Contraceptive technology, 1990-1992 Robert Anthony Hatcher, 1990 **Contraceptive Technology, 1990-1992** Robert Anthony Hatcher, 1990 Contraceptive Technology Robert Anthony Hatcher, 2007 The leading reference in reproductive health for 30 years with over 2 000 000 copies in print Contraceptive Technology is included on CD ROM with all copies of the book and also available separately as listed below This is a direct electronic conversion complete and unabridged in a PDF format Includes word searching capabilities of the full Contraceptive Technology text Patient instructions or other content for individual counseling or use may also be printed out Active links are provided to the 300 websites recommended by the authors throughout Contraceptive Technology Please see the pages in the back of this book with instructions on how to activate and use the CD ROM Book jacket Contraceptive Technology Patty Cason, Carrie Cwiak, Alison Edelman, Deborah Kowal, 2023-09-26 Contraceptive Technology is a one stop person centered reference guide for students and practitioners in sexual and reproductive health care professions Whether it is family planning discussing reproductive desires maintaining contraception while managing a specific condition abortion reproductive tract infection or post partum contraception this trusted resource can be referenced in any situation when working with patients seeking guidance on reproduction sexual health and contraceptive options Now in its 22nd edition this best selling reference provides breadth depth of knowledge and expansive research from over 85 medical experts in the fields of contraception sexual health reproductive health and infectious disease With a holistic approach this edition continues the tradition of focusing on the individual patients meeting them where they are to offer respectful appropriate care and services *Preventing AIDS* Ralph J. DiClemente, John L. Peterson, 2013-06-29 Public health has a legacy of neglect regarding social and behavioral research Too often prompted by technical and scientific progress we have ignored even marginalized the vital human element in health thinking and practice Thus for example while family planning programs focused on providing a choice among safe and effective contraceptive methods a supremely worthy goal the central issue of sexuality and sexual behavior was generally neglected Similarly the enormous and important efforts to develop rapid and reliable diagnostic and treatment methods for sexually transmitted diseases helped divert attention away from the crucial issues of sexual practice In short we seem to have difficulty addressing the fundamental behaviors including sex drug taking and other intoxications and violence that are central to the major causes of preventable morbidity disability and premature mortality in the world today Our collective reluctance to examine and understand ourselves is also expressed in the oft repeated pipedream that scientific progress will take care of the HIV AIDS pandemic by delivering a preventive vaccine an effective cure or both Yet even a cursory glance at the relationship between scientific technical progress and health shows that meeting the scientific challenges is only one step toward effective application of the vaccine or drug It is typical not atypical that hepatitis B vaccine is only now becoming relatively freely available to large populations in the developing world more than a decade after the vaccine's licensure

Bodies of Technology Ann Rudinow Saetnan,Nelly Oudshoorn,Marta Stefania Maria Kirejczyk,2000 This work is based on a concern for women s health and autonomy and on the premise that technology and society mutually shape one another A basic question is one of cultural appropriation Do technologies take on different shapes different practices and have different impacts as they spread from one place to another By juxtaposing a number of culturally and historically contextualized studies of similar technologies the editors demonstrate that although technologies globalize by spreading among cultures they are also localized by the cultures they encounter
