Dark Vanishings Patrick Brantlinger, 2014-01-15 Patrick Brantlinger here examines the commonly held nineteenth century view that all primitive or savage races around the world were doomed sooner or later to extinction Warlike propensities and presumed cannibalism were regarded as simultaneously noble and suicidal accelerants of the downfall of other races after contact with white civilization Brantlinger finds at the heart of this belief the stereotype of the self exterminating savage or the view that savagery is a sufficient explanation for the ultimate disappearance of savages from the grand theater of world history Humanitarians according to Brantlinger saw the problem in the same terms of inevitability or doom as did scientists such as Charles Darwin and Thomas Henry Huxley as well as propagandists for empire such as Charles Wentworth Dilke and James Anthony Froude Brantlinger analyzes the Irish Famine in the context of ideas and theories about primitive races in North America Australia New Zealand and elsewhere He shows that by the end of the nineteenth century especially through the influence of the eugenics movement extinction discourse was ironically applied to the great white race in various apocalyptic formulations With the rise of fascism and Nazism and with the gradual renewal of aboriginal populations in some parts of the world by the 1930s the stereotypic idea of fatal impact began to unravel as did also various more general forms of race based thinking and of social Darwinism *International Who's Who in Poetry 2005* Europa Publications, 2004-08-02 The 13th edition of the International Who's Who in Poetry is a unique and comprehensive guide to the leading lights and freshest talent in poetry today Containing biographies of more than 4 000 contemporary poets world wide this essential reference work provides truly international coverage In addition to the well known poets talented

P. Rosenbaum,2019-06-30 A Concordance

to the Poems of Emily Dickinson is the third volume in the distinguished series Cornell Concordances Like the others it was programmed on an IBM 704 electronic computer and provides an alphabetical list of all significant words each word given in context In order to provide variants it was based on Thomas H Johnson s three volume edition of all the known texts of Emily Dickinson s poems Included are an analytical preface by the editor and an index of words in the order of frequency The Life and Poetry of James Thomson (B.V.) James Edward Meeker,1917 **A Shadowâ€™s Cry: Dark Poetry from a Troubled Mind** Anthony Uyl,2016-03-14 Everyone knows it s out there but no one really wants to talk about it Depression What you will read is my struggle with years of suffering My struggle with sadness anger and love is all reflected inside Some of this may seem a bit chaotic sometimes moving from a romantic poem to an all out angry and sad rant That is the way of depression however at one moment you are fine and everything is sunshine and roses the next you can t see any goodness in life and just want to end everything *Reading Blake's Songs* Zachary Leader,2015-08-11 First appearing in 1981 this book was the first full length study of the Songs of Innocence and Experience to be published in almost fifteen years The book provides detailed readings of each poem and its accompanying design to redirect attention to the nature and achievement of the book as a whole to Songs as a single carefully unified work of verbal and visual art Particularly close attention is paid not only to the designs Blake etched to accompany his poems but also to the many books and treatises for and about children to which it is argued Songs alludes or is indebted Like so many important works of this period Songs is shown to be autobiographical in nature one of Blake s attempts to order and account for the conflicts and crises of his own art and life Its story is that of an artist s growth into and out of vision and of his gradual realization of the dangers and deficiencies of the prophetic mode Songs in Dark Times Amelia M. Glaser,2020-11-24 A probing reading of leftist Jewish poets who during the interwar period drew on the trauma of pogroms to depict the suffering of other marginalized peoples Between the world wars a generation of Jewish leftist poets reached out to other embattled peoples of the earth Palestinian Arabs African Americans Spanish Republicans in Yiddish verse Songs in Dark Times examines the richly layered meanings of this project grounded in Jewish collective trauma but embracing a global community of the oppressed The long 1930s Amelia M Glaser proposes gave rise to a genre of internationalist modernism in which tropes of national collective memory were rewritten as the shared experiences of many national groups The utopian Jews of Songs in Dark Times effectively globalized the pogroms in a bold and sometimes fraught literary move that asserted continuity with anti Arab violence and black lynching As communists and fellow travelers the writers also sought to integrate particular experiences of suffering into a borderless narrative of class struggle Glaser resurrects their poems from the pages of forgotten Yiddish communist periodicals particularly the New York based Morgn Frayhayt Morning Freedom and the Soviet literary journal Roite Velt Red World Alongside compelling analysis Glaser includes her own translations of ten poems previously unavailable in English including Malka Lee s God s Black Lamb Moyshe Nadir s Closer and Esther Shumiatscher s At the Border of China These poets dreamed

of a moment when we could mean we workers rather than we Jews Songs in Dark Times takes on the beauty and difficulty of that dream in the minds of Yiddish writers who sought to heal the world by translating pain *David Bottoms* William Walsh, 2014-01-10 The South has a long tradition of great writers who remain in the South transforming the local landscape into a universal one Currently Poet Laureate of Georgia David Bottoms is one of the South s most revered poets The fifteen critical essays in this collection set out to examine the images and themes revealed in his poetry and fiction Topics include the role of rebirth and resurrection the presence of faith in the poems masculinity and gender and race in the South
