Governing Religious Diversity in Cities Julia Martínez-Ariño, 2020-05-21 Governing Religious Diversity in Cities provides original insights into the governance of religious diversity in urban contexts from a variety of theoretical perspectives and drawing on a wide range of empirical

examples in Europe and Canada Religious diversity is increasingly present and visible in cities across the world Drawing on a wide selection of cases in Europe and Canada this volume examines how this diversity is governed While focusing on the urban dimension of governance the chapters do not examine cities in isolation but take into account the interconnections between urban contexts and other scales both within and beyond the borders of the nation state The contributors discuss a variety of empirical examples ranging from the controversies around the celebration of the International Yoga Day in Vancouver the mosque not built in Munich and the governance of Islam in cities in France Germany Italy Quebec and Spain Adopting a critical perspective they shed light on the factors shaping different governance patterns and on their implications for various religious groups Ultimately this book shows that governing religious diversity is not a matter of black and white Contributing to a growing field of academic research that focuses on the governance of religion in urban contexts and providing lines for future research Governing Religious Diversity in Cities will be of great interest to scholars in the sociology of religion religious studies and urban studies The chapters were originally published as a special issue of Religion State Society

The Palgrave Handbook of Religion and State Volume II Shannon Holzer,2023-10-19 The Palgrave Handbook of Religion and State Volume II Global Perspectives addresses issues of Religion and State from a multitude of disciplines The volume begins with the philosophical discussion of perennial issues that have to do with the origin and nature of rights One question centers on the right to use one's religious beliefs to enact laws This discussion alone sets this handbook apart from other handbooks of its type While addressing these perennial questions this volume includes authors who interact with the work of John Rawls Hobbes Rousseau and a host of contemporary philosophers The subsequent sections address the American Constitutional Experiment religion state and law in the Americas Sanctuaries in Roman Dacia Csaba Szabo,2018-11-27 This book focuses on lived ancient religious communication in Roman Dacia Testing for the first time the Lived Ancient Religion approach in terms of a peripheral province from the Danubian area this work looks at the role of sacralised spaces known commonly as sanctuaries in the religious communication of the province **Push Back** Judith Large,2016-12-15 In 2009 after decades of conflict the Sri Lankan government proclaimed the decisive defeat of the Liberation Tamil Tigers of Eelam Subsequently the state proved resistant to attempts by the UN and other international bodies to promote post war reconciliation or reform In this incisive new work Judith Large investigates the ways in which the Rajapaksa government was able to subvert international diplomatic efforts as well as exploring the wider context of rising Sinhalese nationalism the attendant growth of discrimination against minorities and efforts by both the diaspora and citizens within Sri Lanka to work towards a positive peace Push Back is vital reading not only for those interested in Sri Lanka but also for those concerned about the wider implications of the conflict for human rights peace making and geopolitics

Metacognition, Worldviews and Religious Education Shirley Larkin,Rob Freathy,Jonathan Doney,Giles Freathy,2019-07-03 Religious Education RE holds a unique place within the state education system Yet the teaching of RE

has often been criticised for its tendency to present simplified and stereotypical representations of religions Bringing together the theory of metacognition with RE curriculum content this book offers a coherent and theoretically supported approach to RE and beyond that is applicable to a range of subjects and students of various age groups Metacognition Worldviews and Religious Education seeks to support teachers in creating a new and exciting classroom approach With a focus on putting children and teachers worldviews back on the RE agenda and developing awareness of these through metacognitive processes it includes Tables frameworks and checklists to make it easy for teachers to adapt the approach to their own context Concrete examples of how the approach can work in the classroom including case studies from teachers Call out boxes for teachers and others to reflect on their own practice and to consider their own beliefs and values in relation to teaching and learning Co authored by three researchers from Exeter University and one experienced advanced skills RE primary school teacher this book explains in a jargon free way the theories of metacognition and worldviews which underpin the creation of a unique learning environment making it an essential read for students experienced teachers researchers in RE and anyone interested in taking a thinking skills approach to pedagogy **Stating the Sacred** Michael J.

