Desires Deception:

Themelios, Volume 43, Issue 3 D. A. Carson, 2018-12-19 Themelios is an international evangelical peer reviewed theological journal that expounds and defends the historic Christian faith Themelios is published three times a year online at The Gospel Coalition <http://thegospelcoalition.org/themelios> and in print by Wipf and Stock Its primary audience is theological students and pastors though scholars read it as well Themelios began in 1975 and was operated by RTSF UCCF in the UK and it became a digital journal operated by The Gospel Coalition in 2008 The editorial team draws participants from across the globe as editors essayists and reviewers General Editor D A Carson Trinity Evangelical Divinity School Managing Editor Brian Tabb Bethlehem College and Seminary Consulting Editor Michael J Ovey Oak Hill Theological College Administrator Andrew David Naselli Bethlehem College and Seminary Book Review Editors Jerry Hwang Singapore Bible College Alan Thompson Sydney Missionary Nathan A Finn Southeastern Baptist Theological Seminary Hans Madueme Covenant College Dane Ortlund Crossway Jason Sexton Golden Gate Baptist Seminary Editorial Board Gerald Bray Beeson Divinity School Lee Gatiss Wales Evangelical School of Theology Paul Helseth University of Northwestern St Paul Paul House Beeson Divinity School Ken Magnuson The Southern Baptist Theological Seminary Jonathan Pennington The Southern Baptist Theological Seminary James Robson Wycliffe Hall Mark D Thompson Moore Theological College Paul Williamson Moore Theological College Stephen Witmer Pepperell Christian Fellowship Robert Yarbrough Covenant Seminary

Quillifer the Knight Walter Jon Williams, 2019-11-05 Williams knows exactly what to do with Quillifer and it s hugely entertaining Locus Walter Jon Williams is always fun but this may be his best yet a delight from start to finish witty colorful exciting and amusing by turns exquisitely written George R R Martin Chock full of derring do blood and thunder swashbuckling and other good stuff evocative of Rafael Sabatini Sir Walter Scott and the penny bloods Paul Di Filippo author of The Big Get Even Quillifer now a member of the nobility finds himself further immersed in court politics as the outcast princess Floria is suddenly in a position of power with a rebellion stoked by a certain brilliant tactician in this thrilling sequel to Quillifer Rogue Joker Lover Reluctant conspirator The ambitious young Quillifer was been knighted for services to the crown but was then banished from court by a queen who finds him obnoxious Now after a two year voyage to improve his fortunes Quillifer returns to court and is plunged immediately into a maelstrom of intrigue that triggers duels plots amours and rollicking adventure Bounding back and forth from the high councils of state to the warm bed of his mistress Quillifer must exert every ounce of seductive charm and low cunning in order to survive Queen Berlauda s foreign husband brings war in his wake along with a clutch of officials who enforce the royal will with violence torture and judicial murder A dragon menaces the realm and political conspiracy threatens the life of Quillifer s young patroness Princess Floria It s the traditional job of a knight to fight dragons and rescue princesses but Quillifer is hardly a traditional knight and he brings to the job an array of unorthodox skills that dazzles his swarm of rivals seduces their wives and threatens the realm But there s a greater menace to Quillifer than deadly political

intrigue for once again he finds himself hunted by the cruel beautiful and vengeful goddess Orlanda

Reason, Rhetoric, and the Philosophical Life in Plato's Phaedrus Tiago Lier, 2019-06-28 Plato is a well known critic of rhetoric but in the Phaedrus he defends the art of rhetoric arguing that it can be perfected with the aid of philosophy In Reason Rhetoric and the Philosophical Life in Plato's Phaedrus Tiago Lier provides a new and comprehensive interpretation of this important dialogue He argues that Plato's defense of rhetoric is based on philosophy's ethical nature and that philosophy is a way of life rather than a body of knowledge For Plato an essential element of both rhetoric and the philosophical life is that every use of speech whether to persuade or to learn depends upon the psychology of the speaker and the audience Lier shows how Socrates develops a dynamic account of this psychology over the course of the dialogue in order to help Phaedrus understand how he is personally engaged in and shaped by every act of communication Only when we grasp the tension between eros and logos will we discover the limitations of the art of rhetoric and that rhetoric alone cannot show us what we truly desire Instead Lier concludes the greatest power of speech is to reveal to ourselves our own desires and understanding of our place in the world This continual self reflection is the philosophical life around which Socrates and Plato fashion their distinctive forms of rhetoric The insights developed in this book will be of particular relevance to students and scholars of ancient philosophy classics and rhetorical theory but it will also be of interest to those working in political science literary studies and communication studies

