behavior how it differed when in or out of sight who provided or undermined forbidden care the differing experiences of men and women how and why gentiles provided aid and most importantly how might the costly obscurity of stealth altruism soon be corrected To date memorialization has emphasized what was done to victims and sidelined what victims tried to do for one another Carers provide an inspiring model and their perilous efforts should be recognized and taught alongside the horrors of the Holocaust Humanity needs such inspiration

This is Home Now Arwen Donahue, 2009-06-26 A look at the lives of nine Jewish Holocaust survivors after their liberation from Nazi concentration camps when they settled in rural Kentucky At the end of World War II many thousands of Jewish Holocaust survivors immigrated to the United States from Europe in search of a new beginning Most settled in major metropolitan areas usually in predominantly Jewish communities where proximity to coreligionists offered a measure of cultural and social support However some survivors settled in smaller cities and rural areas throughout the country including in Kentucky where they encountered an entirely different set of circumstances Although much scholarship has been devoted to Holocaust survivors living in major cities little has been written about them in the context of their experiences elsewhere in America This Is Home Now Kentucky's Holocaust Survivors Speak presents the accounts of Jewish survivors who resettled outside of the usual major metropolitan areas Using excerpts from oral history interviews and documentary portrait photography author Arwen Donahue and photographer Rebecca Gayle Howell tell the fascinating stories of nine of these survivors in a unique work of history and contemporary art The book focuses on the survivors lives after their liberation from Nazi concentration camps illuminating their reasons for settling in Kentucky their initial reactions to American culture and their reflections on integrating into rural American life Praise for This is Home Now Until Donahue and Howell turned their recorders and cameras on these well chosen survivors living in Kentucky no one had taken the time to ask how these solitary transplants made new lives for themselves and their children in rural middle America The stories and images reproduced in this book are both moving and arresting We owe Donahue and Howell a great debt for rescuing them before they disappeared down the trapdoor of historical memory

Ritual as a Missing Link J. David Knottnerus,2016-01-08 Up to now ritual has been under utilised for studying human behaviour This book narrows the gap in our understanding of the social causes and consequences of our actions by focusing on the ritualised behaviours that define much of our daily lives Knottnerus breaks new ground by comprehensively describing structural ritualistic theory He shows how structural reproduction has occurred throughout the world how rituals can be strategically used and how power can influence rituals and how the disruption and reconstitution of ritual is of crucial importance for human beings This book shows that ritual provides a missing link in sociology and helps us better explain the extreme complexity of human action and social reality

Gulag Literature and the Literature of Nazi Camps Leona Toker,2019-08-28 A literary scholar examines survival narratives from Russian and German concentration camps shedding new light on testimony in the face of evil In this illuminating study Leona Toker demonstrates how Holocaust literature and

Gulag literature provide contexts for each other especially how the prominent features of one shed light on the veiled features and methods of the other Toker's analysis concentrates on the narrative qualities of the works as well as how each text documents the writer's experience in a form where fictionalized narrative can double as historical testimony Toker also views these texts against the background of historical information about the Soviet and the Nazi regimes of repression Writers at the center of this work include Varlam Shalamov Primo Levi Elie Wiesel and Ka Tzetnik and others including Aleksandr Solzhenitsyn Evgeniya Ginzburg and Jorge Sempr n illuminate the discussion Toker also provides context for references to potentially obscure historical events and shows how they form new meaning in the text
