Legal Regulation of British Company Accounts 1836-1900 (RLE Accounting) J Edwards, 2014-02-05 In the UK today the form and content of accounts published by limited companies are closely regulated In the 19th century the position was different the popular view was that such matters were for private negotiation between owners and management Nevertheless there was a great deal of discussion of the need for regulations which were actually imposed in a number of areas This book provides readers with the essence of the many debates that took place the conclusions reached and the action taken to regulate company accounts A Treatise on the Law of Scotland Relative to Parent and Child and Guardian and Ward

Patrick Fraser, 1866 **Accountant Student and Accountants' Journal** , 1930 *Bluebeard's Egg* Margaret

Atwood, 2010-12-17 By turns humorous and warm stark and frightening *Bluebeard's Egg* infuses a Canada of the 1940s 50s and 80s with glowing childhood memories the harsh realities of parents growing old and the casual cruelty that men and women inflict on each other Here is the familiar outer world of family summers at remote lakes winters of political activism and seasons of exotic friends mundane lives and unexpected loves But here too is the inner world of hidden places and all that emerges from them the intimately personal the fantastic and the shockingly real whether it's what lies in a mysterious locked room or in the secret feelings we all conceal **Mind the Gap 2** Geoffrey W. Sutton, 2022-04-18 This second edition of *Mind the Gap Between British American Language Culture* contains chapters on British culture and an expanded A to Z reference list of hundreds of words and expressions that you will hear when visiting the UK watching British movies and television programs or reading British literature In this book I've included a variety of words and phrases that will help Americans who love Britain enjoy it even more Even if you have never visited the UK I hope you enjoy British films TV and books more than ever after discovering a bit of British culture and humor hidden in odd words and phrases If you are seeking a more dictionary type of book you'll find that too I've included such practical words and phrases covering foods clothes travel and even the size of British paper you will need for your printer So you'll be equipped to purchase aubergines order a gammon steak or a bap understand an old reference to a blower locate an Aga and what to offer when asked if you have a biro You won't want to see an identity parade and you'll know what a Londoner means by innit And importantly I hope you will avoid repeating some highly insulting phrases when someone is out of their tree The Bauhaus Group Nicholas Fox

Weber, 2009-10-27 Nicholas Fox Weber for thirty three years head of the Albers Foundation spent many years with Anni and Josef Albers the only husband and wife artistic pair at the Bauhaus she was a textile artist he a professor and an artist in glass metal wood and photography The Alberses told him their own stories and described life at the Bauhaus with their fellow artists and teachers Walter Gropius Paul Klee Wassily Kandinsky Ludwig Mies van der Rohe as well these figures lesser known wives and girlfriends In this extraordinary group biography Weber brilliantly brings to life the Bauhaus geniuses and the community of the pioneering art school in Germany's Weimar and Dessau in the 1920s and early 1930s Here are Walter

Gropius founder of the Bauhaus the architect who streamlined design early in his career and who saw the school as a place for designers to collaborate in an ideal setting a dashing hussar the ardent young lover of the renowned femme fatale Alma Mahler beginning when she was the wife of composer Gustav Mahler Paul Klee the onlooker smoking his pipe observing Bauhaus dances as well as his colleagues lectures from the back of the room the cook who invented recipes and threw together his limited ingredients with the same spontaneity sense of proportion and fascination that underscored his paintings Wassily Kandinsky the Russian born pioneer of abstract painting guarding a secret tragedy one could never have guessed from his lively paintings in which he used bold colors not just for their visual vibrancy but for their sound effects Josef Albers who entered the Bauhaus as a student in 1920 and was one of the seven remaining faculty members when the school was closed by the Gestapo in 1933 Annelise Else Frieda Fleischmann a Berlin heiress an intrepid young woman who later as Anni Albers made art the focal point of her existence Ludwig Mies van der Rohe imperious decisive often harsh an architect who became director the last of the Bauhaus and the person who guided the school's final days after SS storm troopers raided the premises Weber captures the life spirit and flair with which these geniuses lived as well as their consuming goal of making art and architecture A portrait infused with their fulsome embrace of life their gift for laughter and the powerful force of their individual artistic personalities

The Spell of Responsibility Frieder Vogelmann,2017-12-06 Most people would agree that we should behave and act in a responsible way Yet only 200 years ago responsibility was only of marginal importance in discussions of law and legal practice and it had little ethical significance What is the significance of the fact that responsibility now plays such a central role in for example work the welfare state or the criminal justice system What happens when individuals are generally expected to think of themselves as responsible agents And what are the consequences of the fact that the philosophical analysis of responsibility focuses almost exclusively on conditions of agency that are mostly absent from real life In this book Frieder Vogelmann demonstrates how large parts of philosophy have fallen under responsibility's spell and he uses a Foucauldian approach in an attempt to break it The three axes of power knowledge and self are used in a detailed analysis of the practical regimes of labour including the welfare state criminality including policing punishment practices and criminal proceedings and philosophy and of the two subject positions required by responsibility those of the attributors and bearers of responsibility within them The power relations between these positions which Vogelmann carefully excavates from the grounds of our practices reveal that the deck is stacked unevenly from the start The translation of this work was funded by Geisteswissenschaften International Translation Funding for Humanities and Social Sciences from Germany a joint initiative of the Fritz Thyssen Foundation the German Federal Foreign Office the collecting society VG WORT and the B rsenverein des Deutschen Buchhandels German Publisher
