Between Text And Christianity The Writings In Canonical Interpretation:

Between Text and Community Donn F. Morgan, 2006-12-01 This book represents the best sustained effort to focus on the Writings of the Hebrew Bible as part of the Jewish canon His thesis that the Writings reflect dialogues between various and disparate Jewish communities and the texts of the Torah and the Prophets deserves serious attention and debate He rightly focuses on the needs of those communities and the hermeneutics by which they read Torah and Prophets in order to address those needs

Canon and Biblical Interpretation Zondervan, 2010-10-05 Drawing on a broad array of contributors volume seven of the Scripture and Hermeneutics Series assesses the current state of canonical interpretation and uses that as a starting point for exploring ingredients in theological interpretation of the Bible today Canon and Biblical Interpretation begins with a masterful examination of the canonical approach and the various criticisms that have been leveled against it Additional chapters look at canonical interpretation in relation to different parts of the Bible such as the Pentateuch the Wisdom books the Psalms and the Gospels Articles address such issues as canonical authority and the controversial relationship between canonical interpretation and general hermeneutics A unique chapter explores the relationship between academic exegesis and lectio divina Editors Craig Bartholomew Robin Parry Scott Hahn Christopher Seitz Al Wolters

Text and Interpretation as Categories of Theological Thinking Werner G. Jeanrond, 2005-10-21 The aim of this book is to examine the dimensions of an adequate theological hermeneutics and thus to contribute to the present discussion of theological method One essential concern of theological thinking is the interpretation of texts such as biblical writings creeds dogmas prayers etc This book examines text and interpretation as the two categories of any adequate theory of interpretation In the first chapter a new three dimensional theory of interpretation is developed in critical dialogue with the hermeneutical proposals of Hans Georg Gadamer and Paul Ricoeur The second chapter investigates the concept of text It examines essential features of the textuality of texts and of the process of reading Focusing on the theological methodology of David Tracy the third chapter assesses the hermeneutical character of theology and theology's particular contribution to human understanding The book may be used as a textbook in courses of systematic and philosophical theology because it is written without presupposing any special knowledge of the particular topics discussed It would be most valuable to courses in theological hermeneutics

Between Text and Text Michaela Bauks, Wayne Horowitz, Bernd Hane, 2013-06-19 The intertextuality research of antique texts and their reception in Medieval and modern times is the subject of this volume 1

What is a text and what is an intertext This concerns the various different forms of text and how they present themselves in architecture iconography lexicography the study of lists etc 2 Forms of intertextuality on the relationship between writtenness and oralness how oral texts are objectified during textualisation and become fixed acts of speech K Ehlich how especially antique texts were shaped by the continual interconnectedness of oral and written traditions 3 What is understood in ancient Oriental and antique literature by tradition and transmission To this end the research includes languages historical reality and antique thought structures making clear that the transferral of tradition occurs not only within a close cultural circle but in the exchange with neighbouring cultures over large distances and geographic boundaries 4 On the relationship between intertextuality and canon A number of contributions study this aspect of ongoing historical debate as it often found for culturally definitive and canonised texts a necessary part of their rejuvenation process Contributions by M Bauks A Lange Z Plese Ph Alexandre S Aufrère M Oeming K Davidowicz A Wagner G Selz M F Meyer L Roig Lanzillotta M Dimitrova F Waldman W Horowitz M Risch J van Ruiten L Bormann A Miltenova J Taschner G Brooke G Dorival A Harder and S Alkier

Dictionary of the Old Testament: Prophets G MCCONVILLE, MARK J BODA, 2020-05-21 The writings of the prophets make up over a quarter of the Old Testament But perhaps no other portion of the Old Testament is more misunderstood by readers today For some prophecy conjures up knotted enigmas opaque oracles and terrifying visions of the future For others it raises expectations of a plotted out future to be reconstructed from disparate texts And yet the prophets have imprinted the

language of faith and imagination with some of its most sublime visions of the future nations streaming to Zion a lion lying with a lamb and endlessly fruiting trees on the banks of a flowing river We might view the prophets as stage directors for Israel's unfolding drama of redemption Drawing inspiration from past acts in that drama and invoking fresh words from its divine author these prophets speak a language of sinewed poetry their words and images arresting the ear and detonating in the mind For when Yahweh roars from Zion and thunders from Jerusalem the pastures of the shepherds dry up the crest of Carmel withers and the prophetic word buffets those selling the needy for a pair of sandals The Dictionary of the Old Testament Prophets is the only reference book of its kind Not only does it focus exclusively on the prophetic books it also plumbs their imagery of mountains and wilderness flora and fauna temple and Zion It maps and guides us through topics such as covenant and law exile and deliverance forgiveness and repentance and the Day of the Lord Here the nature of prophecy is searched out in its social historical literary and psychological dimensions as well as its synchronic spread of textual links and associations And the formation of the prophetic books into their canonical collection including the Book of the Twelve is explored and weighed for its significance Then too contemporary approaches such as canonical criticism conversation analysis editorial redaction criticism feminist interpretation literary approaches and rhetorical criticism are summed up and assayed Even the afterlife of these great texts is explored in articles on the history of interpretation as well as on their impact in the New Testament

