Contested Knowledge Social Theory In The Postmodern Era:

Contested Knowledge Steven Seidman, 2012-06-29 In the fifth edition *Contested Knowledge* social theorist Steven Seidman presents the latest topics in social theory and addresses the current shift of universalist theorists to networks of clustered debates Responds to current issues debates and new social movements Reviews sociological theory from a contemporary perspective Reveals how the universal theorist and the era of rival schools has been replaced by networks of clustered debates that are relatively autonomous and interdisciplinary Features updates and in depth discussions of the newest clustered debates in social theory intimacy postcolonial nationalism and the concept of the other Challenges social scientists to renew their commitment to the important moral and political role social knowledge plays in public life Accompanied by a companion website for students at www.wiley.com/go/seidman featuring chapter outlines and useful web links an instructor site can also be accessed which features password protected PowerPoint teaching slides

Contested Knowledge Steven Seidman, 1994 *Contested Knowledge* is a sociological theory text designed for undergraduate or graduate courses From the classical sociologists Durkheim Marx and Weber to contemporary social theories and movements including feminism poststructuralism African American thought and queer theory Professor Seidman presents his approach to the tradition of sociological theory and its established canon Combining social analysis and moral advocacy *Contested Knowledge* shows how social theory can work within the public political sphere and can contribute to the making of a better world

Contested Knowledge Steven Seidman, 1998-03-13 From the classical sociologists Durkheim Marx Weber to contemporary social theories and movements including feminism poststructuralism African American thought and Queer Theory Steven Seidman presents a compelling new approach to the tradition of sociological theory and its established canon

Situating Social Theory May, Tim, Powell, Jason, 2008-08-01 This edition examines the implications of recent developments challenges and disputes that have become important to debates in social theory including new commentaries on key authors It also explores the extent to which how we situate social theory may need re examining

Anthony Giddens and Modern Social Theory Kenneth Tucker, 1998-09-28 Anthony Giddens is widely recognized as one of the most important sociologists of the post war period This is the first full length work to examine Giddens social theory It guides the reader through Giddens early attempt to overcome the duality of structure and agency He saw this duality as a major failing of social theories of modernity His attempt to resolve the problem can be regarded as the key to the development of his landmark structuration theory The book is the most complete and thorough assessment of Giddens work currently available It incorporates insights from many different perspectives into his theory of structuration his work on the formation of cultural identities and the fate of the nation state This fa

Western medicine as contested knowledge Andrew Cunningham, Bridie Andrews, 2017-03-01 Medicine has always been a significant tool of an empire This book focuses on the issue of the contestation of knowledge and examines the non Western responses to Western medicine The decolonised states wanted

Western medicine to be established with Western money which was resisted by the WHO The attribution of an African origin to AIDS is related to how Western scientists view the disease as epidemic and sexually threatening Veterinary science when applied to domestic stock opens up fresh areas of conflict which can profoundly influence human health Pastoral herd management was the enemy of land enclosure and efficient land use in the eyes of the colonisers While the native Indians of the United States were marginal participants in the delivery or shaping of health care the Navajo passively resisted Western medicine by never giving up their own religion medicine The book discusses the involvement of the Rockefeller Foundation in eradicating the yellow fever in Brazil and hookworm in Mexico The imposition of Western medicine in British India picked up with plague outbreaks and enforced vaccination The plurality of Indian medicine is addressed with respect to the non literate folk medicine of Rajasthan in north west India The Japanese have been resistant to the adoption of the transplant practices of modern scientific medicine Rumours about the way the British were dealing with plague in Hong Kong and Cape Town are discussed Thailand had accepted Western medicine but suffered the effects of severe drug resistance to the WHO treatment of choice in malaria

Pluralism Gregor McLennan, 1995 Pluralism today is not much a particular school of thought or coherent body of theory McLennan argues that pluralism is an indispensable reference point across a spectrum of social scientific debates

