Continental Philosophy In Feminist Perspective:

Continental Philosophy in Feminist Perspective Herta Nagl-Docekal, Cornelia Klinger, 2010-11-01 We translate what American women write they never translate our texts wrote Helene Cixous almost two decades ago Her complaint about the unavailability of French feminist writing in English has long since been rectified but the situation for feminist writing by German speaking philosophers remains today what it was then This pioneering collection takes a giant step forward to overcoming this handicap revealing the full richness and variety of feminist critique ongoing in this linguistic community The essays offer fresh readings of thinkers from the Enlightenment to the present including those often discussed by feminists everywhere such as Freud Habermas Hegel Kant and Rousseau as well as some less subjected to feminist critique such as Benjamin and Weininger In their Introduction the editors provide the context for understanding both how these essays fit into the larger picture of developing feminist theory and what makes their contribution in some ways distinctive

Convergences Maria del Guadalupe Davidson, Kathryn T. Gines, Donna-Dale L. Marcano, 2010-10-01 Black Feminism and Continental Philosophy in dialogue

Continental Philosophy in Feminist Perspective John E. Douglas, 2000

Re-visioning Gender in Philosophy of Religion Pamela Sue Anderson, 2012 Unearthing the ways in which the myths of Christian patriarchy have historically inhibited and prohibited women from thinking and writing their own ideas this book covers fresh ground for revisioning the epistemic practices of philosophers Anderson seeks both to draw out the salient threads in the gendering of philosophy of religion as it has been practiced and to revision gender for philosophy today

Is Women's Philosophy Possible? Nancy J. Holland, 1990 Rich in illusions the book brings together in intriguing and helpful ways very different approaches to feminist theory CHOICE provides an indispensable guide for each of us searching for a new way of doing philosophy as women Nancy Tuana Editor NEWSLETTER ON FEMINISM AND PHILOSOPHY

Rethinking Feminist Phenomenology Sara Cohen Shabot, Christinia Landry, 2018-10-05 Although feminist phenomenology is traditionally rooted in philosophy the issues with which it engages sit at the margins of philosophy and a number of other disciplines within the humanities and social sciences This interdisciplinarity is emphasised in the present collection Rethinking Feminist Phenomenology focuses on emerging trends in feminist phenomenology from a range of both established and new scholars It covers foundational feminist issues in phenomenology feminist phenomenological methods and applied phenomenological work in politics ethics and on the body The book is divided into three parts starting with new methodological approaches to feminist phenomenology and moving on to address popular discourses in feminist phenomenology that explore ethical and political embodied and performative perspectives

Feminist Philosophy Herta Nagl-Docekal, 2004-04-08 Are we in a post feminist era Has the term feminist grown out of its resisted stance What from today's standpoint is an appropriate concept of feminist philosophy And is it not the case that all people thinking democratically must share its central concern In Feminist Philosophy internationally acclaimed philosopher Herta Nagl