Moral Knowledge and Ethical Character Robert Audi, 1997-09-25 This book presents an ethical theory that uniquely integrates naturalistic and rationalistic elements Robert Audi develops his theory in four areas moral epistemology the metaphysics of ethics moral psychology and the foundations of ethics Comprising both new and published work the book sets forth a moderate intuitionism clarifies the relation between reason and motivation constructs a theory of intrinsic value and its place in moral obligation and presents a sophisticated account of moral justification The concluding chapter articulates a new normative framework built from both Kantian and intuitionist elements Connecting ethics in novel ways to both the theory of value and the philosophy of action the essays explore topics such as ethical intuition reason and judgement and virtue Audi also considers major views in the history of ethics including those of Aristotle Hume Kant Mill Moore and W D Ross and engages contemporary work on autonomy responsibility objectivity reasons and other issues Clear and conceptually rich this book makes vital reading for students and scholars of ethics

A Comprehensive Guide to Shakespeare's Sonnets Roland Weidle, 2024-11-14 This book provides readers with the tools to unravel the complexities of one of the most difficult sonnet sequences introducing them to the literary tradition themes stylistic features and cultural contexts of the genre and the collection and offering close readings of more than 100 sonnets This combined approach enables readers not only to disentangle the complex relationships of the poems characters but also to appreciate their philosophical sensual topical and subversive qualities Of the book's two sections the first Contexts and Forms includes chapters on the sonnet tradition early publication history the structural features of the sequence and the

Shakespearean sonnet as well as the main characteristics of the dramatis personae The second section Themes consists of 5 chapters and explores the theme clusters that can be identified throughout the sequence preservation writing desire deception imagination Additional features of the book include a step by step approach to a Shakespeare sonnet a model interpretation of a sonnet as well as charts and tables identifying and summarizing the sequence s mini narratives groups addressees and themes For easy reference the sonnets discussed in the book are cross referenced and listed in the index which also includes key terms and names of works and people Suggestions for further reading are provided at the end of each chapter and the annotated bibliography includes brief descriptions of the most useful works for further study

The Oxford Handbook of the Self Shaun Gallagher, 2011-02-10 The Oxford Handbook of the Self explores a fascinating diversity of questions about our understanding of self from a variety of interdisciplinary perspectives including philosophy ethics psychology neuroscience psychopathology narrative and postmodern theories

A Rational Faith Joshua Sijuwade, 2025-03-27 A comprehensive analysis of Richard Swinburne s intellectual journey and philosophical work A Rational Faith explores the legacy of one of the most influential and rigorous philosophical defenders of theism Across Swinburne s written career he has displayed a deep commitment to demonstrating the intellectual credibility of the Christian faith facing modern scientific and philosophical challenges and the materialistic worldview of modern intellectualism Analysing his life and work through in depth accessible explanations of key issues and their context Joshua Sijuwade brings together collected criticism of Swinburne s work and explores possible counter arguments alongside a foreword by Richard Swinburne himself Suitable for any reader interested in Swinburne s philosophy first approach or those intrigued by a philosophical defence of the Christian faith A Rational Faith reveals Swinburne s life and work as a witness to his belief that belief in the central tenets of the Christian faith is rational

A Treatise of the Passions and Faculties of the Soule of Man ... Edward Reynolds, 1640

The Expressive Self Ángel García Rodríguez, 2024-09-17 Expression is typically construed as a relation between two ontologically distinct items namely a vehicle and a content but it is better construed non relationally since the content is an intrinsic aspect or quality of the expressive vehicle Upon this basis *The Expressive Self* The First Person in Speech and Thought argues that the distinctive nature of the first person perspective must be accounted for in expressive rather than epistemic terms For though others can report on what one expresses one alone is able to non relationally express oneself one alone is able to produce vehicles that are episodes of one s self consciousness According to Ángel García Rodríguez the ensuing expressive model of the self provides clarity on some prominent contemporary puzzles notably Moore s paradox self deception and McKinsey s paradox given the duality of non relationally expressive and reporting uses of the underlying first person claims Moreover the phenomena of self reference and first person authority both psychological and bodily pose no objection to the model Throughout the author engages critically with alternative conceptions of the self delivering a novel account that helps advance the debate about the nature of the self and of the first

