Das Neue Denken:

Franz Rosenzweig's "The New Thinking" Alan Udoff, Barbara E. Galli, 1999-04-01 Here for the first time faithfully translated in their entirety are the principal texts for which Franz Rosenzweig initiated the project that would become *The Star of Redemption*. Included in the volume are Rosenzweig's essay *The New Thinking*, four important reviews of *The Star of Redemption* and his 1917 letter to Rudolf Ehrenberg, the germcell of *The Star*. Barbara E. Galli's own essay touches on the basic concepts of Rosenzweig's work while pointing to and going beyond his scholarship. Alan Udoff's provocative closing essay situates Rosenzweig's thought in the context of modern and postmodern philosophical concerns and suggests a new direction in assessing the philosopher's theological accomplishment. This volume is a perfect guide for students of the great philosopher and for a broader general audience seeking an introduction to Rosenzweig's ideas. Philosophical and Theological Writings Franz Rosenzweig, 2000-01-01 This volume brings together Rosenzweig's central essays on theology and philosophy including two works available for the first time in English: the conclusion to Rosenzweig's book *Hegel and the State* and Rosenzweig's famous letter to Rudolph Ehrenberg known as the *Urzelle* of *The Star of Redemption*, an essential work for understanding Rosenzweig's Weimar theology and philosophy and German idealism and the existential reaction of the period. Additional selections are presented in new or revised translations. Introduction and notes by Franks and Morgan set Rosenzweig's works in context and illuminate his role as one of the key thinkers of the period. *Wohlstand neu denken* Horst Opaschowski, 2009-11-20 Lebe wohl Wohlstand! Die große Herausforderung für die nächste Generation. Von den Warenwerten zu den wahren Werten: mehr Zeit zum Leben, Konsum nach Maß für mehr Lebensqualität. In wirtschaftlich schwierigen Zeiten findet eine Neubesinnung auf das Beständige statt. Und das ist immer weniger eine Frage des Geldes. Stattdessen richtet sich der Blick mehr auf das Wohlergehen. Gut leben statt viel haben. Von den Warenwerten zu den wahren Werten. Immer besser statt immer mehr. Der Zukunftswissenschaftler Horst W. Opaschowski zeichnet in seinem neuen Buch ein weitsichtiges Bild der zukünftigen Konsumgesellschaft, in der die Menschen ihrem Dasein andere Schwerpunkte geben. Konsum ja, aber maßvoller, bewusster, kritischer und genussvoller Konsum, der der Steigerung der Lebensqualität dient und die ethische Komponente dabei fest im Blick hat. Team? Neu denken! Klaus-Dieter Thill, 2025-05-06 Alle reden von Teams, aber niemand denkt sie neu. Dieses Buch ist kein Plädoyer für bessere Zusammenarbeit, sondern eine radikale Denkansage. Wer weiterhin auf alte Teamlogik setzt, sabotiert die Zukunft. Mit klarer Sprache, disruptiver Klarheit und zwei neuen Denkformaten: dem *Stratysator* und dem *Konfluxen Synektiv*, wirst du herausgefordert, dein Verständnis von Führung, Verbindung und Verantwortung grundlegend zu überdenken. Dieses Buch kratzt nicht an der Oberfläche, es sprengt dein mentales Fundament. Team. Vergiss das Wort. Sag Synektiv. Und übernimm endlich Denkverantwortung. *Tourismus neu denken* Hans-Peter Herrmann, 2020-08-10 Tourismus als Phänomen philosophisch erfassen. Ziel der Philosophie ist es, die Welt durch logisches Denken zu erfassen. Erkenntnisse über das Sein und die Struktur der Welt zu generieren und nicht zuletzt

auch den Sinn des Lebens zu ergreifen. Folglich ist es nur konsequent auch den Tourismus in all seinen gegenwärtigen Ausprägungen etwa dem Massen oder Overtourismus aus dem philosophischen Blickwinkel zu betrachten. Weitere wesentliche Themen sind die Stellung des Menschen im touristischen Gefüge, Besonderheiten touristischer Leistungen, Fragen des Zeiterlebens sowie des Reisegefühls. Das Buch schließt mit Überlegungen wie Tourismus neu gedacht werden kann und wie sich die Zukunft des Tourismus gestalten wird.

