Best Intentions The Education And Killing Of Edmund Perry:

Best Intentions Robert Sam Anson, 2011-03-16 A complex poignant exploration of racial attitudes in America as illuminated by the case of Edmund Perry Perry a seventeen year old black honors student from Harlem was fatally shot by a young white plainclothes policeman in 1985 in an alleged mugging attempt Perry had recently graduated from Philips Exeter Academy and was to attend Stanford University that fall The shooting and the subsequent case in which Edmund's elder brother Jonah an undergraduate at Cornell University was accused tried and found not guilty drew national headlines and was the subject of heated debate among black and white communities alike Using interviews with Perry's parents friends and former teachers in Harlem and at Exeter journalist Robert Sam Anson has written a compelling account of a boy caught between two worlds and a profound portrait of the state of race in America **High-Profile Crimes** Lynn S.

Chancer, 2010-02-15 O J Simpson The Central Park jogger Bensonhurst William Kennedy Smith Rodney King These are more than crimes and criminals more than court cases They are cultural events that for better or worse gave concrete expression to latent social conflicts in American society In High Profile Crimes Lynn Chancer explores how these cases became conflated with larger social causes on a collective level and how this phenomenon has affected the law the media and social movements An astute and incisive chronicle of some of the most polarizing cases of the 1980s and 1990s High Profile Crimes shows that their landmark status results from the overlapping interaction of diverse participants The merging of legal cases and social causes Chancer argues has wrought ambivalent effects on both social movements and the law On the one hand high profile crimes offer important opportunities for emotional expression and raise awareness of social issues But on the other hand social problems cannot be resolved through the either/or determinations that are the goals of the legal system creating frustration for those who look to the outcome of these cases for social progress Guilt or innocence through the lens of the media leads to either defeat or victory for a social cause a confounding situation that made the O J Simpson case for example unable to resolve the issues of domestic violence and police racism that it had come to symbolize Based on nearly two hundred interviews Chancer's discussions of the infamous Central Park jogger and Bensonhurst cases as well as the rape trials of William Kennedy Smith and Mike Tyson the assault cases of Rodney King and Reginald Denny and finally the O J Simpson murder trial provide a convincing multidimensional and innovative analysis of the most charged public dramas of the last two decades **New York Magazine**, 1991-03-18 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Eric Dyson,2008-08-05 Over the past ten years the work of Michael Eric Dyson has become the first stop for readers writers and thinkers eager for uncommon wisdom on the racial and political dynamics of contemporary America Whether writing on religion or sexuality or notions of whiteness on Martin Luther King Jr or Tupac Shakur Dyson's keen insight and rhetorical flair continue to surprise and challenge This collection gathers the best of Dyson's growing body of work his most incisive commentary his most stirring passages and his sharpest most probing and broadminded critical analyses From Michael Jordan to Derrida Ralph Ellison to the diplomacy of Colin Powell the mastery and ease with which Dyson tackles just about any subject is without parallel **I More than Others** Eric R. Severson,2009-12-14 Fyodor Dostoyevsky expressed a

strange and surprising sentiment through one of the characters of The Brothers Karamazov A dying young man named Markel declares Every one of us has sinned against all men and I more than others He later says every one of us is answerable for everyone else and for everything Markel s absurd claims have engendered many reflections on the nature of suffering and what it means to be responsible for someone else s suffering The world has no shortage of pain and evil what exactly is the relationship between suffering and responsibility Markel s declarations press forward a question that drives this essay collection how responsible should we consider ourselves for the suffering of the world This volume is a collection of essays that struggle in various ways to understand and respond to several philosophical theological and practical problems In each case the authors grapple with issues surrounding suffering immorality evil exploitation and oppression The contributors share a clear concern for the ways that philosophers and theologians should respond to the problems of suffering and evil They also share a conviction that these remain intense and central problems for philosophy and theology Evil is an obstacle for belief for morality for hospitality and for hope This book struggles to address the particular and strong sense of responsibility that falls on Christians when it comes to understanding and more importantly responding to the problems of suffering and evil in the world **Making News of Police Violence** Jeffrey Ian Ross Ph.D.,2000-08-30

