Arguing With God A Christian Examination Of The Problem Of Evil:

Arguing with God Hugh Silvester, 1971 **God, Passion and Power** Mark-Robin Hoogland, 2003 The reality of suffering in today's world in our personal lives is for many especially Western Christians an obstacle for entering into a relationship of faith with the One who bears the name Almighty Touched by this crisis the author inquires whether the theology of Thomas Aquinas 1224-1274 can help us find a way out In this book some distance is taken from the crisis itself in order to take a closer look at our faith regarding Christ's sufferings and how God almighty is related to these *mysterium* For what is more obvious for a Christian thinking about suffering and God's relation to it to start with the consideration of the sufferings of Christ and how God is related to them Questions like Did and/or does God suffer too How are we to understand God is love 1 Jn 4:8-16 in view of this and What do Christians actually mean by the word almighty are dealt with Thomas' questions and associations may often not be ours And yet it turns out that his approach opens up new or rather almost forgotten and therefore to us surprising and hopeful perspectives Mark Robin Hoogland C.P. 1969 is a Passionist priest At the time of preparation for this dissertation he lived and worked in the Passionist Inner City Mission at East End London U.K. and he was active in youth work there and in The Hague the Netherlands While he was a research fellow at the Catholic Theological University KTU at Utrecht he also worked for three years at Mesos Medical Centre at Utrecht as a hospital chaplain and after that in several parishes where for a shorter or longer time no priest was available At present he is preparing a study on Thomas Aquinas regarding God and human suffering in the context of *Staus* International a Passionist Institute **Problems of Evil and the Power of God** Professor James A Keller, 2013-05-28 Why do bad things happen even to good people If there is a God why aren't God's existence and God's will for humans more apparent And if God really does miracles for some people why not for others This book examines these three problems of evil suffering divine hiddenness and unfairness if miracles happen as believers claim to explore how different ideas of God's power relate to the problem of evil Keller argues that as long as God is believed to be all powerful there are no adequate answers to these problems nor is it enough for theists simply to claim that human ignorance makes these problems insoluble Arguing that there are no good grounds for the belief that God is all powerful Keller instead defends the understanding of God and God's power found in process theism and shows how it makes possible an adequate solution to the problems of evil while providing a concept of God that is religiously adequate *Christian Faith and the Problem of Evil* Peter Van Inwagen, 2004 Gathers some of the most meaningful recent reflections on the problem of evil *Reasoning about God* Harry J Gensler, 2022-08-11 Reasoning about God is an introduction to philosophy of religion meeting college students where they are with their own doubts and questions Each chapter begins with a passage from a fictional student who raises intellectual problems against God which is followed by the author's informed and easy to understand analysis This debate structure allows student readers to clearly see the clash of ideas gets them involved in the issues and encourages their critical thinking

since students are pushed to find flaws in the ideas It emulates the structure the author followed successfully in his *Ethics A Contemporary Introduction* which is now in its third edition and has been translated five times into other languages This structure works well in philosophy of religion even better than in does in ethics Key Features of Reasoning about God Written clearly and concisely making difficult issues easy to understand Makes a strong case for belief in God based on various factors including arguments about fine tuning Kalam and near death experiences as well as approaches that are more instinctual or emotional A major theme of the book is There are many paths to God Includes material on both traditional topics of philosophy of religion like the problem of evil and other related topics of interest like whether religion is harmful life after death the variety of world religions and the meaning of life Explores how science connects to God s existence arguing that recent science is friendlier toward religion than older science Written by a Christian author whose defense of belief in God works with other theistic traditions as well like Islam and Judaism

God Under Fire Zondervan, 2009-12-15 God Never Changes Or does he God has been getting a makeover of late a reinvention that has incited debate and troubled scholars and laypeople alike Modern theological sectors as diverse as radical feminism and the new open theism movement are attacking the classical Christian view of God and vigorously promoting their own images of Divinity *God Under Fire* refutes the claim that major attributes of the God of historic Christianity are false and outdated This book responds to some increasingly popular alternate theologies and the ways in which they cast classical Christian theism in a negative light Featuring an impressive cast of world class biblical scholars philosophers and apologists *God Under Fire* begins by addressing the question Should the God of Historic Christianity Be Replaced From there it explores issues as old as time and as new as the inquest into the openness of God How for instance does God risk relate emotive and change Does he do these things and if so why These and other questions are investigated with clarity bringing serious scholarship into popular reach Above all this collection of essays focuses on the nature of God as presented in the Scriptures and as Christians have believed for centuries *God Under Fire* builds a solid and appealing case for the God of classical Christian theism who in recent years as through the centuries has been the God under fire

