Politics in the Republic of Ireland John Coakley, Michael Gallagher, 2012-12-12 Politics in

the Republic of Ireland is now available in a fully revised fourth edition Building on the success of the previous three editions this text continues to provide an authoritative introduction to all aspects of politics in the Republic of Ireland Written by some of the foremost experts on Irish politics it explains analyzes and interprets the background to Irish government and contemporary political processes Crucially it brings the student up to date with the very latest developments New patterns of government formation challenges to the established political parties ever deepening if sometimes ambivalent involvement in the process of European integration a growing role in the politics of Northern Ireland and sustained discussion of gender issues are among these developments along with evidence revealed by several tribunals of enquiry that Irish politics is not as free of corruption as many had assumed

Female Combatants after Armed Struggle Niall Gilmartin, 2018-12-07 This book stems from a simple feminist curiosity that can be succinctly summed up into a single question what happens to combatant women after the war Based on in depth interviews with 40 research participants mostly former combatants within the Irish Republican Army IRA this book offers a critical exploration of republican women and conflict transition in the North of Ireland Drawing on the feminist theory of a continuum of violence this book finds that the dichotomous separation of war and peace within conventional approaches represents a gendered fiction Despite undertaking wartime roles that were empowering agentic and subversive this book finds that the post conflict moment as experienced by female combatants represents not peace and security but a continuity of gender discrimination violence injustice and insecurity The experiences and perspectives contained in this book challenge the discursive deployment of terms such as post conflict peace and security and moreover shed light on the many forms of post war activism undertaken by combatant women in pursuit of peace equality and security The book represents an important intervention in the field of gender political violence and peace and more specifically female combatants and conflict transition It is analytically significant in its exploration of the ways in which gender operates within non state military movements emerging from conflict and will be of interest to students and scholars alike

Women and Political Violence Miranda Alison, 2009-01-21 This book directly challenges the stereotype that women are inherently peaceable by examining female combatants involvement in ethno national conflicts Drawing upon empirical case studies of Sri Lanka and Northern Ireland this study explores the ways in which women have traditionally been depicted Whereas women have predominantly been seen as victims of conflict this book acknowledges the reality of women as active combatants Indeed female soldiers irregulars are features of most modern conflicts and particularly in ethno nationalist violence until now largely ignored by mainstream scholarship Original interview material from the author s extensive fieldwork addresses why and how some women choose to become violently engaged in nationalist conflicts It also highlights the personal political costs and benefits incurred by such women This book provides a valuable insight into female combatants and is a significant contribution to the literature This book will be of great interest to students of political violence ethnic conflict gender studies and international relations in general

