Social Work Diagnosis in Contemporary Practice Francis J. Turner, 2005-02-10 The unifying theme of this broad reaching volume is that responsible ethical and effective social work practice rests on the diagnostic skills of the practitioner Social work diagnosis refers to the conscious formulation of an ongoing set of decisions about the client and his or her situation which serve as the basis for intervention decisions for which the practitioner must be prepared to take responsibility Diagnostic skill development is an ongoing process principally enhanced by a continuous commitment to remain at the cutting edge of the profession's body of knowledge but one of the challenges for today's practitioner is keeping abreast of the rapidly expanding body of knowledge contained in some 200 important social work periodicals in circulation Francis J Turner a preeminent clinical scholar brings together in one volume some of the best work published since 2000 each reflecting new insights into understanding psychosocial situations and innovative methods of applying knowledge and skills in an increasingly effective manner Each of the 78 articles in this volume highlights some of the critical dimensions of contemporary social work practice guiding clinicians to address four key aspects in order to craft an accurate diagnosis The first section presents articles covering the developmental spectrum each of which fully explains various ages and stages of development The second section focuses on a range of specific situations helping practitioners and students enrich their understanding of different types of problems they meet in contemporary practice whether they are based in mental illness psychosocial issues or physical ailments The third section addresses the crucial component of diversity demonstrating the complexity and critical importance of truly understanding clients and their lives The last section of the book discusses innovative approaches to practice selected to offer practitioners easy access to the latest interventions for a host of contemporary challenges facing clients and their therapists Broad in scope and tightly focused on the goal of providing the most up to date information necessary for accuracy in the diagnostic process this volume represents some of the best research available to today's social workers

Family Relations Timothy H. Brubaker, 1992-10-26 As the social world of American families feverishly changes single parent families dual career couples and blended families have quickly become the norm rather than the exception In *Family Relations* a distinguished group of leading family researchers including Joan Huber David Olson Hamilton McCubbin and Marilyn Coleman examines the social changes that have gripped society and explains their impact on family relationships and functioning Initial chapters address principal theories of change the remainder of the volume addresses the predominant challenges facing contemporary families such as work family interface violence family dysfunction family crisis divorce and the transition to marriage and parenthood The contributors make

suggestions for change in family policy family therapy and family life education and conclude with an overview of the current state of families and future directions This comprehensive and interesting volume is for students family researchers sociologists psychologists counselors family life educators and policy analysts True to its aim it informs about the latest understandings and tools of intervention to help overcome the formidable challenges to the family there is some worthy scholarship to be found in this volume chapter 3 on gender and role change is a lively and readable summary British Journal of Social Work This volume has much to offer For example the volume contains demographic information often needed by practitioners and policymakers at a moment s notice Literature reviews not only summarize research on a particular topic but also are organized around a theoretical framework Well known authors have contributed scholarly insightful commentaries on current family issues and challenges for the future In short this book provides information that practitioners and policymakers could use to do the following establish the need and rationale for programming and applied research justify the expenditure of funds for children and families ground their work in theory and research conduct in service education and consider program evaluation strategies This book is well written and provides a valuable resource for the intended readership I look forward to the second volume Journal of Marriage and the Family *Contemporary Family Issues* Leah Ruppanner,2015 *Autoethnography as Feminist Method* Elizabeth Ettorre,2016-11-25 Autoethnography is an ideal method to study the feminist I Through personal stories the author reflects on how feminists negotiate agency and the effect this has on one s political sensibilities Speaking about oneself transforms into stories of political responsibility a key issue for feminists who function as cultural mediators **The Reception of Ancient Virtues and Vices in Modern Popular Culture** ,2017-07-31 In *Ancient Virtues and Vices in Modern Popular Culture* Eran Almagor and Lisa Maurice offer a comprehensive collection of chapters dealing with the reception of antiquity in popular media of the modern era 19th 21st centuries These media include theatrical plays cinematic representations Television drama popular newspapers or journals poems and outdoor festivals For the first time in Classical Reception Studies ancient Jewish literature and imagery are included in the discussion The focus of the volume is both the continuity and variance between ancient and modern sets of values which appear in the new interpretations of the ancient stories figures and protagonists **Analyzing Inequalities** Catherine E.