Gender Justice in Muslim-Christian Readings Anne Hege Grung, 2015-09-29 In recent decades women in the Christian and Islamic traditions have been negotiating what it means to participate in religious practice as a woman within the two traditions and how to interpret canonical scripture This book creates a shared space for Muslim and Christian women with diverse cultural and denominational backgrounds by making meaning of texts from the Bible the Koran and the Hadith It builds on the reading and discussion of the Hagar narratives as well as 1 Timothy 2:8-15 and Sura 4:34 from the New Testament and the Koran respectively by a group of both Christian and Muslim women Interpretative strategies and contextual analyses emerge from the hermeneutical analysis of the women's discussions on the ambiguous contributions of the texts mentioned above to the traditional views on women This book shows how intertextual dialogue between the Christian and Islamic traditions establishes an interpretative community through the encounter of Christian and Muslim readers The negotiation between a search for gender justice and the Christian and Islamic traditions as lived religions is extended into a quest for gender justice through the co-reading of texts In times when gender and the status of women are played into the field of religious identity politics this book shows that bringing female readers together to explore the canonical texts in the two traditions provides new insights about the texts the contexts and the ways in which Muslim-Christian dialogue can provide complex and promising hermeneutical space where important questions can be posed and shared strategies found

The Control of Biblical Meaning George Aichele, 2001-02-01 This provocative book pursues a series of questions associated with canons of the Bible Aichele draws deeply on the insights of poststructuralist literary

theory as he pursues these questions He also engages in close readings of specific biblical and nonbiblical texts to demonstrate ways that canon controls the meanings of its texts

The Psalms Andrew J. Schmutzer, David M. Howard Jr., 2013-10-01 The Psalms Language for All Seasons of the Soul brings together essays from eighteen Old Testament scholars discussing the latest in Psalms scholarship and applying exegetical insights to the life of faith These essays explore the full range of emotion expressed in the Psalms from elation to distress while weaving together observations from biblical scholarship and theology The reader will gain valuable insights into how the Psalms speak to his or her soul The book is divided into five sections that Give an overview of Psalms studies in the 21st century Discuss psalms of praise Explore psalms of lament Look at the big picture of the Psalter as a book Present sermons on the Psalms that are models of evangelical engagement with the text A Select Bibliography for Psalms Study is included at the end of the book **100 Important Questions About the Bible . . . Answered!** Lee Martin McDonald, 2025-08-19 In 100 Important Questions About the Bible Answered Lee Martin McDonald explores some of the most critical issues surrounding the origin development and inspiration of the Jewish and Christian scriptures He examines all the most commonly cited ancient sources essential for piecing together the complex story of the formation of the Bible Relatively short responses give a helpful digest of the issues surrounding these hundred questions Further resources are suggested for readers looking for more detailed information This book with its accessible format will dispel numerous confusions and myths surrounding the formation of the Bible and help readers better understand the gift of scripture Dictionary for Theological Interpretation of the Bible Kevin J. Vanhoozer, 2005-11 This groundbreaking reference tool introduces key names theories and concepts for interpreting Scripture **Canonical Texts: Bearers of Absolute Authority - Bible, Koran, Veda, Tipiaka** Rein Fernhout, 2023-12-28 This book introduces a new approach to the comparative study of sacred texts here the Christian Bible the Islamic Koran the Hindu Veda and the Buddhist Tipiaka The author demonstrates that in spite of their great differences these works show a fundamental analogy Considered as canonical within their own religious context each text possesses absolute authority in comparison with other authoritative texts from their respective religious traditions This fundamental analogy allows one to describe the growth and history of these canons step by step as a process that takes place in analogous phases that are clearly distinguishable The author follows a strictly phenomenological method he tries to understand the development of these canons in terms of a potential that lies within the phenomena themselves i e the texts while refraining in any way from assessing their claim to absolute authority In part I the author describes the development from the revelation of the texts to a climax with respect to reflection on the canons This climax has been reached in all four cases Part II investigates the crisis that these canons are currently undergoing as a consequence of the modern intellectual climate Can we expect that this crisis will be overcome by the canons And if so will they be in a position of mutual exclusion or will they form a sort of unity such as for example the Old and New Testament in the Christian Bible Finally the author traces what the religions

themselves have postulated about the future of their respective canons The result is surprising the current crisis is only faint reflection of what according to age old predictions awaits the canons in the future Fan Fiction and Early Christian Writings Tom de Bruin,2024-05-16 What can contemporary media fandoms like Anne Rice Star Wars Batman or Sherlock Holmes tell us about ancient Christianity Tom de Bruin demonstrates how fandom and fan fiction are both analogous and incongruous with Christian derivative works The often disparaging terms applied to Christian apocrypha and pseudepigrapha such as fakes forgeries or corruptions are not sufficient to capture the production consumption and value of these writings De Bruin reimagines a range of early Christian works as fan practices Exploring these ancient texts in new ways he takes the reader on a journey from the fix it fic endings of the Gospel of Mark to the subversive fan fictions of the Testaments of the Twelve Patriarchs and from the densely populated storyworld of early Christian art to the gatekeeping of Christian orthodoxy Using theory developed in fan studies De Bruin revisits fundamental questions about ancient derivative texts Why where they written How do they interact with more established texts In what ways does the consumption of derivative works influence the reception of existing traditions And how does the community react to these works This book sheds exciting and new light on ancient Christian literary production consumption and transmission *Bible, Interpretation, and Context* Mark Enemali,Ferdinand Okorie,2023-08-14 This book is a collection of essays that contribute to the debate on the contextual interpretation of scripture from an African context The book engages biblical narratives from the lived experiences of Africans insisting that meaning is attained only when people bring their daily experiences into their reading of scripture The contributors examine the interaction of African peoples with the Bible in juxtaposition with the forces of colonialism neocolonialism patriarchy war and bad governance This book gives voice to the lived experiences of African peoples in their quest for full expression of the profundity of their union with God by aiding them to unmask inhumanity and indignity Book Event Bible Interpretation and Context Reading Meaning from an African Perspective
