Argumentation and Debate Austin J. Freeley, Cindy L. Griffin, David L. Steinberg, Sheldon Metcalfe, 2004

Argumentation and Debate Austin J. Freeley, 1993 This text presents a clear and concise explanation of argumentation and provides models for good argumentation particularly as it applies to academic debate **Argumentation in Everyday Life** Jeffrey P. Mehlretter Drury, 2019-01-21 Good coverage of concepts with understandable explanations of theory Very user friendly with exercises to use in and out of class Connects well with other communication classes through the application of other communication concepts to argumentation Christopher Leland Azusa Pacific University Argumentation in Everyday Life provides students with the tools they need to argue effectively in the classroom and beyond Jeffrey P Mehlretter Drury offers rich coverage of theory while balancing everyday applicability allowing students to use their skills soundly Drury introduces the fundamentals of constructing and refuting arguments using the Toulmin model and ARG conditions Acceptability Relevance and Grounds Numerous real world examples are connected to the theories of rhetoric and argumentation discussed enabling students to practice and apply the content in personal civic and professional contexts as well as traditional academic debates Encouraging self reflection this book empowers students to find their voice and create positive change through argumentation in everyday life Unique resources to help students navigate this complex terrain of argumentation The Debate Situation offers students a birds eye view of any given debate or exchange of arguments between two or more people organized around three necessary components arguments issues and the proposition The visual model of the debate situation illustrates how these features work together in guiding a debate and it lays the groundwork for understanding and generating arguments Easy to Use Standards for Evaluating Arguments combine a prominent argument model named after logician Stephen Toulmin with a standards based approach the ARG conditions to test of quality of an argument The ARG conditions are three questions an advocate should ask of an argument in determining whether or not it is rationally persuasive These questions are best served by research but don't necessarily require it and thus they provide a useful posture for critically assessing the arguments you encounter Multiple Everyday Life examples with an emphasis on context help students to connect the lessons more fully to their everyday life and encourages them to grapple explicitly with dilemmas arising in different contexts Find Your Voice Prompts focus on choice empowerment to offer strategies for students to choose which arguments to address and how to address them empowering students to use argumentation to find their voice Build Your Skill Prompts use objective applications to test how well students have learned the information They offer a chance to apply the material to additional examples that students can check against the answers in Appendix II Two

application exercises at the end of each chapter encourage students to think critically about the content discuss their thoughts with their peers and apply the material to everyday situations

Organizational Rhetoric Mary F. Hoffman, Debra J. Ford, 2010 *Organizational Rhetoric* introduces students to a rhetorical approach to understanding analyzing and creating organizational messages for both internal employees and external customers This textbook provides students a theoretically grounded understanding of the basic building blocks of organizational rhetoric the types of rhetorical situations faced by organizational communicators and the specific strategies used to address six common organizational rhetorical situations such as image management Students will gain an understanding of the power of organizations in contemporary society and be able to think critically about organizational messages The text is organized in two units In the first unit authors Mary Hoffman and Debra Ford introduce the rationale for a rhetorical approach to organizational messages and introduce the basic rhetorical building blocks and principles behind the rhetorical situation and the analysis of strategies In the second unit the authors cover six specific rhetorical situations commonly faced by organizations image and identity management issue management impression management risk management crisis management and organizational apologia and internal message management Each chapter is structured similarly in conjunction with the ideas developed in unit one and each ends with a case study that exemplifies the content presented in that chapter

Features and Benefits The first unit in the text will introduce the details of analyzing situations and identifying strategies The second unit will examine six specific recurring rhetorical situations for organizations Organizational schema centered on situations and strategies Use of real life case studies Focus on careers in organizational rhetoric Focus on thinking critically about organizations in society

Dialectic and Rhetoric F.H. van Eemeren, Peter Houtlosser, 2013-03-14 This volume discusses two distinct perspectives on the analysis of argumentative discourse the dialectical and the rhetorical perspective It intends to open a thorough discussion of the two approaches their commonalities and differences and the ways in which in some combination or other they can be used to further the development of sound analytic tools for dealing with argumentation

Discourse, Ideology and Specialized Communication Giuliana Garzone, Srikant Sarangi, 2008 This book approaches the issue of ideology in specialized communication in professional institutional and disciplinary settings across domains as diverse as law healthcare corporate management migration NGOs etc What unites the contributors is their commitment to a discourse view of language use i.e. the view that organisational and professional practices are rooted in social ideological orders although a variety of perspectives on the exact nature of the relationship between ideology and discourse can be

discerned in individual chapters The acts of interpretation by participants and analysts alike are invested in ideology explicitly or implicitly This manifest hidden duality surrounding ideology in discourse constitutes the main focus Challenging the traditional presumption of objectivity impersonality and non involvement that has often characterized research on Language for Specific Purposes this book demonstrates how the specialized communication setting is a critical site where ideology is intrinsically embodied in discursive practices

Dialogue and Deliberation Josina M. Makau,Debian L. Marty,2013-03-19 Across our differences people everywhere wish to be heard to be known and to be understood When these needs are met individuals have the potential to flourish and communities can work together in common cause Yet in the current argument culture the power of communication to meet these needs remains largely untapped and the ability to resolve shared problems is compromised This book explores the roots of this communication crisis and offers a realistic means to reconnect to build community and to make just and wise decisions together

Logical Models of Legal Argumentation H. Prakken,Giovanni Sartor,2012-12-06 In the study of forms of legal reasoning logic and argumentation theory long followed separate tracks Legal logicians tended to focus on a deductive reconstruction of justifying a decision disregarding the dialectical process leading to the chosen justification Others instead emphasized the adversarial and discretionary nature of legal reasoning involving reasonable evaluation of alternative choices and the use of analogical reasoning Recently however developments in Artificial Intelligence and Law have paved the way for overcoming this separation Logic has widened its scope to defensible argumentation and informal accounts of analogy and dialectics have inspired the construction of computer programs Thus the prospect is emerging of an integrated logical and dialectical account of legal argument adding to the understanding of legal reasoning and providing a formal basis for computer tools that assist and mediate legal debates while leaving room for human initiative This book presents contributions to this development From a logical point of view it covers topics such as evaluating

conflicting arguments weighing reasons modelling legal disputes as a dialogue game the role of the burden of proof the relation between principles rules reasons and facts and the relation between deductive and nondeductive arguments Written by leading scholars in the field and building on recent developments in logic and Artificial Intelligence the chapters provide a state of the art account of research on the logical aspects of legal argument Landmark Essays on Rhetoric of Science: Issues and Methods Randy Allen Harris,2024-11-01 Landmark Essays in Rhetoric of Science Issues and Methods compiles the essential readings of the vibrant field of rhetoric of science tracing the growth and core concerns of the field since its development in the 1970s A companion to Randy Allen Harris s foundational Landmark Essays in Rhetoric of Science Case Studies this volume includes essays by such luminaries as Carolyn R Miller Jeanne Fahnestock and Alan G Gross along with an early prophetic article by Charles Sanders Pierce Harris s detailed introduction puts the field into its social and intellectual context and frames the important contributions of each essay which range from reimagining classical concepts like rhetorical figures and topical invention to Modal Materialism and the Neomodern hybridization of Actor Network Theory with Genre Studies Race revolution and Daoism come up along the way and the empirical recalcitrance of the moon This collection serves as a textbook for graduate and advanced undergraduate courses in science studies and is an invaluable resource for researchers concerned with science not as a special autonomous sacrosanct enterprise but as a set of value saturated profoundly influential rhetorical practices Debating Social Problems Leonard A.
