

The Reasons to Be Proud Canadian

Canadian and Proud

Canada is a country to be proud of. We have contributed to the world got the better on an international and social level, while evolving on an international and social level. With many inspirational Canadian leaders and hero's such as Pierre Trudeau, Lester B. Person and Terry Fox, Canada should be proud of not only what we've accomplished as a whole but the people we've molded as well. While we have made some mistakes throughout history, Canada has proven itself time and time again and every Canadian should be proud of the land we call home.

International action has been taken by Canada on many occasions. During World War 1, Canadian soldiers fought in the 2nd Battle of Ypres. While the French fled and left Canada stranded, Canadian soldiers and commanders held their ground, through mustard gas attacks, heavy artillery, and many loses. The bravery Canada had demonstrated is something we should look up today. Vimy Ridge was a so legendary. The first time in history all four Canadian corps fought together under Canadian command, Arthur Currie. Not only was it a full Canadian invasion, but we won opposed to other countries who were unsuccessful. Canada took a huge step and risk, and we should be proud of what we accomplished.

Canadians have impacted the world socially and should be proud of our achievements. Canada gained its independence in 1931, after a long battle. We remained allies with Britain and no tensions were created, while finding allies of our own such as the United States. We demonstrated our ability to stand up for our values and our country.

Transactions of the Board of Agriculture and of the Agricultural Association of Upper Canada Board of Agriculture of Upper Canada, 1859 **Good Roads Canada**, 1913 **Might Nature Be Canadian?** William A. Macdonald, 2020-03-05 Mutual accommodation is about co operation compromise and inclusion It's a big idea equal to freedom science and compassion The postwar global economic order led by the United States is one of the greatest historic achievements of mutual accommodation yet it is now at risk from the centrifugal forces that have led to populism Today to many nations and people Canada is the model country driven by successful mutual accommodation In *Might Nature Be Canadian* William Macdonald explores the theme of mutual accommodation with a close lens on the Canadian experience Canada has a drive toward mutual accommodation The United States has a strong drive toward division There has always been a divergence of ideologies between the two countries The United States now appears to view the world as a never ending struggle which has become greater since 2000 between good and evil while Canada by contrast leans toward the idea that there is an underlying order at the heart of things Canada has always faced strong limits in creatively overcoming a challenging geography and French English language differences within its own borders on the other hand the United States sees itself as a country with virtually no limits Throughout its history

Canada's drive toward mutual accommodation stronger than that of any other country has allowed its increasingly diverse citizens to live together peacefully and successfully even as they retain their own culture language and religion Nature can be described as simultaneously either or and both and Is there something fundamentally Canadian about this Taking inspiration from British philosopher Alfred North Whitehead who said that civilization is the triumph of persuasion over force Macdonald argues that the urgent spread of mutual accommodation a charge led by Canada is central to achieving a bearable world for everyone Aesthetic Criticism in Canada John Daniel Logan,1917 Encyclopedia of Post-Colonial Literatures in English Eugene Benson,L.W.
