Bernstein In Paris Berlioz Requiem:

Leonard Bernstein Paul R. Laird, 2018-02-15 Leonard Bernstein was one of twentieth century music's most successful and recognizable figures. In a career spanning five decades he conducted many of the world's leading orchestras and composed scores for landmark musicals such as *West Side Story*. With an iron self-belief he negotiated risky and challenging musical situations that resulted in always passionate if sometimes mixed reviews. Published to coincide with the hundredth anniversary of Bernstein's birth, this engaging new biography provides a concise overview of the life and work of a prodigiously talented, endlessly enthralling and controversial musician. Drawing on more than thirty years of study, leading Bernstein scholar Paul R. Laird describes Bernstein's work as a conductor, composer, music educator and commentator, evaluating all of his major compositions. Laird also explores the impact of Bernstein's complicated personal life on his professional work, including his homosexuality and many affairs with men and his strong yet difficult marriage. Featuring original insights into Bernstein's life and work, including information gleaned from a 1982 interview with Bernstein, Laird's book is the ideal introduction to Bernstein's eclectic musical style and complex character, showing how both fit within the larger world of twentieth century music.

Leonard Bernstein Paul Laird, 2013-10-11 Beginning with an introductory essay on his achievements, it continues with annotations on Bernstein's voluminous writings, performances, educational work and major secondary sources.

Historical Dictionary of Leonard Bernstein Paul R. Laird, Hsun Lin, 2019-07-31 Leonard Bernstein is one of the most significant musicians in the history of the United States. He was the first conductor born in the United States and trained exclusively in his home country to develop an international profile. Most famous as music director of the New York Philharmonic from 1958 to 1969, Bernstein spent far longer as a guest conductor who developed substantive relationships with several major ensembles. He was a composer, conductor and has made significant contributions as a composer of concert music and scores for musical theater. He was also an excellent pianist, well known for playing piano concertos while he directed the ensemble from the keyboard. Few 20th century American composers have made such important contributions in each of the areas of symphonic music, ballets and musical theater. *Historical Dictionary of Leonard Bernstein* contains a chronology, an introduction, an appendix, an extensive bibliography and more than 700 cross-referenced entries on Bernstein's life and works. This book is an excellent resource for students, researchers and anyone wanting to know more about Leonard Bernstein.

In My Own Time Humphrey Burton, 2021 This long-awaited autobiography is a must-read for classical musical enthusiasts and those fascinated by some of the twentieth century's star performers. It also offers unique insights into the history of music, the BBC and arts broadcasting in twentieth century Britain. Sir Humphrey Burton is one of Britain's most influential post-war music and arts broadcasters. Witty, humorous and full of humanity, Burton's account presents us with never-before-recorded perspectives on the world of British cultural broadcasting and classical music. Burton worked with such outstanding directing talents as Ken Russell and John Schlesinger.

before becoming the BBC's Head of Music and the Arts. Already in the 1960s in conversations with Glenn Gould for instance, Burton helped to create innovative ways of presenting music to new audiences. Following Sir David Frost's call to LWT/ITV, Burton rose to prominence with presenting the award-winning arts series *Aquarius* (1970-1975). The early 1970s saw the beginning of Burton's long association with Leonard Bernstein. Burton was at hand filming the maestro's educational programs as well as concerts with the Vienna Philharmonic. Unforgettable are his chronicles of Bernstein's last years, culminating in a worldwide broadcast of the conductor's Berlin Freedom Concert after the fall of the Berlin Wall. Burton's gift for communicating music turned him into a celebrated Bernstein biographer. With multi-award-winning television programmes to his name such as the BBC's Young Musician of the Year, Burton left an indelible mark on Britain's music and arts broadcasting history. Sir Humphrey Burton offers us many encounters with twentieth-century classical music's superstars and former broadcasting colleagues. What transpires is a creative mind at work that never lost sight of the demand that the appropriate presentation of music can only go hand in hand with a deep understanding of music itself.
