Myss, 2003 In her books and workshops Myss urges her followers to look deep inside themselves by answering self exploration questions This journal offers users the perfect tool with which to keep track of the answers to those questions Summary of Caroline Myss's Sacred Contracts Everest Media, 2022-08-19T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I am a teacher and I love it I feel connected to the nursing part of my father's directive because of the healing effects my work has had on many people My education has been in journalism and theology but my work in medical intuition simply happened 2 I began to see images that had no apparent connection to the person I was reading These images were helpful for every person and one day in 1991 everything fell into place for me I was listening to a conversation between two women and they had immediately shared a life pattern that was noticeable in their heightened response to each other 3 I began to work with the archetypes in my readings and I began to see how they functioned within my own psyche I learned that each of us has our own personal alignment of key archetypes 4 The archetypal patterns work together to support your personal development They can be particularly helpful in healing painful memories or redirecting your life or finding a way to express your untapped creative potential Sacred Contracts Caroline Myss, 2013-09-04 Caroline Myss author of the New York Times bestsellers *Anatomy of the Spirit* and *Why People Don't Heal and How They Can* presents an exciting highly original program in this long awaited book Based on her internationally popular workshop of the same name *Sacred Contracts* is a brilliant synthesis of psychology healing guidance and spiritual insight As a medical intuitive Myss has found that people

often don't understand their purpose in life which has led to a spiritual malaise of epidemic proportions. This metaphysical disease in turn leads to depression, anxiety, fatigue, and eventually physical illness. But our purpose, our individual Sacred Contract, is often difficult to apprehend. For this reason, Myss developed an enjoyable and ingenious process for deciphering your own Contract using a new theory of archetypes that builds on the works of Jung, Plato, and contemporary thinkers. She first recounts how the concept of Sacred Contracts took form in myths and other cultural traditions through the ages. She then examines the lives of the spiritual masters and prophets Abraham, Jesus, the Buddha, and Muhammad, whose archetypal journeys illustrate the four stages of a Sacred Contract and provide clues for discovering your own. With her signature motivational style and stories, Myss explains how you can identify your particular spiritual energies or archetypes, the gatekeepers of your higher purpose, and use them to help you find out what you are here on earth to learn and whom you are meant to meet. In coming to know your archetypal companions, you also begin to see how to live your life in ways that make the best use of your personal power and lead you to fulfill your greatest, in fact, your divine potential. In this process, you learn how to see your life and the lives of others symbolically, allowing you to manage your personal power without getting caught up in emotional drama. You will also learn how to fulfill your Sacred Contract, what you and only you are here on earth to do. Finally, Myss offers specific guidance for locating your physical and emotional vulnerabilities and healing any susceptible areas. Both visionary and practical, Sacred Contracts is a completely unique process of self-discovery and spiritual archaeology and a bold, powerful work of spiritual wisdom.

Archetypes Maria Jesus Marin Lopez, 2015-10-21. In this book, we will explore the 4 main archetypes: Child, Saboteur, Victim, and Prostitute. These are the greatest challenges to our soul; this is how we gain self-esteem. You will never fulfill your contract unless you learn and deal with these four. Fear to break the safety net. Every archetype has a shadow, fear, base, unknown, and a light side. When our survival is threatened, we go into these four archetypes. If you sell your soul for safety, guidance cannot flow.

Archetypes Caroline Myss, PhD, 2013-01-08. Have you ever wondered why you are drawn to certain people, ideas, or products and turned off by others? Are you constantly searching for something you can't put your finger on or wondering whether you are living a life that truly fits? In *Archetypes*, New York Times bestselling author Caroline Myss delves into the world of archetypes, which have been the subject of her work for more than 25 years. Archetypes are universal patterns of behavior that, once discovered, help you better understand yourself and your place in the world. In short, knowing your archetypes can transform your life. Whether we're aware of it or not, each of us identifies with certain universal myths and symbols, otherwise known as Archetypes. In this new work, Myss covers ten primary archetypes: Caregiver, Artist, Fashionista, Intellectual, Rebel, Queen, Executive, Advocate, Visionary, Athlete, and Spiritual Seeker. She helps us to determine which archetypes best define us as individuals, laying out each archetype's unique path, hidden strengths, and potential weaknesses. By identifying our personal archetypes, we can gain the knowledge necessary to consciously define and live an authentic life that reflects who we really are. Myss also includes suggestions for

embracing one's archetype to the fullest providing tools for avoiding common pitfalls and daily practices for enhancing the positive qualities of each archetype In addition to the ten archetypes above there's a glossary covering more than 20 sub archetypes Much like highly popular books on the enneagram Myers Briggs and astrology which also allow people to type themselves Archetypes is destined to become a classic

Impermanent Footprints Jill Marcy, 2010-05-20 As I leave my time on this earth I know that my footprints on it are silent invisible and impermanent upon its surface My existence is only recorded by those I've known in my life in their memories of me These too are impermanent and will in time fade and become no more This is the cycle of life I write this book as a personal record of my viewpoints interpretations of what I have viewed and experienced whilst on my earth walk My motivation to write it is like many before me and many more after I am gone To leave a vision in print for others to reference to or use as a signpost towards a path upon which they might like to journey themselves I write this book of reference mainly for my sons for when I

am gone they will in time forget my voice of guidance and this book will be a way of keeping my teachings and guidance available for them to tap into if they need once I am no longer here physically I began to write this book in the year 2007 I am now reaching my mid 40 s and am beginning to start my reflective years of living My generation has been given the name of the X generation which is interesting due to the content of my book falling into the X factor However if you ask my sons they would have you believe that I m well into being OLD In history men and women were respected in their elder years as the tribes and cultures of those times valued their wisdom which they contributed to the younger members of the tribe Storytelling was a valued tradition as it was in that time the only way to hand down knowledge so it could continue on through the younger generations In our modern society this tradition is considered barbaric and youth is valued now and society continues to endorse how to stay YOUNG