Arguing the Apocalypse Stephen D. O'Leary, 1998 Armageddon and a map of millennial consciousness

Theodicy Barry L. Whitney, 1998

Plantinga's 'Warranted Christian Belief' Dieter Schönecker, 2015-10-16 Alvin Plantinga s *Warranted Christian Belief* has very quickly become one of the most influential books in philosophy of religion In this collection of essays German philosophers theologians and a mathematician deal critically with several aspects of Plantinga s seminal work In a long essay Plantinga answers to these critics

The God Biographers Larry Witham, 2010-07-01 *The God Biographers* presents a sweeping narrative of the Western image of God since antiquity following the theme of how the old biography of God has been challenged by a new biography in the twenty first century The new biography has made its case in free will theism process thought evolutionary doctrines relational theology and open theism a story of people ideas and events that is brought up to the present in this engaging

narrative Readers will meet the God biographers in the old and new camps On the one side are Job Augustine Boethius Anselm Aquinas and Calvin On the other side is a group that includes the early Unitarian and Wesleyan thinkers the process thinkers Alfred North Whitehead Pierre Teilhard de Chardin and Charles Hartshorne and finally a new breed of evangelical philosophers This story looks closely at the cultural and scientific context of each age and how these shaped the images of God In the twenty first century that image is being shaped by new human experiences and the findings of science Today the debate between the old biographers and the new is playing out in the forums of modern theology courtrooms and social movements Larry Witham tells that panoramic story in an engaging narrative for specialists and general readers alike

The Evils of Theodicy Terrence W. Tilley,2000-03-07 Worldviews and Christian Education W. Shipton, E. Coetzee & R. Takeuchi,2014-04 In Worldviews and Christian Education editors W A Shipton E Coetzee and R Takeuchi have brought together works by experts in cross cultural religious education The authors and editors have a wealth of personal experience in presenting the gospel to individuals with various worldviews that differ greatly from those held by Christians who take the Bible as authoritative They focus on the beliefs and issues associated with witnessing to seekers for truth coming from backgrounds as diverse as animism Buddhism Confucianism Hinduism Islam Marxism Taoism and postmodernism Back Cover A Conversation between a Muslim and a Christian Peter Barnes,Mohamad Younes,2023-07-13 There are many books which set out the case for Islam or for Christianity and point out what they regard as defects in the other religion This book does that but it seeks to do so in the form of a workbook which groups of Christians or Muslims might use and it is conducted in a spirit where truth is paramount but so too is kindness and civility The two authors have become friends and hope that this can be detected in the exchanges As the major doctrines of each religion are dealt with we are conscious that these doctrines are important and need to be examined rigorously and charitably We hope we have succeeded to some degree at least Philosophy of Religion Norman L. Geisler,Winfried Corduan,2003-01-15 Is there any basis in reality for a religious experience Is there any basis in reason for belief in God Is it even possible to speak meaningfully of a transcendent being And how does one account for evil The authors answer these questions representing the four most important issues in the philosophy of religion in a comprehensive way and from the perspective of classical theism They support this position with in depth argumentation taking into account both classical and contemporary writers With its well outlined text Philosophy of Religion is user friendly An introduction chapter summaries a glossary indexes and bibliography contribute to this end In this second edition the authors have not only updated the text and bibliography but also refined some of the arguments scaled down and evened out the vocabulary and added several pedagogical aids The first edition written by Norman L Geisler alone appeared in 1974 Confronting Confucian Understandings of the Christian Doctrine of Salvation Paulos Zhanzhu Huang,2009 A complete exploration is the first systematic analysis ever comparing the central religious doctrinal aspects of Christianity with those in Confucianism Huang s work carefully covers the whole history of the Confucian

Christian tradition and ends up with genuinely new insights He elaborates on the idea of transcendence in the Confucian tradition in a manner which enables an interpretation of the Christian means of salvation His explanation of transcendence and its connection with the means of salvation is new and unique offering a clue to the special understanding of salvation germane to the specifically Chinese intellectual history Huang's book is a must for anyone interested in the Sino-Western cultural encounter

