Admired And Understood The Poetry Of Aphra Behn:

Admired and Understood Michael L. Stapleton, 2004 *Admired and Understood* analyzes Behn's only pure verse collection *Poems upon Several Occasions* 1684 and situates her in her literary milieu as a poet Behn's book demonstrates her desire for acceptance in her literary culture to be admired and understood as she puts it the antitheses of what many surmise from reading her other works that she saw herself primarily as a guerilla critic of her culture's views on race class and gender The introduction to *Admired and Understood* argues that her colleagues thought of her as poet first rather than as a dramatist reviews current criticism about Behn and provides a brief overview of late seventeenth century poetical theory The first chapter explains the intricately interwoven structure of Behn's collection The next two chapters concern intertextual linkages between Behn and Abraham Cowley as well as the influence of Thomas Creech's translations of Horace Theocritus and Lucretius on her poetics The ensuing chapters concern Behn's response to Rochester's libertine aesthetic a close reading of *On a Juniper Tree* a poem central to her collection Katherine Philips as Behn's most important predecessor as a woman writer

Aphra Behn: A Secret Life Janet Todd, 2017-11-02 Fascinating scholarship Todd conveys Behn's vivacious character and the mores of the time New York Times All women together ought to let flowers fall upon the tomb of Aphra Behn for it was she who earned them the right to speak their minds said Virginia Woolf Yet that tomb in Westminster Abbey records one of the few uncontested facts about this Restoration playwright poet of the erotic and bisexual political propagandist novelist and spy the date of her death 16 April 1689 For the rest secrecy and duplicity are almost the key to her life She loved codes making and breaking them writing her life becomes a decoding of a passionate but playful woman In this revised biography Janet Todd draws on documents she has rediscovered in the Dutch archives and on Behn's own writings to tell a story of court diplomatic and sexual intrigue and of the rise from humble origins of the first woman to earn her living as a professional writer Aphra Behn's first notable employment was as a royal spy in Holland she had probably also spied in Surinam It was not until she was in her thirties that she published the first of the nineteen plays and other works which established her fame though not riches among her good sweet honey candied readers Many of her works were openly erotic indeed as frank as anything by her friends Wycherley and Rochester Some also offered an inside view of court and political intrigues and Todd reveals the historical scandals and legal cases behind some of Behn's most famous fictions Janet Todd novelist and internationally renowned scholar was president of Lucy Cavendish College Cambridge and a Professor at Rutgers NJ An expert on women's writing and feminism she has written about many writers including Jane Austen the Shelley Circle Mary Wollstonecraft and Aphra Behn Ground breaking it reads quickly and lightly Even Todd's throwaway lines are steeped in learning Women's Review of Books A major biography of interest to everyone who cares about women as writers Times Higher Education Supplement

Approaches to Teaching Behn's Oroonoko Cynthia Richards, Mary Ann O'Donnell, 2013-01-01 Once merely a footnote in Restoration and eighteenth century studies and rarely taught Oroonoko or The Royal Slave 1688 by Aphra Behn is now essential reading for scholars and a classroom favorite It appears in general surveys and in courses on early modern British writers postcolonial literature American literature women's literature drama the slave narrative and autobiography Part 1 of this volume Materials provides not only resources for the teacher of Oroonoko but also a brief chronology of Behn's life and work In part

2 Approaches essays offer a diversity of perspectives appropriate to a text that challenges student assumptions and contains not one story but many Oroonoko as a romance as a travel account as a heroic tragedy as a window to seventeenth century representations of race as a reflection of Tory Whig conflict in the time of Charles II Imagining Religious Toleration Alison Conway, David Alvarez, 2019-07-15 Formerly a site of study reserved for intellectual historians and political philosophers scholarship on religious toleration from the perspective of literary scholars is fairly limited Largely ignored and understudied techniques employed by writers to influence cultural understandings of tolerance are rich for exploration In investigating texts ranging from early modern to Romantic Alison Conway David Alvarez and their contributors shed light on what literature can say about toleration and how it can produce and manage feelings of tolerance and intolerance Beginning with an overview of the historical debates surrounding the terms toleration and tolerance this book moves on to discuss the specific contributions that literature and literary modes have made to cultural history studying the literary techniques that philosophers theologians and political theorists used to frame the questions central to the idea and practice of religious toleration Tracing the rhetoric employed by a wide range of authors the contributors delve into topics such as conversion as an instrument of power in Shakespeare the relationship between religious toleration and the rise of Enlightenment satire and the ways in which writing can act as a call for tolerance **The Puritan Literary Tradition** Johanna Harris, Alison Searle, 2024-07-12 What is meant by the Puritan literary tradition and when did the idea of Puritan literature as distinct from Puritan beliefs and practices come into being The answer is not straightforward This volume addresses these questions by bringing together new research on a wide range of established and emerging literary subjects that help to articulate the Puritan literary tradition including political polemic and the performing arts conversion and New World narratives individual and corporate life writings histories of exile and womens history book history and the translation and circulation of Puritan literature abroad Puritan epistolary networks discourses of Puritan friendship the historiography of Puritanism defined through editing and publishing doctrinal controversy and the history of emotions This essay collection proposes that a Puritan literary tradition existed that was distinct from broader conceptions of early modern English and Protestant traditions and offers a nuanced account of the distinct and variegated contribution that Puritanism has made to the construction of literature as a concept in English It ranges from the late sixteenth through to the nineteenth century and spans British European and American Puritan cultures It offers new analyses of well known Puritan writers such as Anne Bradstreet John Bunyan Richard Baxter and John Milton as well as less familiar figures such as Mary Rowlandson and Joseph Hussey and writers less often associated with Puritanism such as Andrew Marvell and Aphra Behn Classics in Extremis Edmund Richardson, 2018-12-13 Classics in Extremis reimagines classical reception Its contributors explore some of the most remarkable hard fought and unsettling claims ever made on the ancient world from the coal mines of England to the paradoxes of Borges from Victorian sexuality to the trenches of the First World War from American public school classrooms