Although many people consider excessive police violence disconcerting if when and how they voice their opinion or respond by taking some sort of action has generally remained empirically unknown In the hope of understanding this process Ross has developed a four stage model based on a review of the literature and on interviews with the relevant actors He then uses this tool to analyze police violence that occurred in Toronto Canada and New York City over a fifteen year period To better focus the study he uses in depth case studies of three well publicized cases of police violence from each city matched on important criteria This study addresses a difficult timely and important topic for victims for police personnel and for society Ross concludes that in general most individuals do not respond to police use of excessive force further if and when they do usually depends on the context of the violence Using both quantitative and qualitative methods Ross s model integrates a variety of approaches to improve our understanding of how communities come to define and control the use of force by police including literature on the role of media efforts and their impact upon police violence The work concludes with an analysis of the reasons why people react so infrequently to incidents of excessive force **Reflecting Black** Michael Eric Dyson,1993

From rap music to preaching from Toni Morrison to Leonard Jeffries from Michael Jackson to Michael Jordan Reflecting Black explores as never before the varied and complex dimensions of African American culture through personal reflection expository journalism scholarly investigation and even homily A landmark text in Afro American cultural criticism There is simply nothing like it that exists The level of theoretical sophistication and political engagement is rare and badly needed Cornel West As Reflecting Black so richly demonstrates Michael Eric Dyson combines cutting edge theoretical acuity with the passionate engaged and accessible stance of a public intellectual His critical purview encompasses scholarly tomes and mass

market periodicals trends in theology and in hip hop culture alike This book is a splendid introduction to a singularly important voice Henry Louis Gates Jr Dyson is a young black cultural political and religious critic whose new book directs its nastiest commentary at racism sexism capitalism and straight up immorality His is a fresh voice seemingly unfazed by Blackademe's battle royal Dyson's project is very much in the tradition of recent work by a number of young African American cultural critics like Tricia Rose Hilton Als bell hooks Greg Tate Wahneema Lubiano Elizabeth Alexander and Herman Gray to name but a few Reflecting Black is much more than a cultural critique in the formal sense It interrogates the political social and moral crises confronting American society generally and African American communities in particular In the end Dyson is not one of those cultural studies scholars concerned with debating the fine points of discourse theory He is an oppositional critic with a much higher purpose than developing analytical tools to make sense of African American culture The Reverend Dyson is not only operating within a rich Marxist tradition but within a very old and continuing African American tradition Black communities through newspaper columns church groups street corner gatherings beauty parlor and barber shop discussions have always debated and taken responsibility for their culture's Dyson's constant lecturing chiding and encouraging embodies what Antonio Gramsci and his own mama expected us to do all along not just interpret culture but actively change it through struggle The Nation Where Michael Jackson meets spirituality where Martin Luther King meets Malcolm X where the consolidating narrative of racial unity meets the perplexing and chaotic politics of racial identity These are the border zones of Michael Eric Dyson's compassionate postmodern eclectic critical project Reflecting Black is an invigorating reader for our perplexing and chaotic times Voice Literary Supplement He shows an admirable breadth ranging from issues such as racism and political correctness in the seminary to examinations of such icons of popular culture as filmmaker Spike Lee singer Michael Jackson and athlete Michael Jordan One entire section of the book is devoted to black religion and includes an examination of the lives and examples of Martin Luther King Jr and Malcom X Washington Post Book World Yet if Dyson stumbles in his discussions of black popular culture he soars in his section titled Beyond the Mantra Reflections on Race Gender and Class In Remembering Emmett Till Dyson writes not just with his mind but with his heart Boston Globe Yet his insights are just as often incisive and challenging and they demand serious consideration By insisting that we acknowledge the complexities of race in America and by refusing to accept easy answers Reflecting Black forces us to think harder about how we can create alterna
