Dagoes Read Fred L. Gardaphé, 1996 Since 1987 writer and critic Fred Gardaph has regularly reviewed Italian North American literature in *Fra Noi* an Italian American monthly newspaper based in Chicago This volume features the best of Parole Scritte his monthly columns Introduced by an essay from which the collection gets its title *Dagoes Read* is the first publication of its kind in the history of Italian North American literature It serves as a fine introduction to this literary movement as well as a survey of recent publications by Italian North Americans Works reviewed include those by Tony Ardiaone Dorothy Bryant Pietro di Donato John Fante Maria Mazziotti Gillan Frank Lentricchia Jay Parini Diane Raptosh Gay Talese Sal LaPuma and many others *Claiming a Tradition* Mary Jo Bona, 1999 Mary Jo Bona reconstructs the literary history and examines the narrative techniques of eight Italian American women s novels from 1940 to the present Largely neglected until recently these women s family narratives compel a reconsideration of what it means to be a woman and an ethnic in America Bona discusses the novels in pairs according to their focus on Italian American life She first examines the traditions of *italianit* a flavor of things Italian that inform and enhance works of fiction The novelists in that tradition were Mari Tomasi *Like Lesser Gods* 1949 and Marion Benasutti *No Steady Job for Papa* 1966 Bona then turns to later novels that highlight the Italian American belief in the family s honor and reputation Conflicts between generations specifically between autocratic fathers and their children are central to Octavia Waldo s 1961 *A Cup of the Sun* and Josephine Gattuso Hendin s 1988 *The Right Thing to Do* Even when writers choose to steer away from the familial focus Bona notes their developmental narratives trace the reintegration of characters suffering from a crisis of cultural identity Relating the characters struggles to their relationship to the family Bona examines Diana Cavallo s 1961 *A Bridge of Leaves* and Dorothy Bryant s 1978 *Miss Giardino* Bona then discusses two innovative novels Helen Barolini s 1979 *Umbertina* and Tina De Rosa s 1980 *Paper Fish* both of which feature a granddaughter who invokes her grandmother a godparent figure Through Barolini s feminist and De Rosa s modernist perspectives both novels present a young girl developing artistically Closing with a discussion of the contemporary terrain Italian American women traverse Bona examines such topics as sexual identity when it meets cultural identity and the inclusion of *italianit* when Italian American identity is not central to the story Italian American women writers she concludes continue in the 1980s and 1990s to focus on the interplay between cultural identity and women s development **Re-reading Italian Americana** Anthony Julian Tamburri, 2013-12-05 This book is divided into three sections The first section deals with the general situation of Italian American literature and its reception both in the United States and in Italy It also discusses other social and cultural issues that pertain to Italian Americana Section two consists of six chapters each discussing a specific author three dedicated to prose Pietro di Donato Mario Puzo Luigi Barzini three dedicated to poetry Joseph Tusiani Maria Mazziotti Gillan Rina Ferrarelli Section three examines the current state of criticism dedicated to Italian American literature the second part focusing in on a number of specific works **Leaving**

Little Italy Fred L. Gardaphé, 2012-02-01 Leaving Little Italy explores the various forces that have shaped and continue to mold Italian American culture Early chapters offer a historical survey of major developments in Italian American culture from the early mass immigration period to the present day situating these developments within the larger framework of American culture as a whole Subsequent chapters examine particular works of Italian American literature and film from a variety of perspectives including literary history gender social class autobiography and race Paying particular attention to how the individual artist's personality has intersected with community in the shaping of Italian American culture the book reveals how and why Italian America was invented and why Little Italy's must ultimately disappear

Italian Signs, American Streets Fred L. Gardaphé, 1996 In the first major critical reading of Italian American narrative literature in two decades Fred L. Gardaph presents an interpretive overview of Italian American literary history Examining works from the turn of the twentieth century to the present he develops a new perspective variously historical philosophical and cultural by which American writers of Italian descent can be read increasing the discursive power of an ethnic literature that has received too little serious critical attention Gardaph draws on Vico's concept of history as well as the work of Gramsci to establish a culture specific approach to reading Italian American literature He begins his historical reading with narratives informed by oral traditions primarily autobiography and autobiographical fiction written by immigrants From these earliest social realist narratives Gardaph traces the evolution of this literature through tales of the godfather and the mafia the reinvention of ethnicity in works by Helen Barolini Tina DeRosa and Carole Maso the move beyond ethnicity in fiction by Don DeLillo and Gilbert Sorrentino to the short fiction of Mary Caponegro which points to a new direction in Italian American writing The result is both an ethnography of Italian American narrative and a model for reading the signs that mark the self fashioning inherent in literary and cultural production Italian Signs American Streets promises to become a landmark in the understanding of literature and culture produced by Italian Americans It will be of interest not only to students critics and scholars of this ethnic experience but also to those concerned with American literature in general and the place of immigrant and ethnic literatures within that wide framework

Buried Caesars, and Other Secrets of Italian American Writing Robert Viscusi, 2012-02-01 Winner of the 2006 Pietro Di Donato and John Fante Literary Award from The Grand Lodge of the Sons of Italy New York State Robert Viscusi takes a comprehensive look

at Italian American writing by exploring the connections between language and culture in Italian American experience and major literary texts Italian immigrants Viscusi argues considered even their English to be a dialect of Italian and therefore attempted to create an American English fully reflective of their historical social and cultural positions This approach allows us to see Italian American purposes as profoundly situated in relation not only to American language and culture but also to Italian nationalist narratives in literary history as well as linguistic practice Viscusi also situates Italian American writing within the eccentric design of American literature and uses a multidisciplinary approach to read not only novels and poems but also houses maps processions videos and other artifacts as texts *Racing in the Street* June Skinner