A Rational Faith Joshua Sijuwade, 2025-03-27 A comprehensive analysis of Richard Swinburne's intellectual journey and philosophical work *A Rational Faith* explores the legacy of one of the most influential and rigorous philosophical defenders of theism Across Swinburne's written career he has displayed a deep commitment to demonstrating the intellectual credibility of the Christian faith facing modern scientific and philosophical challenges and the materialistic worldview of modern intellectualism Analysing his life and work through in-depth accessible explanations of key issues and their context Joshua Sijuwade brings together collected criticism of Swinburne's work and explores possible counter arguments alongside a foreword by Richard Swinburne himself Suitable for any reader interested in Swinburne's philosophy first approach or those intrigued by a philosophical defence of the Christian faith *A Rational Faith* reveals Swinburne's life and work as a witness to his belief that belief in the central tenets of the Christian faith is rational

Philosophy and the Christian Worldview David Werther, Mark D. Linville, 2012-02-02 *Philosophy and the Christian Worldview* is a collection of new essays written by fifteen philosophers of religion Bringing together some of the leading lights in current academic philosophy of religion including William Hasker Charles Taliaferro and Keith Yandell it offers a fresh perspective on four major areas of discussion Religion and Epistemology Religion and Morality Religion and Metaphysics and Religion and Worldview Assessment United by the argument that the core claims of religion have metaphysical epistemic and moral entailments these essays represent a state of the art discussion in contemporary philosophy of religion

The Case Against Theism Raphael Lataster, 2018-06-14 This monograph offers a critique of arguments for the existence of a specifically Christian God advanced by prominent scholar William Lane Craig The discussion incorporates philosophical mathematical scientific historical and sociological approaches The author does not seek to criticize religion in general or Christianity specifically Rather he examines the modern and relatively sophisticated evidential case for Christian theism Scholars have been arguing for theism or naturalism for centuries and there seems little to add to the discussion especially from the theistic side However to assume that either theism or naturalism obtains is a false dichotomy There are alternatives to both that merit consideration Employing a probabilistic approach the author advances this discussion His work uniquely utilizes not only naturalistic hypotheses to argue against theism It also presents supernaturalistic hypotheses This leaves no question that theism is almost certainly false even if some form of divine reality exists This project seeks not to argue that Christianity or any other faith or religion is undesirable but only to critically examine evidentialist claims posited by Christianity's learned apologists In fact a major secondary aim is to consider alternative god conceptions such as polytheism

and pantheism This work aims to highlight that Christian theism is often granted special privileges by theistic philosophers of religion which seems doubly inappropriate when certain alternative god conceptions may even prove to be more plausible

Covenantal Apologetics K. Scott Oliphint, 2022-01-14 Practical Effective Guidance for Sharing the Christian Faith with Unbelievers Based on Biblical Principles Defending the faith can be daunting and a well reasoned and biblically grounded apologetic is essential for the challenge Following in the footsteps of groundbreaking apologist Cornelius Van Til Scott Oliphint presents us with an introduction to Reformed apologetics as he sets forth the principles behind a distinctly covenantal approach This book clearly explains the theological foundations of covenantal apologetics and illustrates its application in real world conversations with unbelievers helping Christians to boldly knowledgeably and winsomely proclaim the gospel Equips Christians to Share Their Faith Includes practical examples of apologetic conversations with unbelievers Written by a Respected Apologist K Scott Oliphint coedited Christian Apologetics Past and Present a two volume overview of apologetics throughout church history Theologically Rich Defends presuppositionalism and covenantal apologetics while offering the most practical application Hartshorne, Process Philosophy, and Theology Robert Kane, Stephen H. Phillips, 1989-01-01 This book provides an introduction to Hartshorne s contributions to contemporary philosophy and theology It also covers some of the current controversies in philosophy and theology that Hartshorne s contributions have generated The opening chapter is a lucid and penetrating introduction to Hartshorne s thought Some of the following chapters break new ground on issues that have concerned Hartshorne throughout his career the nature and methods of metaphysics the existence and nature of God and the place of religion and metaphysics in the modern world Many chapters survey the current state of controversies on those topics Other chapters relate Hartshorne s work to other traditions and to trends in contemporary philosophy to postmodernism classical Western theism Indian philosophy analytical philosophy and American pragmatism