Franz Rosenzweig and Jehuda Halevi Barbara Ellen Galli, Franz Rosenzweig, 1995. Franz Rosenzweig (1886–1929) is one of the most daunting modern Jewish thinkers; he exercises a profound influence on contemporary philosophy and modern Jewish thought. In this seminal study, Barbara Galli provides the first English translation of Franz Rosenzweig's *Jehuda Halevi: Zweiundneunzig Hymnen und Gedichte*, a German translation of the poems of the great medieval Jewish poet Jehuda Halevi, followed by a lively interpretive response. Galli's primary aim is to explore Rosenzweig's statement that his *Notes to Halevi's poems* exemplify a practical application of the philosophic system he set out in *The Star of Redemption*. Through an extended, multifaceted investigation of Rosenzweig's thought, Galli uncovers his philosophy of translation, out of which she determines and unravels his philosophic conclusion and his belief that there is only one language. In the final chapters, she concentrates on the *Notes to the poems* and, in doing so, attempts to philosophize according to Rosenzweig's own mandate: full speech is word and response.

An Episode of Jewish Romanticism Ernest H. Rubinstein, 2012-02-01. Examining romanticism in the thought of Jewish philosopher Franz Rosenzweig, this book compares his magnum opus *The Star of Redemption* with Leo Baeck's essay *Romantic Religion* and Friedrich Schelling's *Philosophy of Art*, texts representing two distinct and to a large extent opposed interpretations of romanticism. Rosenzweig's thought was shaped by two intellectual histories: Germany's and Judaism's. Because romanticism had such a definite impact on modern German writing and thought, it becomes a question whether and to what extent Rosenzweig too was a romantic. Part of the force of the question derives from the tensions sometimes noted between Jewish and romantic worldviews. In this book, author Ernest Rubinstein shows *The Star of Redemption* to be along the spectrum of ideas that extends between Baeck and Schelling and thus illustrates a qualified romanticism.

Mathematische Bildung neu denken. Andreas Vohns erinnern und weiterdenken Stefan Pohlkamp, Markus Helmerich, David Kollosche, Katja Lengnink, Tanja Hamann, 2024-03-01. Mathematische Bildung muss sich im Rahmen gesellschaftlicher und schulischer Transformationsprozesse stets weiterentwickeln. Dafür bedarf es einer ständigen Reflexion über Bildungsansprüche, Bildungsinhalte und Bildungsorganisation, die nicht innerhalb der Schule stehen bleiben kann, sondern auch den Blick auf die Wirkung von Mathematik in der Welt berücksichtigen muss. Diese Themen hat Andreas Vohns mit seinen Arbeiten in besonderer Weise fokussiert. Was bedeutet mathematische Bildung in einer sich wandelnden Welt? Wie beeinflussen Veränderungen in der Gesellschaft die fundamentalen Ideen eines bildsamen Mathematikunterrichts? Welchen Beitrag kann der Mathematikunterricht zum Ziel zeitgemäßer staatsbürgerlicher Erziehung und Allgemeinbildung leisten?

The Word and the Spiritual Realities (the I and the Thou) Ferdinand Ebner, 2021 This volume will constitute the first published English translation of Ferdinand Ebner's seminal 1921 work *Das Wort und die geistigen realitäten* long available in major languages but never in English It is frequently compared with Martin Buber's *I and Thou* published in 1923 which actually draws its central I-Thou insight from Ebner In recent centuries Philosophy reflects a turn toward the autonomous subject vs a biblical sense of person The limits/failures of science manifest in the horrors of World War I led to the emergence of a Dialogical Personalist Philosophy in reaction to the universal doubt of Cartesian thought and to German Idealism which engages the idea or representation but not the reality of things in themselves The core of Ebner's human speech is constitutive of human existence humans are given the word Having the word is a miraculous gift from God It is only in the word in language that an I meets a Thou that relationship and self-identity can occur and this word is given in Jesus Christ the Word made flesh In the beginning was the Word Jesus the Logos of St John's Gospel mediates between God and man and stands between I and Thou It is through Jesus that it is possible to address God in the human thou The key to life's meaning to the centrality of relationship and to God's continuous action in His creation is found in the I-Thou question why the I can never be found in itself and so must look in the thou while the false I will try to possess the thou as an object of power This is Ebner's critique of idealist thought reality/truth and personal identity are neither ideas nor found in ideas therefore Descartes' *cogito* must be rejected for the existence of the I can't be founded or proved by solitary thinking but only in relation with a thou

