Adoption Mystique:

The Adoption Mystique Joanne Wolf Small M.S.W.,2006-11-01 The framework that surrounds adoption laws policies and practices the beliefs myths and attitudes that endow it with enhanced and profound meaning value and mystery are what author Joanne Wolf Small M S W calls the adoption mystique Its power is evident in the disparaging attitudes about adoption and adoptees held by millions of people Important issues remain buried and most of the affected have kept silent It is no wonder that we know so little about adoption and its aftermath The Adoption Mystique outlines the history and background of American adoption culture from a psychosocial or environmental perspective It looks at adoption through a series of essays that explore the hidden but powerful religious social and economic factors that affect society's image of adoption past and present The undercurrent of negative feelings and treatment accorded adoptive families and adoptive status in particular remain much the same despite recent reforms The book not only examines the problem but leads to an effective solution

God's Providence Cee Mystique,2021-04-17 *Tree of Strangers* Barbara Sumner,2020-09-10 I live at the end of a gravel road at the top of a valley consumed by bush My husband is here and my three girls But the bush swallows them up like the road I wrote those words at the kitchen table in 1983 A letter to the mother I'd never met But how do you convey your life in a few sentences when almost every memory is missing Barbara Sumner grew up in a family filled with secrets and lies At twenty three she decided she had to find her mother Remarkable moving beautifully written *Tree of Strangers* is a ripping account of a search for identity in a country governed by adoption laws that deny the rights of the adopted person

Adoption, Identity, and Kinship Katarina Wegar,2008-10-01 Sociologist Katarina Wegar offers a new perspective on adoption and the search debate placing them within a social context She argues that Americans who are embroiled in adoption controversies have failed to understand how much the debate adoption research and the experience of adoption itself are affected by persistent social beliefs that adopted children are different from and somehow inferior to children reared by their biological families Wegar begins by considering the historical and legal development of adoption and of sealed records policies showing how kinship ideology the helping professions and gender issues intersect to frame adoption policies and the ongoing debate Drawing on articles in social work and mental health journals activist newsletters and autobiographies by search activists as well as on popular images of adoption portrayed in talk shows and other media she analyzes the rhetoric to reveal the unconscious biases that exist She concludes with a discussion of ways in which adoption reformers can avoid perpetuating harmful and confining images of those who participate in adoption

Wayne Carp,2014 Adoption activist Jean Paton 1908 2002 fought tirelessly to reform American adoption dedicating her life to overcoming American society s prejudices against adult adoptees and women who give birth out of wedlock From the 1950s until the time of her death Paton wrote widely and passionately about the adoption experience corresponded with policymakers as well as individual adoptees promoted the psychological well being of adoptees and facilitated reunions between adoptees and their birth parents She also led the struggle to re open adoption records creating a national movement that continues to this day While open adoption is often now the rule for adoptions within the United States for those in earlier eras adopted in secrecy the records remain sealed many adoptees live and die without vital information that should be a birthright and birth parents suffer a similar deprivation At this writing only seven of fifty states have open records Kansas and Alaska have never closed theirs E Wayne Carp s masterful biography of Jean Paton brings this neglected civil rights

pioneer and her accomplishments into the light Paton's ceaseless activity created the preconditions for the explosive emergence of the adoption reform movement in the 1970s She founded the Life History Study Center and Orphan Voyage and was also instrumental in forming two of the movement's most vital organizations Concerned United Birthparents and the American Adoption Congress Her unflagging efforts over five decades helped reverse social workers harmful policy and practice concerning adoption and sealed adoption records and change lawmakers enactment of laws prejudicial to adult adoptees and birth mothers struggles that continue to this day Read more about Jean Paton at <http://jeanpaton.com>

Family Matters E. Wayne Carp, 1998 Family Matters cuts through the sealed records changing policies and conflicting agendas that have obscured the history of adoption in America and reveals how the practice and attitudes about it have evolved from colonial days to the present

Adoption and Multiculturalism Jenny Heijun Wills, Tobias Hubinette, Indigo Willing, 2020-09-11 Adoption and Multiculturalism features the voices of international scholars reflecting transnational and transracial adoption and its relationship to notions of multiculturalism The essays trouble common understandings about who is being adopted who is adopting and where these acts are taking place challenging in fascinating ways the tidy master narrative of saviorhood and the concept of a monolithic Western receiving nation Too often the presumption is that the adoptive and receiving country is one that celebrates racial and ethnic diversity thus making it superior to the conservative and insular places from which adoptees arrive The volume's contributors subvert the often simplistic ways that multiculturalism is linked to transnational and transracial adoption and reveal how troubling multiculturalism in fact can be The contributors represent a wide range of disciplines cultures and connections in relation to the adoption constellation bringing perspectives from Europe including Scandinavia Canada the United States and Australia The book brings together the various methodologies of literary criticism history anthropology sociology and cultural theory to demonstrate the multifarious and robust ways that adoption and multiculturalism might be studied and considered Edited by three transnational and transracial adoptees Adoption and Multiculturalism Europe the Americas and the Pacific offers bold new scholarship that revises popular notions of transracial and transnational adoption as practice and phenomenon

Women Deacons and Deaconesses Charles W. Deweese, 2005 Divided opinion on the topic of this book has caused controversy in Baptist history and life Most Baptist individuals and churches have strongly opposed women deacons Some Baptist associations have even disfellowshipped churches that have approved women deacons And women in general have been suppressed by many recent actions of the Southern Baptist Convention thereby affecting women deacons However thousands of Baptist churches include women in their deacon bodies and find that they make invaluable contributions The book presents arguments on both sides of the topic but lands squarely in support of women deacons
