Contre Jour A Triptych After Pierre Bonnard:

Contre-jour Gabriel Josipovici, 1986 Thomas Bernhard's Afterlives Olaf Berwald, Stephen D. Dowden, Gregor Thuswaldner, 2020-10-01 In his prose fiction memoirs poetry and drama Thomas Bernhard 1931 1989 one of the 20th century's most uniquely gifted writers created a new and radical style seemingly out of thin air His books never tell a story in the received sense Instead he rages on the page he rants and spews vitriol about the moral failures of his homeland Austria in the long amnesiac aftermath of the Second World War Yet this furious prose seemingly shapeless but composed with unparalleled musicality and taxing by conventional standards has been powerfully echoed in many writers since Bernhard's death in 1989 These explorers have found in Bernhard's singular accomplishment new paths for the expression of life and truth Thomas Bernhard's *Afterlives* examines the international mobilization of Bernhard's style Writers in Italian German Spanish Hungarian English and French have succeeded in making Bernhard's Austrian vision an international vision This book tells that story Narrative Theory: Special topics Mieke Bal, 2004 **John McGahern and Modernism** Richard Robinson, 2016-12-15 John McGahern's work is not easily conceived of as belatedly modernist His memorialising faintly archaic style implies a concern with making it old rather than new suggesting the symptomatic diffidence of many who wrote in the wake of modernism Nevertheless McGahern's statements about the presence of words and the hard won impersonality of the artwork point to a covert engagement with modernist aesthetics Offering intertextual interpretations of McGahern's six novels and of thematically grouped short stories Richard Robinson reads McGahern's fiction alongside writing by Joyce Proust Yeats Beckett Nietzsche Lawrence and Chekhov amongst others Drawing out the ways in which McGahern's fiction conceals and reveals its modernist traces this study considers subjects such as low modernism the complexity of McGahern's time writing and his dialectical construction of the relationship between cultural tradition and modernity in Ireland McGahern's narratives of melancholic return are often read psycho biographically but they also involve a return to the remnants of literature including that of the modernist canon This book will be of interest not only to McGahern scholars but also to those who contemplate the compromised legacies of literary modernism in late twentieth century and contemporary writing A Sourcebook of Gauguin's Symbolist Followers Russell T. Clement, Annick Houzé, Christiane Erbolato-Ramsey, 2004-06-30 Paul Gauguin 1848 1903 played a seminal role in Post Impressionist France In his writings and work he favored emotional responses to nature over intellectual uses of lines color and composition In 1888 he and Emile Bernard developed a new style called Synthetism Three groups of Gauguin's symbolist followers Pont Aven Les Nabis and Rose Croix pursued and extended the Synthetist vision This sourcebook focuses on the most prominent adherents of the three schools directly affected by Gauguin's symbolism This is the first comprehensive single volume guide and bibliography of artists in these three important French avant garde movements This work covers the entire careers of 16 artists by providing biographical sketches chronologies citations to primary and secondary literature and exhibitions

eerie calm Its three plots relationships and time scales are tightly woven into a single story three voices as in an opera by Monteverdi provide the soundtrack enhanced by a chorus of friends and acquaintances The main voice is that of a translator who moves from London to Paris and then to Wales the setting for an unexpected conflagration The ending at once confirms and suspends the reader's darkest intuitions The Cemetery in Barnes reaffirms Josipovici's status as one of the very best writers now at work in the English language and a man whose writing both in fiction and in critical studies displays a unity of sensibility and intelligence and deep feeling difficult to overvalue at any time Guardian

annotations make important connections between Bonnard's photographs and his drawings and paintings *Assured Self, Restive Self* Prasanta Chakravarty, 2023-07-30 The book explores the encounter of the self with situations of crisis from diverse disciplinary and cultural perspectives from antiquity to contemporary times A crisis is at once a historically situated phenomenon and a recurring idea of endangerment or a breakdown in creaturely living By making our choices stark and difficult crisis opens up the possibility for genuinely fresh and unexpected beginnings At the most fundamental level crisis is the disintegration of relationality among creatures In fact crisis is a battle of attrition with and within selfhood It has the potential to turn into a norm in everyday interaction It then stops being an exception and becomes the very condition of our living Through the rubrics of the assured and the restive the volume addresses how selfhood encounters and negotiates concentric circles of crisis in life and literature Does the idea of crisis allow us to formulate the idea of self in a particular way How do certain sources and resources within the self stoic or heroic political and creative come into being during crisis While some essays delve into questions of repose and sensuality by highlighting specific cases and trajectories from the subcontinent others deal with questions of mythology politics and art in a wider sense One essay directly addresses the core literary question of the uncanny and its relation to selfhood While specific concerns illuminate each essay the volume speaks with a collective global sense of crisis that faces humanity now and tentatively offers some prospects to deal with it **The Book of God** Gabriel Josipovici, 1990-01-01 Is the Bible one book or a collection of writings If it is a book does it stand as a coherent piece of literature Building on the recently renewed interest in biblical narrative associated with Erich Auerbach Northrop Frye and Robert Alter Gabriel Josipovici here sets out to answer these and other equally fascinating questions Developing his argument through close textual analysis Josipovici draws on his deep knowledge and appreciation of medieval and modern art and literature and on his personal understanding of the possibilities of narrative His beautifully written book not only lifts literary biblical criticism to a new level but also makes the Bible accessible to our secular age This is a book to be grateful for thoughtful deeply felt and beautifully written David Lodge Independent Full of such insights which deserve and need to be pondered by both literary critics and Biblical scholars of the traditional sort John Barton London Review of Books His book is easy intimate and direct partly because he has digested all his learning partly because his dissatisfaction with his predecessors' solutions never belittles them and partly because his own readings are those of a cultivated contemporary who though respectful is not awestruck Whatever he turns to he illuminates The New Yorker His urbane style shrewd discernment subtle humor and above all his passion for words lead us to listen in fresh ways Walter Brueggemann Theology Today As A Response to the Bible The Book of God is fresh and energetic scattering insights in all directions making original and unexpected connections between the Bible and such modern authors as Proust casting new light upon such questions as the Bible's place in Western culture the nature of its authority the unity and discontinuities of the text and the need for a perspective that at once transcends and unites historical theological and aesthetic interpretation Northrop

Frye **The Jewish Quarterly** ,1987 The Singer on the Shore Gabriel Josipovici,2006 From the title essay which examines the relationship between artists works and their beliefs to the concluding meditations on memory and the Holocaust The Singer on the Shore is unified by the two themes of Jewish experience with its consciousness of exile and the time bound nature of human activity and of the role of the work of art as a toy to be played with and dreamed about Josipovici s critical writing is informed by his own experience as a writer and is thus both authoritative and undogmatic This is a volume that like a book of poems rewards repeated reading for it not only illuminates the topics with which it deals it also raises the larger question of the place of art in life and of the possibilities open to art today Jacket **Whitaker's Cumulative Book List** ,1986 **Metzler Lexikon englischsprachiger Autorinnen und Autoren** Eberhard Kreutzer,Ansgar Nünning,2017-02-18 In rund 650 Portraits stellt dieses Lexikon englischsprachige Autorinnen und Autoren vom frühen Mittelalter bis zur unmittelbaren Gegenwart vor über den bekannten Kanon hinaus präsentiert das Lexikon sehr viele Autorinnen und Autoren aus dem globalen Einzugsbereich der New English Literatures sowie Autorinnen und Autoren aus neuester Zeit
