Historic Savannah:

Lost Savannah Luciana M. Spracher, 2003-03 Since its founding over 250 years ago Savannah Georgia has become a historic preservation gold mine exhibiting a variety of architectural styles However during the late 19th and early 20th centuries the area experienced heavy economic growth during which numerous buildings were demolished regardless of age or condition to make way for newer and supposedly better structures The community lost many important landmarks architectural masterpieces and a piece of its history *Lost Savannah* takes a close look at these vanished buildings to document their existence and role in Savannah s past Drawing on collections of the Georgia Historical Society a rich presentation of Savannah s public private and commercial architecture has been brought together in this unique photographic volume Through vintage images one can see the city s development and growth as well as its subsequent decay prior to the preservation movement *Lost Savannah* examines individual buildings such as Union Station and the Bulloch Habersham House as well as the evolution of Savannah s architectural landscape including West Broad Street and Elbert Square

[Historic Signs of Savannah](#) Justin Gunther, 2004 From the cotton boom after the Civil War to Savannah s economic decline around the middle of the 20th century the city s streetscapes were crowded with signs In a time before strict sign regulations business owners embellished building facades and rooftops with extensive signage to catch the eye of pedestrians and motorists The abundance of advertising was symbolic of Savannah s rapid growth and prosperity but the majority of these signs were discarded over the years and only a few remain Photographs and postcards from the past survive however and images of historic signs serve as reminders of these lost commercial relics Such signs give the bricks and mortar of the past another dimension by identifying their social purpose Through vintage images of Savannah

signage this volume provides a history of the city's businesses and industries Included are local landmarks like Levy Jewelers the Globe Shoe Company the Lucas Theatre the Marshall House and Johnny Harris Restaurant Savannah Historic District Action Plan Historic Savannah Foundation, Inc,1988 **Savannah in History** Rodney Carlisle,Loretta Carlisle,2019-05-01 Savannah in History features over 90 sites in Savannah Georgia presented organized by historical era with over 100 color photos This presentation is especially important for a city with a long and varied history like Savannah where colonial sites are virtually next door to antebellum Civil War and important modern sites This guidebook conveys a clear picture of the evolution of the city from its beginnings to the present and helps the tourist and even the resident unravel and understand the dozens of historic buildings and monuments and several excellent museums Like the others in this series on St Augustine Key West Charleston and Tampa it serves as both a guidebook and keepsake **Hidden History of Savannah** Brenna Michaels,T.C. Building Savannah David E. Kelley, 2000 Savannah's distinct architecture has been studied and admired by scholars builders and tourists from all over the world and the history of its most prolific period of expansion and development is explored in this photographic essay A city that was spared the wrath of the Union forces Savannah emerged from the Civil War psychologically defeated but still physically intact During the second half of the nineteenth century this picturesque Georgia city enjoyed tremendous growth in a booming economic environment Building Savannah chronicles this period in the city's history with photographs sketches maps and advertisements many culled from the archives of the Georgia Historical Society Coupled with informative research these images illustrate every aspect of the building industry that thrived in Savannah Local architects and builders embraced the transformation that was sweeping the entire country and used both natural resources and technical innovation to create a unique built environment The building industries once fueled by the virgin resources of the South would be exhausted by the end of the Second World War As modern materials became popular the lumber mills withered old foundries closed and the industry was forever changed What was left in Savannah was the indelible