Consensus Decision Making, Northern

Ireland and Indigenous Movements Patrick G. Coy, 2003 Presents a study of social movement decision making through seven case studies This book focuses on Northern Ireland where frustration with inter community conflict resolution spawned a movement promoting intra community or single tradition programs *Abortion Law and Political Institutions* Jennifer Thomson, 2018-11-11 This book provides a comprehensive study of abortion politics and policy in Northern Ireland Whilst there is a substantial amount of literature on abortion in Ireland and the rest of the United Kingdom there has been scant academic attention paid to the situation in Northern Ireland Adopting a feminist institutionalist framework the book illustrates the ways in which abortion has been addressed at both the national institution at Westminster and the devolved institution at Stormont Covering the period from early peace process in the 1980s to the present day the text will be of interest to politics scholars but also sociologists historians and students of Irish studies *A Just Society for Ireland? 1964-1987* C. Meehan, 2013-10-15 Drawing on interviews with key players and previously unused archival sources this book offers a fascinating account of a critical period in Fine Gael's history when the party was challenged to define its place in Irish politics **The Irish Women's Movement** Linda Connolly, 2001-11-12 This book provides a comprehensive analysis of the emergence consolidation and development of the Irish women's movement as a social movement in the course of the twentieth century It seeks to address several lacunae in Irish studies by illuminating the processes through which the movement and in particular networks of constituent organisations came to fruition as agencies of social change The central argument advanced is that when viewed historically the Irish women's movement is characterised by its interconnectedness and continuity the central tensions themes and organising strategies of the movement connects diverse organisations and constituencies over time and space This book will be essential reading for those interested in Irish studies sociology history women's studies and politics **'The Age-old Struggle** Jack Hepworth, 2021 The Age Old Struggle analyses the internal dynamics of Irish republicanism between the outbreak of the Troubles in 1969 and the Good Friday Agreement of 1998 Drawing upon the words and writings of more than 250 Irish republicans this book scrutinises the movement's historical and contemporary complexity Yet it also examines the centripetal forces which connected republican organisations through decades of struggle *Northern Ireland and the Divided World* John McGarry, 2001-07-26 Written by a leading group of scholars in the field this unique volume examines post Agreement Northern Ireland It shatters the myth that Northern Ireland is a place apart its conflict the result of peculiarly local circumstances Northern Ireland is compared with other divided societies in four continents including the Aland Islands the Basque Country Canada Cyprus Corsica East Timor Israel Palestine Lebanon Puerto Rico South Africa South Tyrol and Sri Lanka The collection shows that comparative analysis is essential for understanding the dynamics of Northern Ireland's conflict and ethnic conflict in general It also shows the value of comparative analysis for conflict management The contributors offer a wealth of suggestions on how to consolidate or change the landmark Agreement that Northern Ireland's political parties reached in April 1998 *Asian Cities in an Era of*

Decentralisation Fiona Buckley, Yvonne Galligan, 2016-02-08 This book explores the relationship between women the state and democratic politics in Ireland today It highlights the conservatism of the political culture shared by all traditions on the island and how this culture circumscribes women s political agency in Northern Ireland and Ireland The book explores the opportunities and obstacles to women s participation and representation on each side of the border The chapters take the view that public decision making institutions and processes are subject to rules and practices that reinforce the gendered foundations of democratic politics They document women s continuing quest for full participation and equal representation in these male gendered arenas The contributors focus on the marginalised experiences of women in modern politics in Ireland and detail their efforts to challenge the masculinized status quo The book addresses the classical issues of citizenship participation representation and equal rights in a sustained analysis of the political systems on the island It also deals with modern issues multiculturalism peace building the male gendered legislature and the unequal nature of women s citizenship in constitutional institutional and policy contexts The book is completed by a comprehensive appendix of all women elected to political office on the island from 1918 2013 This book was published as a special issue of Irish Political Studies

Asian Cities in an Era of Decentralisation Michelle Ann Miller, Tim Bunnell, 2016-03-16 This book critically engages with the idea of decentralization as empowering cities and their residents to act innovatively and creatively The contributions thus highlight how the term empowerment in the context of decentralization regimes masks a competing array of intentions and agendas Who and what are empowered given a voice and allowed to participate via the processes and structures of decentralization and to what ends are too frequently assumed in normative conversations about bringing government closer to the people and community driven development Creating an illusion of a shared language and common set of priorities therefore obscures more complex realities particularly when there is a disconnect between the official goals of decentralization and civil society aspirations that reinforces politics of exclusion at the grassroots Equally official processes of decentralization can and often are accompanied by less visible processes of recentralization through the reassertion of central state control over putatively autonomous jurisdictions Through studies in six Asian countries India the Philippines Indonesia Bangladesh Thailand and Japan the essays in this book examine cases whereby a range of urban actors and institutions have been empowered via decentralization and how this realignment of local power relations impacts upon the dynamics of urban governance albeit not always in socially progressive ways This book was published as a special issue of Space and Polity

intermingling of different sources that highlight the role of personal papers memory space materials and experience in understanding the complexities of both Northern Ireland as a people place and political entity *Ulster Loyalism after the Good Friday Agreement* J. McAuley, G. Spencer, 2011-01-19 A timely assessment of loyalist history identity and community in Northern Ireland today which provides a comprehensive picture of how loyalism has reacted to changes since the Good Friday Agreement Challenging simplistic stereotypes of loyalism this book provides a complex multi faceted explanation of the loyalist imagination
