**Aelred of Rievaulx** John R. Sommerfeldt, 2005 For the medieval Cistercian abbot Aelred of Rievaulx human beings are capable of happiness because human nature is good but the self defeating choices of humans have led to their misery A loving God leads humans to happiness by nudging their free wills toward choosing the good and then if they respond positively giving them the power to realize that good The power or virtue which perfects the human intellect is humility which is not meekness but self knowledge gained through introspection and meditation on and through nature and Scripture The will is perfected through love without which no human act is good Love for oneself for others and for God are complementary not competing acts of the will A special way of loving is friendship on which Aelred's teaching is perhaps the most complete and most sophisticated in the history of Christian thought Perfection is for Aelred attainable in this life since he sees perfection as a process not a static condition That condition will be attained in the total fulfillment of the afterlife

**The First Life of Bernard of Clairvaux** William of Saint-Thierry, Arnold of Bonneval, Geoffrey of Auxerre, 2015-12-07 The First Life of Bernard of Clairvaux traditionally known as the Vita Prima originated to prepare the case for canonization of Bernard first abbot of Clairvaux The work was begun by William of Saint Thierry continued by Arnold of Bonneval and completed by Geoffrey of Auxerre When the initial case put forth for Bernard was rejected by Innocent II Geoffrey undertook a revision of the original vita Recension A and submitted another version Recension B to Pope Alexander III who declared Bernard a saint in 1174 This work emphasizes the deep love in which Bernard was held during his life by his monks and the people of France and Italy as well as his role as a powerful public figure This book contains the first English translation of Recension B drawn from what is apparently the only manuscript of the work found today in a Cistercian monastery Mount Saint Bernard Abbey The introduction begins with the story of how this manuscript came to Mount Saint Bernard so fixing this translation of the Vita prima within Cistercian life from the twelfth century to today

**Bernard of Clairvaux on the Life of the Mind** John R. Sommerfeldt, 2004 A study of the many faceted complex yet consistent thought of the most influential thinker of the first half of the twelfth century whose thought influenced all medieval thinkers including Luther and Calvin      **The Cistercian Order in Medieval Europe** Emilia Jamroziak, 2015-06-22

The Cistercian Order in Medieval Europe offers an accessible and engaging history of the Order from its beginnings in the twelfth century through to the early sixteenth century Unlike most other existing volumes on this subject it gives a nuanced analysis of the late medieval Cistercian experience as well as the early years of the Order Jamroziak argues that the story of the Cistercian Order in the Middle Ages was not one of a Golden Age followed by decline nor was the true Cistercian spirit exclusively embedded in the early texts to remain unchanged for centuries Instead she shows how the Order functioned and changed over time as an international organisation held together by a novel management system from Estonia in the east to Portugal in the west and from Norway to Italy The ability to adapt and respond to these very different social and economic conditions is what made the Cistercians so successful This book draws upon a wide range of primary sources as well as scholarly literature in several languages to explore the following key areas the degree of centralisation versus local specificity how much the contact between monastic communities and lay people changed over time how the concept of reform was central to the Medieval history of the Cistercian Order This book will appeal to anyone interested in Medieval history and the Medieval Church more generally as well as those with a particular interest in monasticism      A

Kaczynski,2020-09-29 The Handbook takes as its subject the complex phenomenon of Christian monasticism It addresses for the first time in one volume the multiple strands of Christian monastic practice Forty four essays consider historical and thematic aspects of the Catholic Eastern Orthodox Oriental Orthodox Protestant and Anglican traditions as well as contemporary new monasticism The essays in the book span a period of nearly two thousand years from late ancient times through the medieval and early modern eras on to the present day Taken together they offer not a narrative survey but rather a map of the vast terrain The intention of the Handbook is to provide a balance of some essential historical coverage with a representative sample of current thinking on monasticism It presents the work of both academic and monastic authors and the essays are best understood as a series of loosely linked episodes forming a long chain of enquiry and allowing for various points of view The authors are a diverse and international group who bring a wide range of critical perspectives to bear on pertinent themes and issues They indicate developing trends in their areas of specialisation The individual contributions and the volume as a whole set out an agenda for the future direction of monastic studies In today s world where there is increasing interest in all world monasticisms where scholars are adopting more capacious global approaches to their investigations and where monks and nuns are casting a fresh eye on their ancient traditions this publication is especially timely