Docekal discusses and critiques the theories of today Her study ranges across philosophical anthropology aesthetics philosophy of science the critique of reason political theory and philosophy of law Feminist Philosophy confronts the entire field with the problem of the hierarchical relations of the sexes Throughout her work Nagl Docekal affirms the importance of feminist thought as she presses for new approaches to common problems Women Philosophers on Economics, Technology, Environment, and Gender History Ruth Edith Hagengruber, 2023-08-21 In times of current crisis the voices of women are needed more than ever The accumulation of war and environmental catastrophes teaches us that exploitation of people and nature through violent appropriation and enrichment for the sake of short term self interest exacts its price This book presents contributions on the currently most relevant and most urgent issues reshaping the economy environmental problems technology and the re reading of history from the non western and western tradition With an outlook into the problems of class race and gender in its intersectional framing the collection offers a unique overview of current research in these fields and contributes to the renewal and contemporary presentation of feminist thought from partly concrete perspectives with regard to factual issues Latin American Perspectives on Globalization Mario Sáenz, 2002 From the most prominent thinkers in Latin American philosophy literature politics and social science comes a challenge to conventional theories of globalization The contributors to this volume imagine a discourse in which revolution is defined not as a temporalized march of progress or takeover of state power but as a movement for local control that upholds standards of material conditions for human dignity Essays on identity equality and ethics propose models of transcultural and intercultural relations that replace center periphery or world systems approaches they impel us to focus on building dialogic relationships rather than on accommodating universalized paradigms Ultimately suggesting a reconstruction of the world in terms of the interests of one of the peripheral regions of the world Latin American Perspectives on Globalization argues with cogency and urgency that no one within contemporary globalization debates can afford to ignore the Latin American philosophical tradition *Beauvoir and Western Thought from Plato to Butler* Shannon M. Mussett, William S. Wilkerson, 2012-11-20 Despite a deep familiarity with the philosophical tradition and despite the groundbreaking influence of her own work Simone de Beauvoir never embraced the idea of herself as a philosopher Her legacy is similarly complicated She is acclaimed as a revolutionary thinker on issues of gender age and oppression but although much has been written weighing the influence she and Jean Paul Sartre had on one another the extent and sophistication of her engagement with the Western tradition broadly goes mostly unnoticed This volume turns the spotlight on exactly that examining Beauvoir s dialogue with her influences and contemporaries as well as her impact on later thinkers concluding with an autobiographical essay by bell hooks discussing the influence of Beauvoir s philosophy and life on her own work and career These innovative essays both broaden our understanding of Beauvoir and suggest new ways of understanding canonical figures through the lens of her work

Feminist Phenomenology and Medicine Kristin Zeiler, Lisa Folkmarson Käll, 2014-02-21 Situated at the intersection of

phenomenology of medicine and feminist phenomenology this volume provides insights into medical practices such as surgical operations organ transplants dentistry midwifery and psychiatry The contributors make clear the relevance of feminist phenomenology to the fields of medicine and health by highlighting difference vulnerability and volatility as central dimensions of human experience rather than deviations It also further vitalizes the field of phenomenology by bringing it into conversation with a range of different materials including case studies fiction and other forms of narrative and shedding new light on issues like bodily self experience normality and deviance self alienation and objectification The volume s focus on concrete experience develops and sharpens the methodological tools and conceptual framework of phenomenology and makes it an excellent resource for scholars students and medical practitioners alike

Domination and Global Political Justice Barbara Buckinx,Jonathan Trejo-Mathys,Timothy Waligore,2015-02-11 Domination consists in subjection to the will of others and manifests itself both as a personal relation and a structural phenomenon serving as the context for relations of power Domination has again become a central political concern through the revival of the republican tradition of political thought not to be confused with the US political party However normative debates about domination have mostly remained limited to the context of domestic politics Also the republican debate has not taken into account alternative ways of conceptualizing domination Critical theorists liberals feminists critical race theorists and postcolonial writers have discussed domination in different ways focusing on such problems as imperialism racism and the subjection of indigenous peoples This volume extends debates about domination to the global level and considers how other streams in political theory and nearby disciplines enrich expand upon and critique the republican tradition s contributions to the debate This volume brings together for the first time mostly original pieces on domination and global political justice by some of this generation s most prominent scholars including Philip Pettit James Bohman Rainer Forst Amy Allen John McCormick Thomas McCarthy Charles Mills Duncan Ivison John Maynor Terry Macdonald Stefan Gosepath and Hauke Brunkhorst

A Phenomenology for Women of Color Emily S. Lee,2024-01-15 A Phenomenology for Women of Color Merleau Ponty and Identity in Difference explores how phenomenology can help philosophy of race explain the persistence of race as a key indicator of social standing Engaging with the work of women of color to think more deeply about our racial and gendered structural relations with one another Emily S Lee argues that phenomenology is helpful in two ways 1 race as a social construct is phenomenal and 2 Merleau Ponty s phenomenology centers on embodiment and therefore applies to both feminist and racial concerns Lee defines the phenomenon of race as a structure that is open ended is developed creatively and mediates one s situatedness in the world and relations with others Drawing on ideas from Husserl Heidegger Sartre and Merleau Ponty this book depicts the dynamic and creative expressions of race and racism to address the ambiguities within

the experiences of race and sex and ultimately to conceptualize the identity group women of color