Sawyers,2004-04-06 For more than three decades Bruce Springsteen s ability to express in words and music the deepest hopes fears loves and sorrows of average Americans has made him a hero to his millions of devoted fans *Racing in the Street* is the first comprehensive collection of writings about Springsteen featuring the most insightful revealing famous and infamous articles interviews reviews and other writings This nostalgic journey through the career of a rock n roll legend chronicles every album and each stage of Springsteen s career It s all here Dave Marsh s Rolling Stone review of Springsteen s ten sold out Bottom Line shows in 1975 in New York City Jay Cocks s and Maureen Orth s dueling Time and Newsweek cover stories George Will s gross misinterpretation of Springsteen s message on his Born in the USA tour and Will Percy s 1999 interview for Double Take plus much much more *Spatialities in Italian American Women s Literature* Eva Pelayo

Sañudo,2021-07-05 Examining the family saga as an instrument of literary analysis of writing by Italian American women this book argues that the genre represents a key strategy for Italian American female writers as a form which distinctly allows them to establish cultural gender and literary traditions Spaces are inherently marked by the ideology of the societies that create and practice them and this volume engages with spaces of cultural and gendered identity particularly those of the mean streets in Italian American fiction which provide a method of critically analyzing the configurations and representations of identity associated with the Italian American community Key authors examined include Julia Savarese Marion Benasutti Tina De Rosa Helen Barolini Melania Mazzucco and Laurie Fabiano This book is suitable for students and scholars in

Literature Italian Studies Cultural Studies and Gender Studies **Breaking Open** Mary Ann Vigilante Mannino,Justin Vitiello,2002-12-31 In this work prominent Italian American creative women discuss the ways their heritage has impacted their works They discuss the ways that their childhood memories of immigrants and their practices have been a strong foundation for their creativity *Literary Voices of the Italian Diaspora in Britain* Manuela D'Amore,2023-09-27 This volume

studies the literary voices of the Italian diaspora in Britain including 21 authors and 34 pieces of prose verse and drama This book shows how authors both recount the history of the migrant community in the period 1880 1980 while creatively experimenting with hybrid forms of expression and blending words with visuals *Literary Voices of the Italian Diaspora in Britain* discusses topical issues like migration and social integration cultures and foods in transition as well as plurilingualism

The book pays special attention to discussions of the horrors of the Second World War especially on the tragedy of the Arandora Star 2nd July 1940 to show this literary community's political commitments More importantly it will begin to fill the void left by a critical tradition which has only appreciated the northern American and Australian branches of Italian writing

Delirious Naples Pellegrino D'Acierno, Stanislao G. Pugliese, 2018-12-11 This book is addressed to lovers of paradoxes and we have done our utmost to assemble a stellar cast of Neapolitan and American scholars intellectuals and artists writers who are strong and open minded enough to wrestle with and illuminate the paradoxes through which Naples presents itself

Naples is a mysterious metropolis Difficult to understand it is an enigma to outsiders and also to the Neapolitans themselves Its very impenetrableness is what makes it so deliriously and irresistibly attractive The essays attempt to give some hints to the answer of the enigma without parsing it into neat scholastic formulas In doing this the book will be an important means of opening Naples to students scholars and members of the community at large who are engaged in identity work A primary goal has been to establish a dialogue with leading Neapolitan intellectuals and artists and ultimately ensure that the deliriously Neapolitan dance continues *Rites of Passage: Rational/Irrational Natural/Supernatural Local/Global*

Associazione italiana di anglistica. Congresso,2003 Crossing Borders Tapan Basu,Tasneem Shahnaaz,2017-05-04

Fante Richard Collins,2000 John Fante an important figure in the history of the Italian American novel is proving to be fascinating to contemporary readers Richard Collins has caught Fante s spirit from several crucial angles as an ethnic writer as a comic novelist as a serious writer struggling to remain so in Hollywood Intelligent balanced informative and empathetic this book combines criticism with scholarship and biography with history to make what Henry James would have called a perfect literary portrait for it gives life to an interesting subject Discourse and Contemporary Social Change Norman

Fairclough,2007 This book draws together a rich variety of perspectives on discourse as a facet of contemporary social change representing a number of different disciplines theoretical positions and methods The specific focus of the volume is on discourse as a moment of social change which can be seen to involve objects of research which comprise versions of some or all of the following research questions How and where did discourses narratives emerge and develop How and where did they achieve hegemonic status How and where and how extensively have they been recontextualized How and where and to what extent have they been operationalized The dialectical approach indicated above implies that discourse analysis includes analysis of relations between language more broadly semiosis and its social context Harbors, Flows, and Migrations Anna

De Biasio,Gianna Fusco,2017-05-11 Poised between the land and the sea enabling the dynamic flow of people and goods while also figuratively representing a safe place of rest and refuge the harbor constitutes a liminal ambivalent space par excellence that has been central to the American imagination and history since the early colonial days From the mythical tales of discovery and foundation to the endless flows of migrants through the dark pages of the slave trade and the

imperialistic dream of an ever expanding nation harbors both as a trope and as physical spaces powerfully signify the American experience Today at a time when ideas of border protection and policing gain political prominence in the U S and elsewhere harbors and the constellation of meanings they subsume have become an even more crucial object of critical inquiry In this volume thirty two American Studies scholars from around the world interrogate the manifold significance of ports and of the exchanges they enable or restrain casting a decentered look onto the complex positioning of the United States in its political ideological and cultural relationships with the rest of the world This collection thus offers a cutting edge interdisciplinary investigation of the U S A engaging the most recent trends in American Studies and actively participating in the international and transnational reconfiguration of the field
