*Drag Race Fever* Grady Bryant, 2012-10-01 Legendary drag racer and fiction writer

Grady Bryant has released his latest book *Drag Race Fever*. It was only a matter of time before Grady shared his adventures of the early days of drag racing in a story that all sports and drag racers will enjoy. The story involves a young man getting started in drag racing in the early 1960s when the factory experimental race cars were the top calling cards of all drag race promoters. These cars were the first Funny Cars of today. Read how these racers evolved into the cars we see today and learn how driver Johnny Rock and his mechanic Clutch Roberts toured the states pulling their race car to the next match race continuously sacrificing so their car would have the parts to race again. Although the story is fiction, any drag race fan can fit different names to the drivers and relate to all the accounts of living on the road and racing every Saturday and Sunday at different tracks across the nation.

**Tales from a Top Fuel Dragster** Shirley Muldowney, 2013-11-01 Shirley Muldowney not only broke the gender barrier in the National Hot Rod Association in the 1970s but she also completely rewrote the record books in Top Fuel Eliminator drag racing's quickest and fastest category. She was the first woman to receive a Top Fuel license from the NHRA. Between 1977 and 1982 Muldowney won three NHRA Top Fuel championships, the first female ever to win a title in any professional motorsport. She won the prestigious NHRA US Nationals in 1982 and was recently inducted into the International Motorsports Hall of Fame. By the time she retired at the end of the 2003 season, Muldowney had become one of the most recognized and celebrated race car drivers in history. *Tales from a Top Fuel Dragster* is an unabashed collection of stories, anecdotes, and opinions in Muldowney's own unvarnished style of storytelling, laced with her straightforward, take-no-prisoners approach. She has spent her entire lifetime telling it like it is, standing up to the establishment and refusing to do anything other than in her own way. Politically correct? Hardly. Readers are encouraged to strap themselves in when she shares her many tales. It's the whole truth and nothing but the truth, according to the legendary Shirley Muldowney.

*Drag Racing* Jay H. Smith, 1995 Introduces the sport of drag racing and the different types of cars which are raced.

**Drag Racing's Exhibition Attractions** Lou Hart, Cory Lee, 2008-05-15 This book showcases photographically the wide variety of cars and drivers that fit into the exhibition theme: the jets, wheelstanders, rockets, and other exhibition vehicles which have thrilled millions of spectators. Their entire basis was who had the fastest vehicle. But in 1959, complaints from other competitors and Detroit automakers got all aircraft-powered dragsters banned, so they became the sideshow attached to the legitimate circus that is drag racing. The Green Monster became the first exhibition car exceeding 200 mph everywhere it ran. Wanting even more, Walt Arfons debuted the first jet-powered dragster, which became the desire of every fan and promoter throughout the country. At virtually the same instant, Tom Ivo had Kent Fuller build a four-engine dragster, and although it was too heavy to be competitive, the tire smoke show became arguably the most famous exhibition car in history. See Bill Maverick's Golden and the Little Red Wagon, Wild Bill Shrewsberry's and the Hurst Hemi Under Glass, LA Dart and Knott's Berry Wagon, Chuck Poole and his Chuckwagon, Doug Rose and The Green Mamba, plus many more.