Demography in the Age of the Postmodern Nancy E. Riley, James McCarthy, 2003-07-24 Demography has developed into a remarkably coherent field and now stands as a firmly established discipline with strong ties to policy making agencies However in recent years there has been increasing recognition within demography of the limits of existing theories and methods particularly its absence of a strong critical tradition and its isolation from recent theoretical developments in other social sciences In this study Nancy Riley and James McCarthy use the lens of postmodernism to structure a critical analysis of the field of demography Paying particular attention to the fundamental epistemologies and methodologies that currently underlie the field they explore how

postmodern perspectives might serve to energize the field and how demography could be enhanced by the introduction of insights from other social sciences Drawing on examples of new kinds of research in demography and related fields this is an important new book that seeks to reinvigorate the field of demography **Anthony Giddens** Christopher G. A. Bryant, David Jary, 1997 Anthony Giddens has made original contributions to the fields of social theory political sociology the sociology of stratifications suicide This set includes carefully selected secondary articles which bring out the scope of his work

Norbert Elias and Modern Social Theory Dennis Smith, 2000-11-08 Offering a fascinating survey of Norbert Elias's life and writings Dennis Smith traces the growth of his reputation He is the first author to confront Elias's work with the contrasting theories of Talcott Parsons Hannah Arendt Michel Foucault and Zygmunt Bauman He also illustrates how Elias's insights can be applied to understand Western modernity and social and political change Smith shows why Elias is important for sociology but he is also clear sighted about the limitations of Elias's approach **Symbolic Interactionism: The**

Basics Charles Quist-Adade, 2019-03-15 This book is a survey of Symbolic Interaction In thirteen short chapters it traces the history the social philosophical roots the founders movers and shakers and evolution of the theory Symbolic Interactionism The Basics takes the reader along the exciting but tortuous journey of the theory and explores both the meta theoretical and mini theoretical roots and branches of the theory Symbolic interactionism or sociological social psychology traces its roots to the works of United States sociologists George Herbert Mead Charles Horton Cooley and Herbert Blumer and a Canadian sociologist Erving Goffman Other influences are Harold Garfinkel's Ethnomethodology and Austrian American Alfred Schutz's study of Phenomenology Symbolic Interactionism Basics explores the philosophical sources of symbolic interactionism including pragmatism social behaviorism and neo Hegelianism The intellectual origins of symbolic interactions can be attributed to the works of William James George Simmel John Dewey Max Weber and George Herbert Mead Mead is believed to be the founder of the theory although he did not publish any academic work on the paradigm The book highlights the works of the intellectual heirs of symbolic interactionism Herbert Blumer Mead's former student who was instrumental in publishing the lectures his former professor posthumously with the title Symbolic Interactionism Erving Goffman and Robert Park **The New Blackwell Companion to Social Theory** Bryan S. Turner, 2009-01-30 A comprehensive new collection

covering the principal traditions and critical contemporary issues of social theory Builds on the success of The Blackwell Companion to Social Theory second edition with substantial revisions entirely new contributions and a fresh editorial direction Explores contemporary areas such as actor network theory social constructionism human rights and cosmopolitanism Includes chapters on demography science and technology studies and genetics and social theory Emphasizes key areas of sociology which have had an important impact in shaping the discipline as a whole **History Without A Subject** David Ashley, 2018-10-08 This book beginning with an analysis of how changes in the global economy are affecting the lives of ordinary Americans suggests that the postmodern condition can be likened to the balkanization of culture and society and the

Brazilianization of politics and the economy **Postmodernism: A Bibliography, 1926-1994** Deborah L.

Madsen, 2023-11-20 This is the first bibliography of Postmodernism to take account of work published in all subject areas and in all languages Deborah Madsen has identified a new first occurrence of the term in 1926 preceding by more than twenty years the first occurrence documented by the Oxford English Dictionary In a chronological listing books articles notes letters and working papers on Postmodernism are described with full bibliographical details Reviews of major books are documented and full contents listings are given for special issues of journals devoted to Postmodernism An appendix includes books on Postmodernism announced for publication in 1995 This bibliography brings together in one place all secondary material published on Postmodernism All disciplines are included from anthropology to zoology architecture cultural studies dance drama feminism fiction geography history legal studies literary theory mathematics medicine music pedagogical theory philosophy photography and film poetry politics religion sociology the visual and plastic arts and others The bibliography also documents items in a range of languages other than English Chinese French German Italian Japanese Russian Slovenian Spanish and the Scandinavian languages Access to the information contained in the bibliography is made easy with a comprehensive index providing guidance according to author subject language and key words Postmodernism A Bibliography 1926 1994 is an essential reference text for anyone working in the area of contemporary culture studies