Walsh,2020-02-25 China s constitution explicitly refers to its sovereign domain as sacred territory Why does an avowedly secular state make such a claim and what does this suggest about the relations between religion and the nation state Focusing primarily on China Stating the Sacred offers a novel approach to nation state formation arguing that its most critical element is how the state sacralizes the nation Michael J Walsh explores the religious and political dimensions of Chinese state ideology making the case that the sacred is a constitutive part of modern China He examines the structural connection among texts constitutions legal codes national histories ostensibly universal and normative categories race religion citizenship freedom human rights and territoriality the integrity of sovereignty and control over resources and people showing how they are bound together by the sacred Considering a variety of what he refers to as theopolitical techniques Walsh argues that nation states undertake sacralization in order to legitimate the violence of establishing and expanding their sovereignty Ultimately territorialization is a form of sacralization and the foundational role of the sacred makes all nation states religious states Stating the Sacred offers new ways of understanding China s approach to legality control of the populace religious freedom human rights and the structuring of international relations and it raises existential questions about the fundamental nature of the nation state Upssc Civil Services Preliminary Exam-2023, 28 Years Topic-Wise Solved Papers 1995-2022 General Studies & Csat Paper-I & Ii Dr. Manish Rannjan (IAS),2022-07-13 The presented book covers the questions of the UPSC Civil Services Examination of General Studies in Topic wise solved Papers of the last 28 years 1995 2022 Plan Schemes of Examinations Tips Strategies along with Time Management for Civil Services Exams Preparation Explanations are error free as well as precise Asked questions are arranged in topics such as History of India Physical Indian World Geography Indian Polity Governance Economic Social Development General Issues on

Middle Knowledge John D. Laing,2018-04-04 Most Christians believe God is in control but they are unsure of how to reconcile that control with their struggles with sin the command to evangelize and the immense suffering in the world and their own lives Laing offers an introduction to the doctrine of providence based on the theory of middle knowledge first articulated in the sixteenth century This view describes how creatures have true free will and God has perfect knowledge of what each creature could and would do in any circumstance Middle knowledge helps answer the most perplexing theological questions predestination and salvation the existence of evil divine and human authorship of Scripture and science and the Christian faith Laing provides extensive biblical support as well as practical applications for this theology

Religious NGOs at the United Nations Claudia Baumgart-Ochse,Klaus Dieter Wolf,2018-06-27 Examining the involvement of religious NGOs RNGOs at the UN this book explores whether they polarize political debates at the UN or facilitate agreement on policy issues The number of RNGOs engaging with the United Nations UN has grown considerably in recent years RNGOs maintain relations with various UN agencies member state missions and other NGOs and participate in UN conferences and events This volume includes both a quantitative overview of RNGOs at the UN and qualitative analyses of specific policy issues such as international development climate change business and human rights sexual and reproductive health and rights international criminal justice defamation of religions and intercultural dialogue and cooperation The contributions explore the factors that explain the RNGOs normative positions and actions and scrutinise the assumption that religions introduce non negotiable principles into political debate and decision making that inevitably lead to conflict and division Presenting original research on RNGOs and issues of global public policy this volume will be relevant to both researchers and policy makers in the fields of religion and international relations the United Nations and non state actors and global governance

Effective and Legitimate Governance in Areas of Limited Statehood Eric Stollenwerk,2023-11-01 How can effective and legitimate governance be

ensured where state institutions are weak This is a key question for domestic and international politics One answer to this question that has received considerable attention in political science but also among development agencies and international organizations is virtuous circles of governance In such circles effective and legitimate governance are thought to be mutually reinforcing The idea is that more effective governance leads to more legitimacy and more legitimacy to more effectiveness in governance In many parts of the world however state institutions are weak and citizens perceive governance as ineffective and governance actors lack legitimacy This places a large question mark behind the idea of virtuous circles of governance

Effective and Legitimate Governance in Areas of Limited Statehood asks How likely are virtuous circles of governance to evolve in areas of limited statehood The central claim of this book is that virtuous circles of governance are possible in areas of limited statehood but more likely to evolve for external and non state actors than for the state The state is often part of the governance problem rather than the solution Based on a new theoretical model for the interplay between effective and legitimate governance the study provides in depth empirical evidence for its argument by drawing on innovative qualitative and quantitative data The case studies of Sub Saharan Africa Nigeria and Afghanistan underline the key argument by considering state external and non state actors The book offers conceptual innovations new empirical evidence and policy recommendations of how to ensure effective and legitimate governance in areas of limited statehood