Reasoning After Revelation Steven Kepnes, 2018-03-08 In *Reasoning After Revelation: Dialogues in Postmodern Jewish Philosophy* three preeminent Jewish scholars debate the form and meaning of Postmodern Jewish Philosophy after the failures of the great secular ideologies of modern western civilization Emulating the methods as well as the premises of Talmudic argumentation the authors present their responses as dialogues joined by a common love of the rabbinic tradition of commentary and interpretation of the Bible The composers Peter Ochs, Robert Gibbs and Steven Kepnes contemplate where Judaism has been and where it is headed on what basis will modern Jews now reason about the meaning of Jewish existence and the relevance of age-old Biblical traditions to the moral and social crises of the twenty-first century The dialogues are further enriched by a set of responses from leading Jewish philosophers Elliot R. Wolfson, Edith Wyschogrod, Almut Sh. Bruckstein, Yudit Kornberg Greenberg and Susan E. Shapiro Postmodern Jewish thinkers understand their Jewishness differently but they all share a fidelity to what they call the Torah and to communal practices of reading and social action that have their bases in rabbinic interpretations of biblical narrative, law and belief Thus postmodern Jewish thinking is thinking about God, Jews and

the world with the texts of the Torah in the company of fellow seekers and believers. It utilizes the tools of philosophy but without their modern premises. Moreover, this form of Jewish thinking provides resources for philosophically disciplined readings of scripture by Jews, Christians, and Moslems seeking alternatives to the reductive discourses of secular academia on the one hand and to antimodern religious fundamentalisms on the other. Postmodern Jewish Philosophy aims to utilize rabbinic modes of thinking to provide a model for ethical and religious thought in the twenty-first century, one which moves beyond the dichotomy of relativism and imperialism and is simultaneously definite and pluralistic.

German Jewry Joseph B. Maier, 2023-03-31 This history of post-Emancipation German Jewry and of the Holocaust aftermath has received considerable scholarly attention. The study of Jewish life in Germany in the 1930s and the migration impelled by the Nazi period has, on the other hand, been comparatively neglected. The work of Werner J. Cahnman, 1902-1980, goes a long way toward filling this gap. Cahnman's examination of the Jewish people that dwells among the nations is focused on Germany because it was the country where in modern times the symbiosis has been most intimate and it also has been the country where the conflict degenerated into the monstrosity of the Holocaust. This representative anthology of his essays shares a common theme, although the examples differ in thought, method, and style. Whether he explores the stratification of pre-Emancipation German Jewry, the rise of the Jewish national movement in Austria, or such an esoteric topic as the influence of the kabbalistic tradition on German idealist philosophy, whether he muses on the writing of Jewish history or reports on his firsthand experience in Dachau, Cahnman's work reflects central concerns of his personal and scholarly existence as a German Jew. Because he usually combined extensive empirical data with his own background and personal experience, he is able to craft a penetrating analysis of the recent history of Jewish life in Central Europe. Werner Cahnman believed that the writing of history is vital for the continued cultural identity of the human kind.

Better Than Wine Yudit Kornberg Greenberg, 1996 This book offers a hermeneutical reading of Franz Rosenzweig's 1921 masterpiece *The Star of Redemption*. In her analysis, Yudit K. Greenberg draws on German idealistic and Romantic ideas as well as Kabbalistic philosophical strands in Rosenzweig's thinking. She portrays Rosenzweig as a transitional figure between philosophy and theology. Judaism

and German culture modernity and postmodernity New Directions in Jewish Philosophy Aaron W. Hughes, Elliot R. Wolfson, 2010 Breaking with strictly historical or textual perspectives this book explores Jewish philosophy as philosophy Often regarded as too technical for Judaic studies and too religious for philosophy departments Jewish philosophy has had an ambiguous position in the academy These provocative essays propose new models for the study of Jewish philosophy that embrace wider intellectual arenas including linguistics poetics aesthetics and visual culture as a path toward understanding the particular philosophic concerns of Judaism As they reread classic Jewish texts the essays articulate a new set of questions and demonstrate the vitality and originality of Jewish philosophy Winged Words: Benjamin, Rosenzweig, and the Life of Quotation Benjamin E. Sax, 2023-07-24 This is the first book to explore the role of quotation in modern Jewish thought Weaving back and forth from Benjamin to Rosenzweig the book searches for the recovery of concealed and lost meaning in the community of letters sacred scripture the collecting of books storytelling and the life of liturgy It also explores how the legacy of Goethe can be used to develop new strata of religious and Jewish thought We learn how quotation is the binding tissue that links language and thought modernity and tradition religion and secularism as a way of being in the world

