D Letzeburger:

Inventing Luxembourg Pit Péporté, Sonja Kmec, Benoît Majerus, Michel Margue, 2010-02-16 The grand duchy of Luxembourg was created after the Napoleonic Wars but at the time there was no nation that identified with the emergent state This book analyses how politicians scholars and artists have initiated and contributed to nation building processes in Luxembourg since the nineteenth century processes that as this book argues are still ongoing The focus rests on three types of representations of nationhood a shared past a common homeland and a national language History was written so as to justify the country's political independence Territorial borders shifted meaning constantly repositioning the national community The local dialect initially considered German variant was gradually transformed into the national language Luxembourgish

Language and Citizenship Tommaso M. Milani, 2017-06-09 This volume offers fresh cutting edge perspectives on issues of language and citizenship by casting a critical light on a broad spectrum of geo political contexts Flanders Luxembourg Singapore South Africa the UK and discourse data policy documents newspaper articles ethnographic notes and interviews skits bodies in protests The main aims of the book are to investigate institutional discourses about the relationship between nationality and citizenship and relate such discourses to more ethnographically grounded interactions tease out the multiple and often conflicting meanings of citizenship and explore the different linguistic semiotic guises that citizenship might take on in different contexts The book argues that the linguistic discursive study of citizenship should not only include critical investigations of political proposals about language testing but should also encompass the diverse more or less mundane ways in which various social actors enact citizenship with the help of an array of multivocal material and affective semiotic resources Originally published as a special issue of Journal of Language and Politics 14 3 2015

Pragmatics of Space Andreas H. Jucker, Heiko Hausendorf, 2022-09-20 This handbook provides a comprehensive overview of spatial configurations of language use and of language use in space It consists of four parts The first part covers the various practices of describing space through language including spatial references in spoken interaction or in written texts the description of motion events as well as the creation of imaginative spaces in storytelling The second part surveys aspects of the spatial organization of face to face communication including not only spatial arrangements of small groups in interaction but also the spatial dimension of sign language and gestures The third part is devoted to the communicative resources of constructed spaces and the ways in which these facilitate and shape communication Part four finally is devoted to pragmatics across space and cultures i e the ways in which language use differs across language varieties languages and cultures

The Constitutional Courts of Small Jurisdictions Danny Pieters, 2024-04-30 The Constitutional Courts of Small Jurisdictions identifies features and challenges common to the constitutional courts of small state jurisdictions in Europe The constitutional courts of the following small state jurisdictions are explored Andorra Cyprus Estonia Liechtenstein Luxembourg Malta Monaco Montenegro and San Marino For each country's constitutional court the following matters are

examined the history of the court its composition its standing and the types of proceedings jurisdiction of the court procedural steps and rules the nature and effect of the decisions rendered relations with other courts CJEU ECHR etc and current issues and future developments The book concludes by identifying some common features and challenges that constitutional courts of small states are confronted with formulating recommendations for other small state jurisdictions across the world This book will be of great interest and use to practitioners and scholars working in and researching constitutional law in general and constitutional courts in particular It will be invaluable for those dealing with small states as it pays attention to an often forgotten but important aspect of the rule of law and thus also of democracy **Western**

Identity in Luxembourg IPSE - Identités Politiques Sociétés Esp, 2014-03-15 Luxembourg international financial center European administrative center destination country for immigration This empirical study provides insights about a society that has hitherto largely eluded scientific investigation and observes the processes of identity construction in globalised conditions The interdisciplinary team of authors exposes the processes of subjective appropriations and institutional attributions at work in the fields of languages spaces perceptions of self and others as well as everyday cultures and identifies for the first time socio cultural milieus in the Grand Duchy The findings of the three year research project uncover the ambivalences and dynamics of a multicultural and multilingual society Language Testing, Migration and Citizenship

Guus Extra, Massimiliano Spotti, Piet Van Avermaet, 2009-06-23 What is required to achieve civic integration and citizenship in nation states across the world Should language testing be a part of it This book addresses the urgent need to develop a fuller conceptual and theoretical basis for language testing than is currently available to enable widespread discussion of this theme and the concomitant linguistic and cultural requirements The policy proposals for civic integration have so far been conducted almost entirely at a national level and with little regard for the experiences of a countries with long traditions of migration such as the USA Canada the UK or Australia At the same time EU enlargement and the ongoing rise in the rate of migration into and across Europe suggest that these issues will continue to grow in importance This book raises the level of discussion to take account of international developments and to promote a more coherent and soundly based debate It will appeal to researchers and academics working in sociolinguistics and language education as well as those working on language policy **Party Politics in European Microstates** Fernando Casal Bértoa, Patrick Dumont, 2022-11-30 This book

