the mother of a teenager and interaction with her friends helped her realise that teenagers need guidance in certain aspects Schools churches and religious institutions try helping them with direction but teenagers need frequent reminders especially when they are in their late teens 16 to 19 years when they deal with several new emotions realisations and get a taste of much awaited freedom as they venture out to college Most parents want their children to have the best At the same time they worry about a lot of things such as choice of friends atmosphere style changes and loss of interest in studies As parents we understand our children s needs but convincing them of the whys and the whats is a big task Teenage The Base of Adulthood is a simple guide for parents and teenagers It defines their roles and offers practical help to both

Using Literature to Help Troubled Teenagers Cope with Identity Issues Jeffrey S.

Kaplan,1999-11-30 The search for one s identity is an ancient quest reflected throughout history in stories where human glory and conquest are often layered with great pain and self doubt meant to help people discover themselves and who they are Today this quest is found prevalently in young adult novels where characters wrestle with modern dilemmas in order to find themselves This reference resource provides a link for teachers media specialists parents and other adults to those novels and how to use them effectively Educators and therapists explore the literature where common identity issues are addressed in ways intriguing to teens Using fictional characters these experts provide guidance on how to encourage adolescents to cope while improving their reading and writing skills Twelve novels are examined from both a literary and psychological perspective allowing the readers to meet the central figures as if they were living human beings Each chapter is written by a literature specialist who has teamed up with a therapist and confronts a different identity issue examining such dilemmas as body image the father son relationship bigotry and peer relations This pair of experts tries to define the central character s struggle in each novel to discover who they are and to become self actualized individuals Each chapter also provides an annotated bibliography of other works both fiction and nonfiction that explore these same issues to give readers not only the insight into helping teenagers with similar problems but also the tools with which to get teenagers reading and addressing these problems This innovative approach is meant to provide the opportunity for adults and adolescents to better understand each other
