balance among three categories of playwrights 1 established playwrights who continue to practice the art and craft of the short play 2 emerging playwrights whose record of productions indicate both initial achievement and continuing artistic productivity and 3 talented new playwrights whose work may not have had much exposure but evidences promise for the future From its inception *The Best American Short Plays* has identified new cutting edge playwrights who have gone on to establish award winning careers including Tennessee Williams Edward Albee Wendy Wasserstein David Mamet and Horton Foote This volume Bill Demastes first edition as series editor illustrates how well the short story play can grapple with the many dimensions of love The selected plays present unique perspectives on the wide range of love s impact on our lives each giving a thoroughly modern twist to the idea that life would be so much easier but also much less interesting if we could only avoid love s mercurial influence

Demastes, 2014-06-01 Applause Books For over 70 years The Best American Short Plays has been the standard of excellence for one act plays in America From its inception it has identified cutting edge playwrights who have gone on to establish award winning careers including Tennessee Williams Edward Albee and more In this volume the plays capture the struggle between hot tempers and cold decrees Humans love to think of themselves as rational beings well in control of their lives and surroundings from sunup to sundown sundown to sunrise We learn to follow rules of proper behavior and more than happily issue out advice to our friends who just can't get a handle on themselves Restraint and order after all are the cornerstones of human society and civilization The problem is that human nature bucks and bristles at every attempt to socialize and civilize Shakespeare got it right when he penned the observation The brain may devise laws for the blood but a hot temper leaps over a cold decree In those few words he has managed to capture precisely why it is so difficult to be human if it were okay simply to let our hot tempers prevail life would be so much easier But cold decrees are what prevent us from self destruction and so we endure the struggle
