Contes Et Légendes, Vol. 1 (Classic Reprint) H. A. Guerber, 2015-08-07 Excerpt from Contes Et Legendes Vol 1 This little collection of Legends and Fairy Tales is intended merely as an introduction to general French reading The stories have been told as simply as possible with infinite repetition of the same words and idioms to enable the pupil to obtain a good vocabulary almost unconsciously They have also been narrated as graphically as practicable to arouse an interest in the plot to stimulate curiosity and thereby induce the pupil to read to the end With the exception of the first tale of the series for which I have purposely selected the common nursery story The Three Bears I have carefully avoided the tales which are most familiar or have given them in some unusual version so that only by knowing the meaning of the words the sense of the story can be obtained This method has been used with most gratifying results with pupils of all ages either with or without the accompaniment of a grammar and it is very gradual to facilitate rapid progress in the language About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
