment Brodie travels to Dublin where he stumbles upon a wealthy employer who offers him passage to Australia the land of untold riches In Brisbane Brodie is taken in by the owner of Fairlea cattle station But before they leave he catches sight of a beautiful opal necklace glistening in a jeweller's window and vows that one day he will go in search of the dazzling stones and make his fortune At Fairlea Brodie finds favour when he saves the owner's life but Vivien Holloway the spoilt mistress causes trouble when her harmless flirtation with Brodie turns into a passionate affair Soon Brodie is looking for a way out of Fairlea and he finds his escape in the hunt for opals What readers are saying about The Opal Seekers A delightful tale of hard work and suffering love and loss An outstanding story and one I couldn't put down Enthralling from start to finish **Sustainable Luxury, Entrepreneurship, and Innovation** Miguel Angel Gardetti, Subramanian Senthilkannan Muthu, 2017-12-07 This book highlights different roles in entrepreneurship and innovation based on the act of setting up a new venture in the area of sustainable luxury and fashion which also involves cognitive and motivational characteristics It also discusses the fact that many sustainability promoting innovations require substantial technological advances **The Australian Junior Encyclopaedia**, 1951 **Cantor Lectures on the Mining of Non-metallic Minerals** Bennett Hooper Brough, 1904