**Everyday Christian Teaching** David I. Smith,2025-02-20 Discover how ordinary moments in the school year can become occasions for making profound connections between faith and pedagogy In this encouraging and practical book education expert David I Smith invites Christian educators on a journey through the school year that will deepen their capacity to make thoughtful connections between their faith and their pedagogy Mirroring the rhythms of an academic year the book embraces and explores the mundane moments that all teachers experience every semester Starting the course Setting some norms for interaction Choosing how to frame the material Assigning tasks Repeating things Pausing Bringing things to a close The topics are deliberately ordinary because as Smith demonstrates the shape of one s teaching is mainly built from the unspectacular choices and actions that gradually shape the texture of life in the classroom If educators want to think well about Christian faith and teaching and act well in the classroom they need to learn to reflect well on those ordinary steps in the journey Everyday Christian Teaching builds on Smith s previous book On Christian Teaching Practicing Faith in the Classroom where he made a persuasive case for connecting faith and pedagogy The new book aims to put this idea into practice as Smith explains in the introduction Suppose we want to get better at thinking about faith and teaching together What then What does the road look like and how do we walk it wisely If we d like to be a pilgrim how do we make progress Taking up such questions with wisdom and empathy Everyday Christian Teaching helps educators develop faith informed insights and life giving practices that can transform their teaching over the course of time Inventing

Sempringham Katharine Sykes,2011 This book explores the origins of the role of the Master or head of the order of Sempringham the only monastic order to be founded in medieval England from the foundation of the order to the final

drafting of its legislation in the 1230s The book demonstrates that many previous assumptions about the early development of this important role are flawed most notably the standard portrait of Gilbert of Sempringham founder of the order as a stereotypical charismatic leader big on ideas but short on the capacity to provide his followers with effective leadership Series Vita regularis Ordnungen und Deutungen religiösen Lebens im Mittelalter Abhandlungen Vol 46 **The Lost Love Letters of Heloise and Abelard** Constant J. Mews, 2016-09-23 This new edition offers fascinating insights into one of the most celebrated love affairs of the Middle Ages A new chapter charts the debate about the letters and offers fresh evidence to attribute them to Abelard and Heloise The complete Latin text is reproduced with an annotated translation by Chiavaroli and Mews **Burning Bodies** Michael D. **Truth and the Heretic** Karen Sullivan, 2005-09-15 Exploring the figure of the heretic in Catholic writings of the twelfth and thirteenth centuries as well as the heretic's characterological counterpart in troubadour lyrics Arthurian romance and comic tales Truth and the Heretic seeks to understand why French and Occitan literature of the period celebrated the very characters who were so persecuted in society at large Karen Sullivan proposes that such literature allowed medieval culture a means by which to express truths about heretics and the epistemological anxieties they aroused The first book length study of the figure of the heretic in medieval French and Occitan literature Truth and the Heretic will fascinate historians of ideas and literature as well as scholars of religion critical theory and philosophy *The Revelations of St Birgitta* Jonathan Adams, 2015-10-14 In The Revelations of St Birgitta A Study and Edition of the Birgittine Norwegian Texts Swedish National Archives E 8902 Jonathan Adams offers a detailed analysis of the manuscript and its contents as well as a new edition of this puzzling text The Birgittine Norwegian texts are very distinctive from the main Birgittine vernacular corpus of literature and have taxed scholars for decades as to why and for whom they were written The linguistic study of the manuscript is combined with contextual and historical information in order to reinforce the arguments made and offer explanations within a cultural context This provides a welcome new dimension to earlier research that has otherwise been pursued to a large degree within a single academic discipline **The Unaccommodated Calvin** Richard Alfred Muller, 2000 This book attempts to understand Calvin in his 16th century context with attention to continuities and discontinuities between his thought and that of his predecessors contemporaries and successors Muller pays particular attention to the interplay between theological and philosophical themes common to Calvin and the medieval doctors and to developments in rhetoric and method associated with humanism *Lectio Divina* Duncan Robertson, 2011-12-01 During the Middle Ages the act of reading was experienced intensively in the monastic exercise of lectio divina the prayerful scrutiny of passages of Scripture savored in meditation memorized recited and rediscovered in the reader's own religious life The rich literary tradition that arose from this culture includes theoretical writings from the Conferences of John Cassian fifth century through the twelfth century treatises of Hugh of St Victor and the Carthusian Guigo II it also includes compilations literary meditations and scriptural commentary

notably on the Song of Songs This study brings medievalist research together with modern theoretical reflections on the act of reading in a consolidation of historical scholarship spirituality and literary criticism     *This Is My Body* Ella L. Johnson,2020-03-30 This book examines how the writings of the thirteenth century nun Gertrude the Great of Helfta articulate an innovative relationship between a person s eucharistic devotion and her body It attends to her references to the biblical monastic and theological traditions including attitudes and ideas about the spiritual and corporeal senses in order to illuminate the affirmative role Gertrude assigns to the body in making spiritual progress Ultimately the book demonstrates that Gertrude leaves behind the dualistic aspect of the Christian intellectual and devotional tradition while exploiting its affirmative concepts of bodily forms of knowing divine union     **The Inner Lives of Medieval Inquisitors** Karen Sullivan,2011-04-15 Examines the motivations inner spiritual lives and religious commitments of seven key inquisitors of the Middle Ages
