Wilson,2013-02-07 When Alexandria Grace Groaban was a child she learned she was very different from other children and adults she encountered She saw and heard things that no child should ever bear witness to She knew details of things and people long since passed and she could hear voices and repeat them in whatever language she heard during the scenes which played out before her young and impressionable eyes Through an encounter with someone she thought to be her guardian angel Alexandria was given a reprieve so that she might know some normalcy in her childhood But at the age of twenty one Alexandria returned home to her family's small estate outside Oxford England for Christmas and learned the hard way that her grace period was about to come to an abrupt and vicious end Now whether for better or worse she will find herself on the edge of a great precipice One that will call her into action and into a world that she could never have fathomed existed For Alexandria to know who and what she truly is she will have to rise to the challenge of a battle that has been waged for millennia by beings first spoken of in Genesis and embrace that which has lay dormant within her since she was a child **GETTING OVER HIM** Catherine Edward,2024-03-04 Falling in love for the first time should be the most amazing feeling in the world For me it was the exact opposite See the guy I fell in love with turned out to be a cheat The best part the real doozy He cheated on me with my very own twin sister The entire debacle left me with enough wounds and knives in my back to last me a lifetime I was convinced I'd never fall in love again Ever Until I ran into my past Orlando was my first crush My friend But he's not the Orlando I remember He's changed Now he's the silent brooding type The type I should avoid while nursing a broken heart I know I shouldn't risk it I know I should keep my distance But here's the thing I can't **One Night with the Sheik** Elizabeth Lennox,2018-03-16 Arianna had to find her father He'd disappeared in the desert country of Triar which is where she started her search Unfortunately some unfinished business with the Sheik of Triar slowed her investigation Rhys Sabad del Isolm Sheik of Triar discovered that the lovely Arianna Callas was back in his country The last time he'd seen the gorgeous stubborn woman was almost a year ago and their ending had been unsatisfying Time to change that ending Except that Arianna isn't ready to re-visit the past In fact she'd like to avoid discussing the past and had absolutely no intention of any sort of relationship in the future Unfortunately Rhys had the resources that could expedite her father's rescue She'd have to play nice for a while and keep the man at arm's distance That was her intention at least Rhys wasn't really the kind of man who allowed distance And as they investigated her father's disappearance together Arianna wondered if she really wanted that distance **Tilli's Story** Lorna Collier,Tilli Schulze,2005 I think about what I want and

what makes me happy But orderly and quietly to myself Because my thoughts tear down fortresses and walls My thoughts are free German folk song author unknown The beautiful safe joyful places in young Tilli s imagination were her only refuge from the bombing that tore through the sky above her during World War II Her thoughts were her only freedom from Hitler s Nazi tyranny and they were her strength to survive after the war ended when Russians invaded her tiny farming village in eastern Germany forced her into months of hiding in a dark attic crawlspace and took her innocence her childhood and nearly her life Tilli s dreams of a time when she could think and act freely and travel work write worship and live however she wished were what fueled the sixteen year old to courageously and single handedly escape the terror of Stalin s harsh Communist rule and create her own happy ending in a free America This true tale of sorrow and terror hope and triumph is Tilli s story but it s also the story of the unthinkable suffering and untold bravery of countless innocent children who have lived through a war and its aftermath A great piece of individual history from a woman who had some remarkable experiences Through this story readers will come to appreciate more deeply ordinary citizens experience of wartime and political upheaval as well as the enormity of the decision to leave one s country and start a new life thousands of miles away

Making the Right Choice Asha L. Abeyasekera, 2021-03-12 Making the Right Choice unravels the entangled relationship between marriage morality and the desire for modernity as it plays out in the context of middle class status concerns and aspirations for upward social mobility within the Sinhala Buddhist community in urban Sri Lanka By focusing on individual life histories spanning three generations the book illuminates how narratives about a gendered self and narratives about modernity are mutually constituted and

intrinsically tied to notions of agency The book uncovers how becoming modern in urban Sri Lanka rather than causing inter generational conflict is a collective aspiration realized through the efforts of bringing up educated and independent women capable of making right choices The consequence of this collective investment is a feminist conundrum agency does not denote the right to choose but the duty to make the right choice hence agency is experienced not as a sense of freedom but rather as a burden of responsibility
