Contemporary British Ceramics and the Influence of Sculpture Laura Gray, 2018-01-02 This book investigates how British contemporary artists who work with clay have managed in the space of a single generation to take ceramics from niche interest craft to the pristine territories of the contemporary art gallery This development has been accompanied and perhaps propelled by the kind of critical discussion usually reserved for the higher discipline of sculpture Ceramics is now encountering and colliding with sculpture both formally and intellectually Laura Gray examines what this means for the old hierarchies between art and craft the identity of the potter and the character of a discipline tied to a specific material but wanting to participate in critical discussions that extend far beyond clay **Networks of Design** Jonathan Glynne, Fiona Hackney, Minton, Viv, 2010-06 Networks of Design maps a new methodological territory in design studies conceived as a field

of interdisciplinary inquiry and practice informed by a range of responses to actor network theory It brings together a rich body of current work by researchers in the social sciences technology material culture cultural geography information technology and systems design and design theory and history This collection will be invaluable to students and researchers in many areas of design studies and to design practitioners receptive to new and challenging notions of what constitutes the design process Over ninety essays are thematically organised to address five aspects of the expanded notions of mediation agency and collaboration posited by network theory Ideas Things Technology Texts and People The collection also includes an important new essay on rethinking the concept of design by Bruno Latour one of the most influential figures in the philosophy and sociology of science and technology and a pioneer of actor network theory and essays deriving from forum discussions involving designers and designer makers responsive to actor network theory Rather than an anthology of previously published essays Networks of Design presents work in progress on design theory and its applications It is the outcome of a live and vigorous debate on the possibilities and actualities offered by actor network led conceptualisations of the relationships and processes constituting design All the essays many collaborative derive from papers presented at the international conference of the Design History Society held at University College Falmouth UK in the Autumn of 2008

Design Issues ,2011 **Danish Modern** Mark Mussari,2016-06-16 Danish Modern explores the development of mid century modernist design in Denmark from historical analytical and theoretical perspectives Mark Mussari explores the relationship between Danish design aesthetics and the theoretical and cultural impact of Modernism particularly between 1930 and 1960 He considers how Danish designers responded to early Modernist currents the Stockholm Exhibition of 1930 their rejection of Bauhaus aesthetic demands their early fealty to wood and materials and the tension between cabinetmaker craft and industrial production as it challenged and altered their aesthetic approach Tracing the theoretical foundations for these developments Mussari discusses the writings and works of such figures as Poul Henningsen Arne Jacobsen Hans Wegner Nanna Ditzel and Finn Juhl **Rachel Whiteread** Mario Codognato,2007 Published to accompany an exhibition held at Donnaregina Museum of Contemporary Art Naples 4 February 1 May 2007 **Merchants of Style** Natasha Degen,2023-05-17 Looking at Andy Warhol s legacy as maker and muse this book offers a critical examination of the coalescence of commerce and style Merchants of Style explores the accelerating convergence of art and fashion looking at the interplay of artists and designers and the role of institutions both public and commercial that have brought about this marriage of aesthetic industries The book argues that one figure more than any other anticipated this moment Andy Warhol Beginning with an overview of art and fashion s deeply entwined histories and then picking up where Warhol left off Merchants of Style tells the story of art s emboldened forays into commerce and fashion s growing embrace of art As the two industries draw closer together than ever before this book addresses urgent questions about what this union means and what the future holds **Ideas About Art** Kathleen K. Desmond,2011-05-06 Ideas About Art is an intelligent accessible

introductory text for students interested in learning how to think about aesthetics It uses stories drawn from the experiences of individuals involved in the arts as a means of exposing readers to the philosophies theories and arguments that shape and drive visual art An accessible story driven introduction to aesthetic theory and philosophy Prompts readers to develop independent ideas about aesthetics this is a guide on how to think not what to think Includes discussions of non western contemporary and discipline specific theories Examines a range of art based dilemmas across a wide variety of disciplines from art and design and law to visual and museum studies

Raizman,2023-08-31 This unparalleled and wide ranging book surveys the history of applied arts and industrial design from the eighteenth century to the present day exploring the dynamic relationship between design and manufacturing and the technological social and commercial contexts in which this relationship has developed In this extensively revised and expanded third edition David Raizman addresses international questions more fully with the addition of six Global Inspiration sections that examine the contributions of non Western traditions rendering the very notion of a national design debatable The text also pays closer attention to issues of gender race and climate change and their impact on design With over 580 illustrations mostly in colour History of Modern Design is an inclusive well balanced introduction to a field of increasing scholarly and interdisciplinary research and provides students in design with historical perspectives of their chosen fields of study

Junk Gillian Whiteley,2010-11-30 Trash garbage rubbish dross and detritus in this enjoyably radical exploration of

Junk Gillian Whiteley rethinks art s historical and present appropriation of junk within our eco conscious and globalised culture She does this through an illustrated exploration of particular materials key moments and locations and the telling of a panoply of trash narratives Found and ephemeral materials are primarily associated with assemblage object based practices which emerged in the mid 1950s and culminated in the seminal exhibition The Art of Assemblage in New York in 1961 With its deployment of the discarded and the filthy Whiteley argues assemblage has been viewed as a disruptive transgressive artform that engaged with narratives of social and political dissent often in the face of modernist condemnation as worthless kitsch In the Sixties parallel techniques flourished in Western Europe the US and Australia but the idiom of assemblage and the re use of found materials and objects with artist as bricoleur is just as prevalent now This is a timely book that uncovers the etymology of waste and the cultures of disposability within these economies of wealth
