

Young people never say anything straight. You can tell they're being honest if they hide behind a laugh.

Oranmu Dazai

Anything But Straight

Martin Kantor MD

Anything But Straight:

Anything but Straight Wayne Besen, 2012-07-26 The real story behind ex gay ministries and reparative therapy

Nationally known activist Wayne Besen spent four years examining the phenomenon of ex gay ministries and reparative therapies interviewing leaders attending conferences and visiting ministries undercover as he accumulated hundreds of hours of research The result is *Anything but Straight Unmasking the Scandals and Lies Behind the Ex Gay Myth* a groundbreaking expos of the controversial movement that is revered by independent religious groups and reviled by gay and lesbian organizations The book presents a historical perspective on the dispute examining ex gay groups such as Love In Action Exodus International Homosexuals Anonymous and profiling a cast of characters that includes Pat Robertson the Rev Jerry Falwell ex gay poster boy John Paulk National Association of Research and Therapy of Homosexuality activist Richard Cohen and psychiatrist Dr Robert Spitzer An in depth well researched and historically significant account *Anything but Straight* is full of startling facts and alarming surprises The original content and novel material in the book includes a first ever comprehensive history of the ex gay ministries and reparative therapy the inside story of the night the author photographed ex gay poster boy John Paulk inside a gay bar the author's discovery that Anne Paulk lied about being a lesbian and has admitted to having a strong attraction to men BEFORE she became ex gay previously undisclosed bizarre techniques used by the ex gay ministries and reparative therapists the author's exclusive in depth interviews with leading ex gay leaders they disclose their deepest secrets hidden desires and true motivations an extraordinary new study that shows that most ex gay leaders have suffered from substance abuse or severe emotional problems while many ex gay leaders claim they were unhappy being gay this report helps prove that their dissatisfactions came not from their homosexuality but from poor life choices and irresponsible behavior new revelations that one of the nation's leading reparative therapists hailed from a secretive cult that was scandalized for practicing nude therapy From the author Through my extensive experience I have learned that the extraordinary claims made by the ex gay groups are without merit and the efficacy of their programs is dubious at best and harmful at worst One frequent question I get is Why can't gay activists simply leave ex gay groups alone and let them go about their business This is exactly what happened for nearly three decades while ex gay groups labored in near anonymity But all this recently changed when the ex gay groups intricately aligned themselves with the anti gay political agenda of the Religious Right With ex gays added to their arsenal the Right could disingenuously claim to love gay people and offer them hope for change while simultaneously fighting for punitive legislation Their insidious message Since gays and lesbians can change there is no need for laws that protect them against arbitrary prejudice *Anything but Straight Unmasking the Scandals and Lies Behind the Ex Gay Myth* is an essential read for activists on both sides of the ex gay fence family members of gays and lesbians Gay Bisexual Lesbian and Transgender church members psychiatric and social science professionals and anyone who has dealt with coming out issues An appendix of resources and a helpful bibliography make it

easy to find additional information on this fascinating topic **Anything But Straight** Wayne R. Besen, 2003 A historical perspective on the dispute examining ex gay groups such as Love in Action Exodus International Homosexuals Anonymous and profiling a cast of characters **Gay Conversion Practices in Memoir, Film and Fiction** James E. Bennett, Marguerite Johnson, 2024-06-13 For over half a century organizations and individuals promoting ex gay conversion and or reparative therapy have pushed the tenet that a person may be able to and should alter their sexual orientation Their so called treatments or therapies have taken various forms over the decades ranging from medical including psychiatric or psychological rehabilitation approaches to counselling and religious healing **Gay Conversion Practices in Memoir Film and Fiction** provides an in depth exploration of the disturbing phenomenon of gay conversion therapy and its fictional and autobiographical representations across a broad range of films and books such as *But I'm a Cheerleader* 1999 *This is What Love in Action Looks Like* 2011 and *Boy Erased* 2018 In doing so the volume emphasizes the powerful role the arts and media play in communicating stories around conversion practices Approaching the timely and urgent subject from an interdisciplinary perspective contributors utilize film theory queer theory literary theory mental health and social movement theory to discuss the medicalization and pathologizing of queer people the power of institutions ranging from church psychiatry and family sometimes in alliance and the real and fictional voices of survivors **The Georgia Straight** Doug Sarti, Dan McLeod, 2017-09-12 This highly illustrated and beautifully produced coffee table book brings together over 100 of the Georgia Straight's iconic covers along with short essays insider details and contributor reflections putting each of these issues of the publication into its historical context For 50 years the Georgia Straight has served as the voice of reason during a number of turbulent times With fearless tenacity the Straight has always taken the good fight to the powers that be whether they come in the form of big business city hall the provincial legislature parliament or just plain human folly While known for hard hitting journalism and pointed prose the Straight has also always been a purposely visual publication With eye catching design strongly reflecting the times from 60s psychedelia to new millennium computer graphics the newspaper has charted a course through both artistic trends and meaningful writing Together in one place for the first time this collection of Straight covers spans five decades of newsworthy figures events issues and pop culture A visual time capsule of sorts it's a significant graphic chronicle of both the counterculture and recent Vancouver history after all if it was important entertaining or inspiring the Straight covered it With work from a multitude of artists using various media and contrasting styles this collection illustrates literally how the Straight was able to seize the moral high ground in the culture wars and turn civil disobedience into an art form Along with a sense of history there's a strongly ingrained emotional component to these old Straight covers they've lost none of their power to evoke an impassioned response Some are beautiful some are funny some will shock and some will enrage But they'll all make you feel something **Why a Gay Person Can't Be Made Un-Gay** Martin Kantor MD, 2014-11-25 Despite an abysmal success rate practitioners still use reparative therapy in an

attempt to turn gays and lesbians straight This text exposes the pitfalls that should be considered before gays embark on this journey that typically leads nowhere Although homosexuality is becoming less stigmatized in American culture gays and lesbians still face strong social familial financial or career pressures to convert to being heterosexuals In this groundbreaking book longtime psychiatrist Martin Kantor MD himself homosexual and once immersed in therapy to become straight explains why so called reparative therapy is not only ineffective but should not be practiced due its faulty theoretical bases and the deeper lasting damage it can cause This standout work delves into the history of reparative therapy describes the findings of major research studies and discusses outcome studies and ethical and moral considerations Author Kantor identifies the serious harm that can result from reparative therapy exposes the religious underpinnings of the process and addresses the cognitive errors reparative therapy practitioners make while also recognizing some positive features of this mode of treatment One section of the book is dedicated to discussing the therapeutic process itself with a focus on therapeutic errors that are part of its fabric Finally the author identifies affirmative eclectic therapy not reparative therapy as an appropriate avenue for gays who feel they need help with goals of resolving troubling aspects of their lives that may or may not be related to being homosexual and of self acceptance rather than self mutation

Anything But Straight Introduction

In the digital age, access to information has become easier than ever before. The ability to download Anything But Straight has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Anything But Straight has opened up a world of possibilities. Downloading Anything But Straight provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Anything But Straight has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Anything But Straight. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Anything But Straight. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Anything But Straight, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Anything But Straight has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Anything But Straight Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Anything But Straight is one of the best book in our library for free trial. We provide copy of Anything But Straight in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Anything But Straight. Where to download Anything But Straight online for free? Are you looking for Anything But Straight PDF? This is definitely going to save you time and cash in something you should think about.