The Politics of Postmodernity James Good, Irving Velody, 1998-07-23 In his study Modernity and the Holocaust Zygmunt Bauman contrasts the hopes and expectations of the modernising world of the nineteenth century with the real outcomes of the twentieth century where the very conditions of modernity have led to the mass destruction of humanity and of those early hopes for the betterment of humankind This volume explores the possibilities left to those once modernising societies not only in terms of the worlds they have constructed but also in discerning the novel conditions which the closure of modernity entails That closure in part the completion of industrialisation and the social order that went with it and in part the dislocation of the kinds of social knowledge used to understand it has raised profound and disturbing questions about the character of this brave new world and the ways in which its governance and the goal of the good society can be understood This volume explores some of the current vicissitudes of modernity especially in relation to the crises of the political and the political consequences of new technologies

The Gender of Suicide Katrina Jaworski, 2016-03-09 Drawing on diverse theoretical and textual sources The Gender of Suicide presents a critical study of the ways in which contemporary society understands suicide exploring suicide across a range of key expert bodies of knowledge With attention to Durkheim's founding study of suicide as well as discourses within sociology law medicine psychology knowledge and newsprint media this book demonstrates that suicide cannot be understood without understanding how gender shapes it and without giving explicit attention to the manner in which prevailing claims privilege some interpretations and experiences of suicide above others Revealing the masculine and masculinist terms in which our current knowledge of suicide is constructed The Gender of

Suicide explores the relationship between our grasp of suicide and problematic ideas connected to the body agency violence race and sexuality As such it will appeal to sociologists and social theorists as well as scholars of cultural studies philosophy law and psychology **Identity Crises** Robert G. Dunn,1998 Significant to Dunn s critique of poststructuralist and postmodern theories is his application of George Herbert Mead as a means of theorizing identity and difference The focus on postmodernity rather than postmodernism grounds his analysis of identity and difference both materially and socially

Critical Social Theory Tim Dant,2004-01-15 Critical theory has left an indelible mark on postwar social thought But what are the relations between critical theory and the cultural turn How did critical theory inform later French critical theorists such as Lefebvre Barthes and Baudrillard This accomplished and accessible book Demonstrates the origins of critical theory in the Marxian analysis of the capitalist mode of production and Freudian psychoanalysis Clearly explains the main achievements of critical theory Elucidates how critical theory defines culture as a system that constrains and alienates the individual Explores the potential for social change and personal emancipation in the critical heritage The author locates the importance of myth and reason the significance of sexuality the place of work the difference between art and entertainment the nature of everyday life and the relationship between knowledge and action The result is a lucid and informative text which will appeal to all students interested in the critical traditions of social thought **Crime, Genes, Neuroscience and Cyberspace** Tim Owen,2017-09-18 This book applies Owen s unique genetic social framework to the study of crime and criminal behaviour with an emphasis on cybercrime Moving beyond challenges which confront contemporary criminological theorizing such as the stagnation of critical criminology the relativistic nihilism of the cultural turn posthumanism and virtual criminology the author codifies and applies the latest version of the framework to the study of crime both in and out of cyberspace Drawing upon evolutionary psychology behavioural genetics and the philosophy of Heidegger he introduces new terms such as Neuro Agency and notions of Embodied Cognition into criminological theorizing Adopting a soft compatibilist approach to free will and Realist ontology Owen s meta theoretical focus provides a new direction for criminological theorizing in particular in the direction of the conceptualization and prediction of cyber violence Exciting and timely this book will appeal to scholars and advanced students of criminology law sociology social policy psychology philosophy policing and forensic investigation
