Feschino Jr., the authority of the Braxton County Monster incident, has returned with an Updated and Expanded version of his 2012 book. His ongoing and diligent 21-year investigation into this case reveals an invasion of gigantic aliens that occurred over America on September 12, 1952. Feschino meticulously reconstructed a timeline of events and recreated the scenario of that terrifying day, which includes the Flatwoods Monster and Frametown Monster incidents, a massive wave of UFO sightings and crashes, and the cover-up of a USAF jet fighter that disappeared that night. This book contains new documentation about the Braxton County Monster case and startling UFO events of that day and includes additional witness information, newly discovered sightings, crashes, landings, and more. It contains more than 225 visuals, including new articles, photos, maps, graphics, and illustrations, which credit Feschino as the world's most thorough investigator of this UFO incident in history. **The Legend of the Sunken Temple; 2nd Edition** Kristyn Start, 2019-10-04. This book engages non-digital role-playing games such as table-top RPGs and live-action role plays in and from Japan to sketch their possibilities and fluidities in a global context. Currently, non-digital RPGs are experiencing a second boom worldwide and are increasingly gaining scholarly attention for their inter-media relations. This study concentrates on Japan but does not emphasise unique Japanese characteristics, as the practice of embodying an RPG character is always contingently realised. The purpose is to trace the transcultural entanglements of RPG practices by mapping four arenas of conflict: the tension between reality and fiction, stereotypes of escapism, mediation across national borders, and the role of scholars in the making of role-playing game practices.