person Philosophy and the Emotions Anthony Hatzimoysis, 2003-07-21 This major volume of original essays maps the place of emotion in human nature through a discussion of the relation between consciousness and body by analysing the importance of emotion for human agency by pointing to the ways in which practical rationality may be enhanced as well as hindered by emotions and by exploring questions of value in making sense of emotions at a political ethical and personal level Leading researchers in the field reflect on the nature of human feelings how and why we understand what other people feel and the way in which our values become involved in specific emotional phenomena such as guilt fear shame amusement or love This collection addresses important questions in the philosophy of mind and comments on the implications of research in biology cognitive psychology psychoanalysis and narrative theory for the philosophical understanding of emotions Visions Of Virtue In Popular Film Joseph Kupfer, 2018-03-08 Visions of Virtue in Popular Film grows out of the interplay between film criticism and a philosophical view of virtue Joseph H Kupfer argues that film fictions can be integral to moral reflection and thus by examining the narrative and cinematic aspects of popular films we can derive important moral truths about people and their behavior Taking as his base a classical conception of virtue and vice Kupfer offers an in depth examination of Groundhog Day The African Queen Parenthood Rob Roy Fresh Jaws and Aliens in order to investigate the value of virtue within ever widening social contexts Self-Deception's Puzzles and Processes Jason Kido Lopez, 2016-08-16 The contemporary literature on self deception was born out of Jean Paul Sartre s work on bad faith lying to oneself As time has progressed the conception of self deception has moved further and further away from Sartre s conception of bad faith In Self Deception s Puzzles and Processes A Return to a Sartrean View Jason Kido Lopez argues that this departure is a mistake and that we should return to thinking about self deception in a Sartrean fashion in which we are self deceived when we intentionally use the strategies and methods of interpersonal deception on ourselves Since literally tricking ourselves cannot work we will always see through our own self deception after all self deception merely consists of the attempt to trick ourselves in this way Other scholars have rejected this notion of self deception historically dismissing it as paradoxical Lopez argues first that it isn t paradoxical and he further suggests that moving away from this notion of self deception has caused the contemporary literature on the topic to be littered with disparate and conflicting theories Indeed there are a great many ways to avoid the allegedly paradoxical Sartrean notion of self deception and the resulting plethora of accounts lead to a fragmented picture of self deception If however the Sartrean view isn t paradoxical then there was no need for the host of contradictory theories and most researchers on self deception have missed what was originally so intriguing about self deception that it like bad faith is the process of literally trying to trick oneself into believing what is false or unwarranted Self Deception s Puzzles and Processes will be of great interest to students and scholars of epistemology philosophy of mind psychology and continental philosophy and to anyone else interested in the problems of self deception **Moral Knowledge and Ethical Character** Robert Audi Professor of Philosophy University of Nebraska, 1997-08-28 This book offers

a unified collection of published and unpublished papers by Robert Audi a renowned defender of the rationalist position in ethics Taken together the essays present a vigorous broadly based argument in moral epistemology and a related account of reasons for action and their bearing on moral justification and moral character Part I details Audi s compelling moral epistemology while Part II offers a unique vision of ethical concepts and an account of moral explanation as well as a powerful model of moral realism Part III extends this account of moral explanation to moral responsibility for both actions and character and to the relation between virtue and the actions that express it Part IV elaborates a theory of reasons for action that locates them in relation to three of their traditionally major sources desire moral judgment and value Clear and illuminating Audi s introduction outlines and interconnects the self contained but cumulatively arranged essays It also places them in relation to classical and contemporary literature and directs readers to large segments of thematically connected material spread throughout the book Audi ends with a powerfully synthetic final essay **Renewal** Colbert

Rhodes,2017-07-11 Offering a deep look into the moral uncertainty in the contemporary social sciences and American society this book explores an in depth solution This solution as articulated by Pitirim A Sorokin in the 20th century is the theory of Integralism a perspective dating back to Plato Aristotle and Aquinas Sorokin initially applied Integralism by locating and analyzing three dominant super socio cultural systems over 2500 years of Graeco Roman and Western history Each super system was unified by a central philosophical principle based either on materialism the senses or the rational or the supersensory super rational A super system declines when it reaches the limits of its potential to achieve its true reality and value to be replaced by another super system Sorokin described a trendless rotation of the three super socio cultural systems The current dominant super socio cultural system in the West is a materialist version emphasizing science and technology with little thought given to supersensory super rational reality Sorokin asserted contemporary materialist culture was in a state of collapse due to the breakup of its moral values As a consequence he saw a struggle for power occurring between egoistic individuals and groups often resulting in revolutions wars and inter human strife In response to the one sided materialist view of reality the goal of Integralism is to unify all three forms of reality into an integral culture that harmoniously balances materialist and supersensory super rational orientations A solution to the contemporary moral confusion Sorokin argued can be found in the application of supra conscious intuition that would enable a human to know what is eternal in the ordinary and reach the transcendent an experience not accessible to the senses or the rational intellect alone The supra conscious is the source for reaching the supreme moral value creative unselfish altruism which can be shared by all cultures to produce peace and harmony in the world Much Ado about Nothing and the New Awareness W. Reginald Rampone Jr.,Nicholas M. Utzig,2023-12-06 The essays in this volume rethink Much Ado About Nothing from the standpoint of the New Awareness Scholars today are by necessity both the products and the producers of this awareness Moreover the essays in this collection touch upon problems that are germane to the political climate today and similar to the