Thinking in Translation Orr Scharf, 2019-08-19 Thinking in Translation posits the Hebrew Bible as the fulcrum of the thought of Franz Rosenzweig 1886 1929 underpinning a unique synthesis between systematic thinking and biblical interpretation Addressing a lacuna in Rosenzweig scholarship the book offers a critical evaluation of his engagement with the Bible through a comparative study of The Star of Redemption and his Bible translation with Martin Buber The book opens with Rosenzweig's rejection of German Idealism and fascination with the sources of Judaism It then analyzes the unique hermeneutic approach he developed to philosophy and scripture as a symbiosis of critique and cross fertilization facilitated by translation An analysis of the Star exposes Rosenzweig's employment of translation in grafting biblical verses unto the philosophical discussion It is followed by a reading that demonstrates how his Bible translation reflects an attempt to revalorize the Tanakh as a distinctively Jewish scripture over and against Christian appropriations Thinking in Translation recasts Rosenzweig's life's work as a project of melding Judaism and modernity in an attempt to secure their spiritual and intellectual survival *The Invention of Jewish Identity* Aaron W. Hughes, 2010-10-29 Jews from all ages have translated the Bible for their particular times and needs but what does the act of translation mean Aaron W Hughes believes translation has profound implications for Jewish identity The Invention of Jewish Identity presents the first sustained analysis of Bible translation and its impact on Jewish philosophy from the medieval period to the 20th century Hughes examines some of the most important Jewish thinkers Saadya Gaon Moses ibn Ezra Maimonides Judah Messer Leon Moses Mendelssohn Martin Buber and Franz Rosenzweig and their work on biblical narrative to understand how linguistic and conceptual idioms change and develop into ideas about the self The philosophical issues behind Bible translation according to Hughes are inseparable from more universal sets of questions that affect Jewish life and learning Selected Exaggerations Peter

Sloterdijk, 2016-06-07 Peter Sloterdijk's reputation as one of the most original thinkers of our time has grown steadily since the early 1980s. This volume of over thirty conversations and interviews spanning two decades illuminates the multiple interconnections of his life and work. In these wide-ranging dialogues Sloterdijk gives his views on a variety of topics from doping to doxa, design to dogma, media to mobility and the financial crisis to football. Here we encounter Sloterdijk from every angle as he expounds his ideas on the philosophical tradition and the latest strands of contemporary thought as he analyses the problems of our age and as he provides a new and startling perspective on everyday events. Through exaggeration Sloterdijk draws our attention to crucial issues and controversies and makes us aware of their implications for society and the individual. Always eager to share his knowledge and erudition he reveals himself equally at home in ancient Babylon in the channels of the mass media and on the ethical and moral terrain of religion, education or genetic engineering. Appealing both to the seasoned reader of Sloterdijk and to the curious newcomer, these dialogues offer fresh insight into the intellectual and political events of recent decades. They also give us glimpses of Sloterdijk's own life story from his early passionate love of reading and writing to his journeys in East and West, his commitment to Europe and his acceptance and enjoyment of the role of a public intellectual and philosopher in the twenty-first century. Religious Existentialists and the Redemption of Feeling Anthony Malagon, Abi Doukhan, 2019-06-27 Traditional philosophizing has generally depended upon reason as its primary access to truth. Subjective experiences such as feelings, the passions and emotions have typically been viewed as secondary to reason, untrustworthy or both. *The Religious Existentialists and the Redemption of Feeling* revisits how the movement of existentialism via the religious existentialists has contributed to a rethinking of the role of subjective experience in contrast to the rationalist and idealist traditions, thus reframing the importance of feelings in general for the philosophical enterprise as a whole. Through the considerations of a variety of thinkers, this collection provides a fresh look at the contributions of twentieth-century existentialists, thereby re-contextualizing the very notion of existentialism, offering a powerful and genuine re-evaluation of the significance of subjectivity and underscoring the continued relevance of the religious existentialists.
