Adrift On An Ice Pan:

Adrift on an Ice-Pan Wilfred Thomason Grenfell, 2008-02-01 Sir Wilfred Thomason Grenfell KCMG 1865-1940 was a medical missionary to Newfoundland and Labrador. He commenced the study of medicine at the London Hospital Medical College, now part of Queen Mary University of London. He graduated in 1888. The Royal National Mission to Deep Sea Fishermen sent him to Newfoundland in 1892 to develop a medical mission. That mission began in earnest in 1893 when he recruited two nurses and two doctors for hospitals at Battle Harbour and in Indian Harbour in Labrador. By 1914 the mission had gained international status. In order to manage its property and affairs, the International Grenfell Association, a non-profit mission society, was founded to support Grenfell's work. The Association operated until 1981 as an NGO. It had responsibility for delivery of healthcare and social services in northern Newfoundland and Labrador. A unique figure, Grenfell served to inspire at least two characters in Canadian literature: Dr Luke in Norman Duncan's *Doctor Luke of the Labrador* (1904) and Dr Tocsin in *White Eskimo* by Harold Horwood (1972).

Adrift on an Ice-Pan Sir Wilfred Thomason Grenfell, 2019-12-05 In *Adrift on an Ice Pan* Sir Wilfred Thomason Grenfell offers a gripping narrative of survival and exploration in the harsh Arctic environment. This memoir details his experiences as a medical missionary and adventurer among the Inuit communities of Newfoundland and Labrador during the early 20th century. Grenfell's prose is imbued with vivid imagery and a lyrical quality, painting both the stark beauty of the Arctic landscape and the resilience of its inhabitants. The book operates at the intersection of adventure and a sociocultural study, reflecting the challenges and triumphs of life in extreme conditions while also critiquing colonial attitudes of the time. Born in 1865 in England, Grenfell was deeply influenced by his medical training and his commitment to social justice, which led him to establish hospitals and clinics in isolated regions. His firsthand experiences with the Inuit greatly informed his narratives, imbuing them with authenticity and compassion. Grenfell's extensive work in these communities not only highlights his dedication to humanitarian service but also sheds light on

indigenous experiences within a broader historical context *Adrift on an Ice Pan* is a must read for those interested in environmental literature missionary journeys and the complexities of colonial relations in the Arctic Grenfell's vivid storytelling captures the reader's imagination while provoking reflection on survival empathy and the interconnectedness of humanity making it a compelling addition to the canon of exploration literature
