Over and Back: A Daring Band of American Pilots Flying North to South Into Mexico! Wild Bill Callahan, 2013-03-23 A fast paced riveting and vividly told story of unknown and true aviation adventure in the spirit of the legendary Air America An abundance of actual photos accompany the 328 pages of text Throughout the author entertains with gut busting laughs and anecdotes of some truly extraordinary aviating the likes of which will never be seen again Summer 1984 A lone desperate pilot arrives in the blistering heat of the south Texas border city of McAllen Searching for a flying job he finds old aircraft flying south in the dead of night their cabins overloaded with electronic contraband They were headed for clandestine airstrips deep into Mexico s interior With pockets full of hope and not much else the pilot s fragile lives hung literally on both engines running Read about the incredible adventures the hair raising escapes the long prison terms and death that await them south of the border Read about the inherent danger in flying the dark sinister Sierras and landing at blacked out improvised airstrips Dealing with corrupt and ruthless Mexican authorities pilots found their well being hung by a tenuous thread Everyone north and south had a price For more than a few that price was death While not exactly a fountain of information Chuck did manage to leave me with an uplifting reflection as I ambled away from his esteemed presence I think he had sensed my apprehension Offhandedly he said that no one had been killed since early June My pace slowed a bit as that uncertain benediction hit home like a June bug smackin a Harley driver s eyeball Whap I took a quick look at my Seiko watch a long lived holdover from another asylum of anxiety called Vietnam The day date showed Jun 21 Maybe he meant last June I thought I turned to ask but changed my mind With a somewhat dampened spirit I returned to my metal abode for more contemplation Keeping my options open grew more appealing for now

Drug Lord Terrence E. Poppa, Charles Bowden, 2011-04 Twenty years after writing *Drug Lord* Terrence Poppa decided the information in his book was more important than ever In an important interview with the Texas Tribune Poppa explains that the Mexico that I wrote about in the book describes the old order of things Mexico under the PRI In that sense the book was out of date because how drug trafficking operated under the PRI is completely different than how it works today in a new Mexico under the democratically transformed Mexico There has been a decoupling of the highest levels of power from drug trafficking now It s important for people to understand that so I had to bring the book up to date