represents the first comprehensive study of the evolution of parties and party systems in all nine democratic European states with less than one million inhabitants As small political units have for long been considered to be most conducive to stable democracy this volume analyses the actual role of political parties and partisan competition in the operation of modern

democracy in those European microstates Drawing on the crucial contribution of leading country experts in the field it provides rich systematic contextualized knowledge on these lesser known cases It further contributes to the mainstreaming of small state research in social science studies by comparing the experience of party politics in European microstates with that of larger countries in the same region of the world This volume will be of key interest to scholars and students of party systems and political parties elections and democracy small states European politics and more broadly of comparative politics

Spaces and Identities in Border Regions Christian Wille,Rachel Reckinger,Sonja Kmec,Markus Hesse,2015-11-17 Spatial and identity research operates with differentiations and relations These are particularly useful heuristic tools when examining border regions where social and geopolitical demarcations diverge Applying this approach the authors of this volume investigate spatial and identity constructions in cross border contexts as they appear in everyday institutional and media practices The results are discussed with a keen eye for obliquely aligned spaces and identities and relinked to governmental issues of normalization and subjectivation The studies base upon empirical surveys conducted in Germany France Belgium and Luxembourg

The Cambridge Handbook of Language Standardization Wendy Ayres-Bennett,John Bellamy,2021-07-22 Language standardization is the process by which conventional forms of a language are established and maintained Bringing together internationally renowned experts this Handbook provides a comprehensive overview of standardization norms and standard languages Chapters are grouped into five thematic areas models and theories of standardization questions of authority and legitimacy literacy and education borders and boundaries and standardization in Late Modernity Each chapter addresses a specific issue in detail illustrating it with linguistic case studies and taking into account the particular political social and cultural context Showcasing cutting edge research it offers fresh perspectives that go beyond traditional accounts of the standardization of national European languages and affords new insights into minoritized indigenous and stateless languages Surveying a wide range of languages and approaches this Handbook is an essential resource for all those interested in language standards and standard languages

D'Letzebuerger am Spiegel vun hirer Sprooch Jul Christophory,1978 *Exploring the Archived Web during a Highly Transformative Age* Sophie Gebeil,Jean-Christophe Peyssard,2024-10-01 Given recent global crises the imperative to preserve and analyze online content has never been more vital to enhancing our comprehension of contemporary changes This book the outcome of the 5th international RESAW conference that convened experts from fifty disciplines across seventeen countries in Marseille in June 2023 tackles the multifaceted challenges of web archiving It underscores the dual roles of web archiving as cultural heritage and as essential source material for researchers delving into contemporary events and the evolution of digital culture Through twenty chapters it explores the development of web archiving and examines how technical cultural geopolitical societal and environmental shifts impact its conception study and dissemination Economics for the Twenty-first Century: The Economics of the Economist-fox Andrew M. Kamarck,2017-09-08 This title was first

published in 2001 To be effective economics must take into consideration the complex nature of human beings and the contextual institutional social and historical factors at play This text is designed to help economists to be economic foxes by increasing the range of economists tools drawing on the knowledge and experience of other disciplines to cope better with the extraordinary complexity of the modern economy The objective is to provide the same kind of revelation in understanding an economy that an artist possesses in the visual arts A beginner looking at a still life sees a green bottle a red apple and a yellow cloth on a table top An artist however can point out to him all the nuances of colour Following a rapid dissection of the canonical hypotheses of contemporary economic theory different sectors of the real economy are explored the corporation corporate governance services the public sector civil society professions social capital national cultures and the tropics

Constructing the Middle Ages Pit Péporté, 2011-08-25 Recognising the importance of the Middle Ages as a vital point of reference in the construction of national identities this challenging book examines the remarkable role played by the period in the grand duchy of Luxembourg This country is representative of the close relationship between historicism and nation building in modern Europe Tracing the fortunes of four pivotal figures from their own lifetimes to the present this book uncovers how they each entered collective memory and came to play a key role in a national narrative of history The analysis includes the foundation myth of Sigefroid and Melusine the posthumous career of Countess Ermesinde and King John of Bohemia s transformation into a national hero Borrowing some of its theoretical framework from the study of lieux de m moire this wide ranging book crosses disciplinary boundaries and addresses not only historical writing but also literature the visual arts and popular culture