concerns reflected in this play Three essays discuss epistemology and determining real information from its simulation Other essays concern issues that are central to the MeToo Movement including rape culture and the credibility of women Aside from the immediate textual and historical context other essays address issues of race and gender in adaptations and theatrical productions especially in young adult prose adaptations of the play and in theater s practice of inclusive and race conscious staging

(Hi)Stories of Desire Rajeev Kumaramkandath, Sanjay Srivastava, 2020-02-20 Draws upon multi disciplinary frameworks of analysis to provide an account of the making of sexual cultures in modern India

Ambivalence Hili Razinsky, 2016-12-06 Ambivalence as in practical conflicts moral dilemmas conflicting beliefs and mixed feelings is a central phenomenon of human life Yet ambivalence is incompatible with entrenched philosophical conceptions of personhood judgement and action and is denied or marginalised by thinkers of diverse concerns This book takes a radical new stance bringing the study of core philosophical issues together with that of ambivalence The book proposes new accounts in several areas including subjectivity consciousness rationality and value while elucidating a wide range of phenomena expressive of ambivalence from emotional ambivalence to self deception The book rejects the view that ambivalence makes a person divided showing that our tension fraught attitudes are profoundly unitary Ambivalence is not tantamount to confusion or to paralysis it is always basically rational and often creative active and perceptive as well The book develops themes from Wittgenstein Davidson Sartre and Freud It engages with contemporary debates in Analytic Philosophy in addition to work ranging from Aristotle to Cultural Studies and Empirical Psychology and considers a rich set of examples from daily life and literature

The Ways of Desire Joel Marks, 2018-04-20 This volume marks the coming into its own of a discipline in philosophy theory of desire It presents discussions whose primary focus is on desire with secondary mention of its implications for ethics action emotion mind and so forth

Ethics and Social Concern Anthony Serafini, 2000-05 Buy this book now only at the iUniverse com bookstore Ethics and Social Concern gives undergraduate students an overview of key issues in the three major fields of applied ethics Business Medicine and Mass Media Journalism Anthony Serafini has collected the most poignant essays and articles by some of the most provocative philosophers and writers within these areas of applied ethics Among the critical topics covered are Should AIDS Victims BE Quarantined Multinational Corporations In Vitro Fertilization and Feminist Ethics Whistleblowing The Reporter s Role Blackmailing Integrity in Journalism Confidential Sources The Profit Motive in Medicine To help students see the common underlying ethical themes across these fields of inquiry Serafini has written introductions to each section to ferret out the affinities and connections between the articles

The Cognitive Animal Marc Bekoff, Colin Allen, Gordon M. Burghardt, 2002-06-21 The fifty seven original essays in this book provide a comprehensive overview of the interdisciplinary field of animal cognition The contributors include cognitive ethologists behavioral ecologists experimental and developmental psychologists behaviorists philosophers neuroscientists computer scientists and modelers field biologists and others The diversity of approaches is both philosophical and

methodological with contributors demonstrating various degrees of acceptance or disdain for such terms as consciousness and varying degrees of concern for laboratory experimentation versus naturalistic research In addition to primates particularly the nonhuman great apes the animals discussed include antelopes bees dogs dolphins earthworms fish hyenas parrots prairie dogs rats ravens sea lions snakes spiders and squirrels The topics include but are not limited to definitions of cognition the role of anecdotes in the study of animal cognition anthropomorphism attention perception learning memory thinking consciousness intentionality communication planning play aggression dominance predation recognition assessment of self and others social knowledge empathy conflict resolution reproduction parent young interactions and caregiving ecology evolution kin selection and neuroethology
