2 100 kilometers ready to strike the final blow to the Soviet Union A refitted and up armored panzer strike force with newer more powerful 75 mm main guns and new leadership awaits along the Ukraine for the opening phase of Operation Blau Blue Although not as numerous as the forces that stormed their way into Russia one year before these experienced troops are determined as ever to put an end to a conflict that has gone on too long Even the youngest of privates understands that if the war in the east is to be won it must be concluded with this campaign Hitlers overambitious goal was to sweep the Soviet army off the steppes along the giant bend in the River Don straight through to the River Volga cutting off Stalins main oil supply artery to his northern forces Just as he did the previous year Hitler suddenly alters his attack plans as Operation Blau unfolds He strips much of the needed tank and motorized forces from the Sixth Army and diverts them down into the Caucasus region to seize the critical oil production facilities in places such as Maikop Grozny and Baku With the defeat of Russia almost a certainty combined with his most recent successes in North Africa Hitler assured himself the swift collapse of the Allied armies and capitulation of the West was not long in coming At long last final victory was within his grasp An Operational Level Analysis Of Soviet Armored Formations In The Deliberate Defense In The Battle Of Kursk, 1943 Major Charles L. Take Budapest! Kamen Nevenkin, 2012-07-01 October 1944 Soviet troops launched a powerful attack on Budapest from the south the culmination of a series of military political diplomatic and underground moves undertaken by Hitler Stalin and Churchill since the collapse of the Axis front in the Balkans two months earlier However what had been planned as a bold stroke to knock Hungary out of the war and bring the Red Army as far as Munich quickly became a stalemate The end result was that Stalin's forces failed to reach Bavaria but the dictator was not disappointed Soviet pressure against the German southern flank forced Hitler to transfer a considerable number of his armoured reserves to Hungary and thus largely facilitated Zhukov's drive on to Berlin Here Kamen Nevenkin tells the fascinating story of this Market Garden like operation using a number of never before published German and Russian archival documents including German papers exclusively held in the Russian military archive The text is dynamic easy to read and accompanied by previously unpublished photographs A detailed tactical narrative Nevenkin also uses first person accounts to render a human tale of war to create an ultimately fascinating read **Index of Model Periodicals, 1971-75** Paul Cardwell, 1977
