En particular, tras situar el neoexistencialismo actual en el contexto del existencialismo educativo de mediados del siglo XX y tras precisar su actualidad como respuesta al dominio neoliberal sobre la educación, me centraré en dos modelos: la «subjetivación» y el «aprendizaje existencial»; y mostraré que en última instancia representan dos opciones pedagógicas alternativas. Sin embargo, sostendré que esta diferencia no excluye la posibilidad de que ambos modelos puedan (y quizás deban) desplegarse en los escenarios contemporáneos para contrarrestar la invasión del capital humano en la educación, operando en diferentes dimensiones de

Educational Theory and Jewish Studies in Conversation Harvey Shapiro, 2013 Educational Theory and Jewish Studies in Conversation From Volozhin to Buczacz by Harvey Shapiro PhD brings together two different fields of study modern Jewish studies and contemporary educational theory to provide new theoretical frameworks for their interaction Although Jewish studies and education programs at secular universities have joined denominational and transdenominational institutions of higher learning in adopting a dual or parallel course structure there has been little scholarly attention given to the basis for doing so Shapiro provides alternative theoretical frameworks for the relationship between Jewish studies and educational theory and discusses different ways of developing and articulating these relationships between disciplines Shapiro shows what is at stake when students and faculty think and communicate together across discourses in particular between the fields of education and Jewish studies Presenting an alternative to conventional notions of interdisciplinarity this book's import extends to virtually all relationships between the humanities and professional education when these different discourses illuminate and challenge one another
