Byron's Manfred, Childe Harold and Cain through his incarnations as the protagonists of Westerns, action films, space odysseys, vampire novels, neo-Gothic comics, and sci-fi television. Such a hero exhibits supernatural abilities, adherence to a personal moral code, ineptitude at human interaction, muddled even further by self-absorbed egotism and an ingrained defiance of oppressive authority. He is typically an outlaw, most certainly an outcast or outsider, and more often than not he is a hero. Given his superhuman status, this hero offers no potential for sympathetic identification from his audience. At best, he provides an outlet for vicarious expressions of power and independence. While audiences may not seek to emulate the Byronic hero, Stein notes that he desires to emulate them; recent texts plot to rehumanize the hero or to voice through him approbation and admiration of ordinary human values and experiences. Tracing the influence of Lord Byron's Manfred as outcast hero on a pantheon of his contemporary progenies, including characters from *Pale Rider*, *Unforgiven*, *The Terminator*, *Alien*, *The Crow*, *Sandman*, *Star Trek: The Next Generation*, and *Angel*, Atara Stein tempers her academic acumen with the insights of a devoted aficionado. In this first comprehensive study of the Romantic hero type and his modern kindred, Atara Stein was a professor of English at California State University Fullerton. Her articles on the development of the Byronic hero have appeared in *Popular Culture Review*, *Romantic Circles Praxis Series*, *Genders*, and *Philological Quarterly*. *Utopian Dreams, Apocalyptic Nightmares* Miguel López-Lozano, 2008. *Utopian Dreams, Apocalyptic Nightmares* traces the history of utopian representations of the Americas, first on the part of the colonizers who idealized the New World as an earthly paradise, and later by Latin American modernizing elites who imagined Western industrialization, cosmopolitanism, and consumption as a utopian dream for their independent societies. Carlos Fuentes, Homero Aridjis, Carmen Boullosa, and Alejandro Morales utilize the literary genre of dystopian science fiction to elaborate on how globalization has resulted in the alienation of indigenous peoples and the deterioration of the ecology. This book concludes that Mexican and Chicano perspectives on the past and the future of their societies constitute a key site for the analysis of the problems of underdevelopment, social injustice, and ecological decay that plague today's world. Whereas utopian discourse was once used to justify colonization, Mexican and Chicano writers now deploy dystopian rhetoric to interrogate projects of modernization, contributing to the current debate on the global expansion of capitalism. The narratives coincide in expressing confidence in the ability of Latin American and U.S. Latino popular sectors to claim a decisive role in the implementation of enhanced measures to guarantee an ecologically sound, ethnically diverse, and just society for the future of the Americas. *Saving Face* Aimee Byrd, 2025-04-08. May the Lord make His face shine upon you and be gracious to you. We have received the blessing countless times, but what does it mean for the Lord to shine His face upon us in a time when many Christians are disillusioned with their faith, wrestling to reframe their relationship with God and with the church? But another inner struggle often lurks, unacknowledged, unfronted: the struggle to rediscover one's own identity and relearn one's own story. Aimee Byrd finds this experience best described in the metaphor of finding one's face. Through this beautiful meditation, Byrd shows

how the church has been defaced by its own spiritual abuses by its loss of imagination and wonder by empty words without actions The author of *Recovering from Biblical Manhood and Womanhood* has often asked hard questions of the church In *Saving Face* she develops her reflections still further daring to wonder what if the crises in the church today are not because we don't have the right doctrine but because we have lost sight of something much deeper What if we are spending all our time pointing fingers at those we consider wrong when we should be looking in a mirror instead What if God has something to reveal to us there Perhaps we should be seeking the presence of Christ in our own reflections just as we look for him in the faces of the others Creatively weaving together stories memories journal entries and Scripture meditations on the divine face Aimee invites the church to seek the face of Christ by recovering the values of beauty contemplation and deep relationship

Halpern, 2010-06-28 Films with dream sequences or a dreamlike quality allow directors to create their own rules of logic and nature to meet a variety of artistic needs For instance an opening dream immediately establishes what a character is feeling a later dream or series of them provides viewers with a glimpse of the climax and a concluding dream ties up loose ends In real life of course dreams do not occur at such convenient times or serve such useful purposes This book explores why science is lost or distorted in the process of representing dreams on film and why audiences prefer this figurative truth of art over the literal truth of science Part One discusses changes in form and considers the history of dream theory Additionally the physiology of sleeping and dreaming dream structure sleep deprivation dreams under the influence of drugs or alcohol and waking up as depicted on film are examined Part Two investigates changes in content and delves into the psychology of sleeping and dreaming dream interpretation altered states of consciousness visions and prophecies dreams as wish fulfillment sex and death nightmares and reality versus illusion The author uses theories by Freud Jung and current experts in her analyses of dream sequences and their use in film **Shadow's Dream** Madelyne Hallowell, 2004-10