to contemporary right wing politics How does the reception of the ancient world change under impossible strain Its protagonists are marginal figures who resisted that definition in the strongest terms Contributors argue for a decentered model of classical reception where the marginal shapes the central as much as vice versa and where the most unlikely appropriations of antiquity often have the greatest impact What kind of distortions does the model of centre and margins produce How can marginal receptions be recovered most effectively Bringing together some of the leading scholars in the field Classics in Extremis moves beyond individual case studies to develop fresh methodologies and perspectives on the study of classical reception

Collecting Women Chantel M. Lavoie, 2009 This book addresses the place of women writers in anthologies and other literary collections in eighteenth century England It explores and contextualizes the ways in which two different kinds of printed material poetic miscellanies and biographical collections complemented one another in defining expectations about the woman writer Far more than the single authored text it was the collection in one form or another that invested poems and their authors with authority By attending to this fascinating cultural context Chantel Lavoie explores how women poets were placed posthumously in the world of eighteenth century English letters Investigating the lives and works of four well known poets Katherine Philips Aphra Behn Anne Finch and Elizabeth Rowe Lavoie illuminates the way in which celebrated women were collected alongside their poetry the effect of collocation on individual reputations and the intersection between bibliography and biography as female poets themselves became curiosities In so doing *Collecting Women* contributes to the understanding of the intersection of cultural history canon formation and literary collecting in eighteenth century England

Lord Rochester in the Restoration World Matthew C. Augustine, Steven N. Zwicker, 2015-04-23 Essays by leading scholars explore the work life and times of the notorious libertine poet John Wilmot Earl of Rochester

Textual Transformations Tessa Whitehouse, N. H. Keeble, 2019-12-12 Early modern books were not stable or settled outputs of the press but dynamic shape changers subject to reworking re presentation revision and reinterpretation Their history is often the history of multiple sometimes competing agencies as their texts were re packaged redirected and transformed in ways that their original authors might hardly recognize Processes of editing revision redaction selection abridgement glossing disputation translation and posthumous publication resulted in a textual elasticity and mobility that could dissolve distinctions between text and paratexts textuality and intertextuality manuscript and print author and reader or editor such that title and author s name are no longer sufficient pointers to a book s identity or contents This collection brings together original essays by an international team of eminent scholars in the field of book history that explore these various kinds of textual inconstancy and variability The essays are alive to the impact of commercial and technological aspects of book production and distribution discussing for example the career of the pre eminent bookseller John Nourse the market appeal of abridgements and the financial incentives to posthumous publication but their interest is also in the many additional forms of agency that shaped texts and their meanings as books were repurposed to articulate and

respond to a variety of cultural and individual needs They engage with early modern religious political philosophical and scholarly trends and debates as they discuss a wide range of genres and kinds of publication including fictional and non fictional prose verse miscellanies abridgements sermons religious controversy and of authors including Lucy Hutchinson Richard Baxter John Dryden Thomas Burnet John Tillotson Henry Maundrell Jonathan Swift Samuel Richardson John Wesley and Samuel Taylor Coleridge The result is a richly diverse collection that demonstrates the embeddedness of the book trade in the cultural dynamics of early modernity Restoration Drama and the Idea of Literature Katherine

Mannheimer,2023-12-28 From 1642 to 1660 live theater was banned in England The market for printed books however including plays flourished How did this period when plays could be read but not performed affect the way drama was written thereafter As Katherine Mannheimer demonstrates the plays of the following decades exhibited a distinct self consciousness of drama s status as a singular art form that straddled both page and stage Scholars have commented on how the ban on live performance changed the way consumers read plays but no previous book has addressed how this upheaval changed the way dramatists wrote them In Restoration Drama and the Idea of Literature Mannheimer argues that Restoration playwrights recognized and exploited the tension between print and performance inherent to all drama By repeatedly and systematically manipulating this tension these authors works sought to court the reader while at the same time also challenging emergent concepts of literature that privileged textuality and print culture over the performing body and the live voice **Publishing**

the Woman Writer in England, 1670-1750 Leah Orr,2023 Based on a survey of nearly seven hundred works with female authors from this period this book contends that authorship was constructed not always by the author for market appeal that biography often supported an authorial persona rooted in the genre of the work and that authorship was a role rather than an identity Quantitative Literary Analysis of the Works of Aphra Behn Laura L. Runge,2023-05-09 Aphra Behn 1640 1689

prolific and popular playwright poet novelist translator has a fascinating and extensive corpus of literature that plays a key role in literary history Quantitative Literary Analysis of the Works of Aphra Behn Words of Passion offers what no book has done to date an analysis of all Behn s literary output It examines the author s use of words in terms of frequencies and distributions and stacks the words in context to read Behn s word usage synchronically Using this experimental method the book brings digital humanities into literary criticism to enhance our understanding and appreciation of literature beyond what is possible in diachronic reading and scholarship less supported by digital means The empirical approach works in collaboration with existing scholarship to understand Behn s distinct language of love and extreme passions across her genres
